two events. This little cowgirl not only piloted her relay string to victory over the three days, but outrode the other cowgirl buckers and was decreed the champion by the Judges. The time in the relay race was 11:40 for the three days. Spider was the horse on which she rode to victory.

### Fred Beeson High Man.

Fred Beeson, of Arkansas City, was high man in the steer roping event and he took the title on a time of 47 2-5 seconds. There was fast time all the way in this event and Beeson had to work in a hurry to win the title from the field.

Close to \$30,000

Estimates placed the audience Saturday at close to 30,000 persons, the greatest throng ever assembled in Round-Up park. Every seat in grandstand, bleachers and the new bleachers was filled and virtually every inch of standing room was occupied. Not only in numbers but in cheering ability the crowd had any previous one surpassed.

### He Comes Up Smiling

One of the amazing events of the Round-Up occurred when a mule in the stage coach race was run over but not injured in the least.

Although champions were made and hundreds of thrills furnished by the hundreds of performers at the Round-Up, to visitors one of the most lasting and vivid impressions was furnished by the great procession of cowboys, cowgirls and Indians. Led by Old Glory in the hands of Jinks Taylor, this long procession, coming in the middle of a great program of events, never failed to inspire.

### Grand March is Spectacular

Most impressive of all was the display made by the 500 and more Indians as they rode by the stands on their ponies. The artistry of their women in the design of their clothing, the display of fine furs, valuable elk's teeth, bear's claws and the evident good taste of design and combination were subjects of favorable comment from thousands. The Indians made lasting imprints on the memory of those unacquainted with America's first families.

### No Serious Accident

No serious accident marred this

year's Round-Up. A few cowboys sustained minor injuries but there were no broken bones for permanent injuries. Slim Allen, with a wrench-ed hip, was doubtless the most unfortunate of the bunch. Eddie McCarty threw his arm out of place in the steer roping event but will not be kept out of harness long. Charles Johnson dislocated his shoulder when thrown from Wild Boy but after being carried off the field on a stretcher, reappeared to watch the finish of the day's events. None of the squaws in the squaw race was thrown, an unusual record.

Except for the opening day, when one or two Chinese restaurants were discovered in the act of overcharging, no complaint was heard of the manner in which Pendleton played host. The Round-Up association looked out for thousands and not until Saturday was it unable to furnish further accommodations. Only the numerous trains which carried hundreds out Saturday night prevented large numbers from walking the streets at night.

### STEEL STRIKE IS ON

(Continued from page 1.)

nounced it would tolerate no disorder. The league's membership is secret. Trouble is freely forecasted for tonight when those working leave for their home.

### Threatens Building Trades

ST. PAUL, Sept. 22.—The steel strike, if continued, may tie up structural and building trades, according to union leaders who say they will handle "scab" material.

### First Disorder Reported

PITTSBURG, Sept. 22.—The first disorder in the steel strike was reported today when a street fight occurred in Clayton where a crowd of strikers or sympathizers attacked mounted police patrolling the streets. Mike Sodik, alleged leader of the crowd, was severely beaten when he attempted to pull a trooper from his horse. Several shots were fired, but no one was hurt. Nineteen arrests were made and order was restored.

### In Sympathy

CLEVELAND, Sept. 22.—Many union switchmen employed on lines serving steel plants struck in sympathy with steel workers today. Other union switchmen pledged themselves not to handle materials to or from the plants. The seamen's union is awaiting word from Chicago to call a strike on lake ore freighters.

### Strike Within Strike

Buffalo, Sept. 22.—There was a strike within a strike at the Lackawanna Steel Company's plant here today. Colored cooks, and helpers, hired to feed working men while the strike is on, demanded increased pay. This was refused any they struck.

### Asks Investigation

WASHINGTON, Sept. 22.—Investigation of the steel strike is proposed in a resolution which Senator Kenyon introduced today. The resolution directs the senate committee of education and labor to ascertain the reasons for the strike and whether any federal action can or should be taken to meet the situation.

### STRENGTH FOR YOUNG MOTHERS

How Lydia E. Pinkham's Vegetable Compound Restores Health and Strength.

Lansing, Mich.—"After the birth of my child I was not able to stand on my feet. I was so weak I could not get up. I suffered such pains in my back I could not work or hardly take care of my baby. One of my neighbors recommended Lydia E. Pinkham's Vegetable Compound. I took it and used Lydia E. Pinkham's Sanative Wash, and I got better right away and was soon a new woman and could work hard, and I can recommend these remedies to other young mothers who are weak and ailing as I was."—Mrs. ORA O. BOWERS, 621 S. Hosmer Street, Lansing, Mich.

Women who are in Mrs. Bowers' condition should not continue to suffer from weakness and pain—but profit from her experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience is at your service.

### System in Dentistry Reduces the Cost

By DR. PARKER  
 Founder and Executive Head of the E. R. Parker System

THINGS done by system cost less than things done piecemeal.

The reason you can send a letter across the continent for 2 cents is because of system in the postoffice.

By employing the E. R. Parker System, Registered Dentists do dental work that is good, dependable, satisfactory and moderate in price.

It is a System founded upon every new advancement in the profession and upon the combined skill of several dentists working together.

Prices under the Parker System are based upon the cost of materials and the time consumed in doing the work, to which is added a fair profit.

The prices are often smaller than you expect, because the System plan saves much time, and the saving made is shared with the patient.

Examinations are made without charge. Why not find out what your teeth need and how little the price will be for having the necessary work done?
