CELEBRATES 131ST BIRTHDAY IN AUTO

LEXINGTON, Ky., Sept. 22.—John Shell, said to be the oldest living man in the United States today, celebrated the 131st anniversary of his birth here. The aged mountaineer celebrated his birthday by taking his first automobile ride. He told friends that this is the first birthday on which he did not work and said he was anxious to get back to his farm, on which, he said, there is a mortgage. Shell told newspapermen that he does not expect to live to see another birthday. "I am getting old," he said. He came from Leslie county to attend a fair.

who was alleged to have "stolen" the young woman from her husband, later forcing her into an immoral career. The police claim Beale Clarke admitted visiting the rooms of Burns early on the morning of September 15 and killing him; that she later denied the alleged confession, claiming Burns stabbed himself with a butcher knife. Police court records show that Burns had been frequently in court on charges of beating the Clarke woman.

BRAVERY WINS CROSS

BALTIMORE, Md., Sept. 22.—The Rev. Mercer Johnston has been awarded the war cross for conspicuous bravery displayed at Verdun. Mr. Johnston was outspokenly anti-pacifist during the time America's duty was under controversy. He was formerly pastor of fashionable Newark Trinity church, but resigned, declaring "I will not run a church like a grocery store."

WOMAN HELD FOR MURDER

Butte, Mont., Sept. 22.—(United Press)—Beale Clarke, 299, is in jail here, awaiting trial on the charge of having murdered Grover C. Burns.

MORE MONEY IS IN CIRCULATION NOW IN ENGLAND'S VILLAGES

More money than ever before is now in circulation in English villages and its easy expenditure is apparent even to the casual passerby. Extra wages earned by workmen, housewives and farm laborers have brought about an astonishing social change. One evidence of this is seen in the great increase in bicycles and motorcycles, which has necessitated the establishment of countless garages and repair shops other clubs are springing up everywhere. What clubs are favorites and the rostiness of the prizes for which the members play would, a few years ago, have constituted almost a scandal. The sense of well being and the demand for a more comfortable life is assigned as the cause for this last development. It is

taken by sociologists as a permanent thing which is more likely to increase than to diminish. Mrs. H. Hamblin is a guest of Mr. and Mrs. C. E. Redfield at the Indian agency. Mrs. Hamblin's home is in Iowa, but she has been visiting in California and Oregon.
