

CICOTTE THROUGH AWAY GAME TO REDS, 2-0

MORAN'S MEN PUT OUT CHICAGO AND HAVE TWO GAME LEAD OVER RIVAL

TODAY'S SCORE

At Chicago—	1	2	3	4	5	6	7	8	9	R. H. E.
Cincinnati	0	0	0	0	2	0	0	0	0	2 5 2
Chicago	0	0	0	0	0	0	0	0	0	0 3 2

Batteries: Ring and Wingo; Cicotte and Schalk.

CHICAGO, Oct. 4.—Eddie Cicotte today closed the door to the hall of fame in his own face, whereupon Jimmy Ring, by a magnificent feat of pitching, delivered the fourth game of the world series to the Reds 2 to 0.

Cicotte accomplished his own downfall, his two errors in the fifth being directly responsible for the only runs of the game. In the second, with the bases full, he passed up an opportunity to deliver the hit and put the game on ice. He tried valiantly but Rath saved the day by a sterling stop of Cicotte's vigorous grass cutter toward right field. His throw beat Cicotte to the bag by a half step. Ring killed for ever his title of a jinx pitcher. The young right hander hurled a beautiful game, almost as good as Kerr's yesterday. He allowed only three hits and one of these was Jackson's very lucky double in the second. Rousch played Jackson's offering in miserable fashion, totally misjudging the ball, which should have been a neasy out.

THE LINEUP.

OCTOBER 31 WILL SEE FINAL STRETCHES OF PORTLAND-PENDLETON ROAD UNDER CONSTRUCTION

Before October 31, every mile of the Columbia River and Old Oregon Trail highways, connecting Portland and Pendleton, will be completed or under construction, Highway Commissioner W. L. Thompson said today. This will be accomplished by the letting of contracts on the sections between Mosier and The Dalles and between Seufert's and the Deschutes bridge on the Columbia River Highway.

At present, paving is laid from Portland to the Hood River county line and crews are now laying hard surface from Cascade Locks to Hood River. The section from Mosier to The Dalles is ready for eight miles of paving, while six miles are to be advertised for grading.

Obtaining necessary waivers from the war department along the Celilo canal has held up work on the Seufert's-Deschutes bridge stretch. Last month remaining portions of the road across Sherman and Gilliam counties were contracted for and Umatilla county has completed its portion of the Columbia River Highway from Morrow county line to Umatilla.

Several contracts are to be let at the October meeting of the commission Tuesday on The Dalles-California

EFFORT TO END BRITISH STRIKE TOTAL FAILURE, SETTLEMENT FAR OFF

Government Proposal of Ten Days' Truce With Return of Men Rejected and Transport Workers are Unsuccessful.

BY ED L. KEEN
(United Press Staff Correspondent.)
LONDON, Oct. 4.—Any possibility of bringing the British railway strike to an early end seems almost hopeless today, following the collapse of yesterday's efforts to effect an agreement. The government's proposal of a ten days' truce, during which the railway men were to return to work pending further negotiations was rejected and simultaneously all efforts of the Transport Workers Federation to provide a basis of agreement between the strikers and government ended in a complete failure. The ministry of labor this morning posted notices urgently requesting 2000 volunteers to offer their services as bus drivers.

PRECEDENT IS BROKEN BY NEW AMBASSADOR

NEW YORK, Oct. 4.—Brand Whitlock, former minister to Belgium, assumed the rank of Ambassador to that country late Friday when he presented his credentials to King Albert at the Waldorf-Astoria. This was the first time in history, it is believed, that a rising sovereign has received a foreign diplomat's credentials on the latter's own soil. Whitlock is the first American ambassador to Belgium.

BELGIAN RULERS DECIDE TO VISIT WEST INCOGNITO

Arrangements for Tour of United States Before October 14 Cancelled Because of President's Illness.

TO REMAIN QUIETLY AT SOME CALIFORNIA POINT

King Albert and Count D'Oultemont, Members of Party, Fly Over New York Today, Sight Declared Wonderful.

NEW YORK, Oct. 4.—King Albert, accompanied by Count D'Oultemont, a member of his party, flew over New York this morning in a naval plane, spending an hour in the air.

"It was a fine trip, the sight was wonderful," the king said.

Escorted by two secret service men the king left the hotel proceeding to Eighty-sixth street where he boarded the plane at the bank of the Hudson river.

The king cancelled arrangements for his tour of the United States due to President Wilson's illness.

The program for the entertainment of the Belgian royal party in Boston tomorrow and Buffalo Monday will remain unchanged but from the latter city the king and queen and prince will go direct to the Pacific coast, traveling incognito. They will remain quietly at some California point until October 14 when they will go to San Francisco to resume the tour if the president's condition is sufficiently improved in the meantime.

SUPPORT OF MILEAGE CLAUSE ASKED IN WIRE

Pendleton's support of the long and short haul clause of the general railroad bill about to come up for a vote in congress, is asked by the Spokane Chamber of Commerce in a wire received today. The Pendleton Commercial Association likely will support the measure. Secretary C. K. Cranston said today.

Spokane has for years been carrying on a fight to obtain a rate from the east based on mileage, instead of territorial groupings. At present coast cities enjoy the same rate as the Inland Empire points. If the contention now up in congress carries, freight rates like passenger fares, will be based on mileage.

TWELVE AMERICAN WARSHIPS ARRIVE TODAY AT DALMATIAN COAST CITY SAYS DISPATCH

BASEL, Oct. 4.—Twelve American warships arrived today at Salito, Dalmatia, according to a dispatch from Ljubach.

The American naval forces in the Adriatic were last reported to include two cruisers and a number of destroyers.

GROH'S GIELDING HAS BEEN A FEATURE

MAYOR BAKER WILL NOT INTRODUCE MAN TO STRIKE LEAGUE

PORTLAND, Oct. 4.—Mayor Baker today refused to introduce Senator Johnson when he speaks here against the league of nations.

INDIANS INTERVIEWED FOR COMPETENCY AND CITIZENSHIP IN 1920

Nez Perce Heirs Living on Umatilla Reservation May Soon be Citizens; Others to Handle Own Affairs.

Heirs of the Nez Perce tribe now living on the Umatilla Indian reservation have recently been interviewed by two commissioners from the Indian service with regard to competency. Those who are found competent to handle their own affairs are subject to full citizenship in 1920.

There are a number of the Nez Perce Indians on this reservation who are entitled to allotments on the Nez Perce reservation. If they are found competent and will return to their own land, they are in line for citizenship next year.

The competence commission also investigated cases of Indians of the Umatilla, Cayuse and Walla Walla tribes. Those found competent may handle their own financial affairs and lease their lands without the close supervision of the Indian agent given those incompetent. This is the first visit of a competence commission to the Umatilla reservation in 22 months.

ILLNESS PUTS DECISION UPON SENATE LEADERS

WASHINGTON, Oct. 4.—President Wilson's illness is expected to put upon his lieutenants in the senate the responsibility of deciding how much to accept in the way of reservations to the treaty.

Senator Hitchcock has steadfastly declined, in discussing reservations to commit himself in the slightest degree as to how far he will be willing to concede. President Wilson's illness will have no further effect upon the treaty than compelling Senator Hitchcock and Swanson to make the decision mentioned. Former President Taft's latest draft of the reservation on Article 10 is in the hands of the senators. They said it differs a little from the McComber reservation, which Wilson denounced in his Salt Lake speech.

PRESIDENT, TIRED AND WORN, JUST BEFORE HIS PHYSICIAN HALTED TOUR

This unusual photograph of President Wilson was made in San Francisco. It was remarked at the time that he looked very much fatigued. Then came the news that he had cancelled the remainder of his speech-making tour in support of the league of nations. He did this under orders from Admiral Cary T. Grayson, his personal physician.

SILVER CLOUDS OF HOPE LINE SKIES ABOVE SOX AS RED JINX SEEMS BROKEN

CHICAGO, Oct. 4.—Silver clouds of hope lined the skies over the stronghold of the Sox today. The battered eyes of the Gleason family, brought back close to a normal condition by the soothing balm of the first victory, saw a chance to even the score with Moran dope shatters this afternoon.

Crestfallen faces that had the tragedy of Cincinnati written over them on their arrival yesterday, brightened with hope that the tide was turned and the jinx broken. Pat Moran and his relatives were no crepe, however. The cocky spirit inspired by their flying start has not warped under the defeat.

CONSPIRACY DECLARED ELEMENT OF WALKOUT

WASHINGTON, Oct. 4.—Non-striking steel workers were heard by the senate investigating committee today, to declare that the walkout of the city, Pa., was forgers and declared the strikers beat up city and county policemen.

PHEASANT SEASON TO OPEN HERE TOMORROW

Open season on Chinese pheasants, known by the scientific name of torquatus, will start tomorrow morning in Umatilla, Union, Baker, Grant and Malheur counties and close one week from Sunday evening, giving eight days of shooting. The bag limit is five birds in any one day and 10 in any seven consecutive days.

Not more than two females may be shot in any seven consecutive days. Violations of the law are punishable by fine, the minimum \$25 and the maximum \$500.

Owing to a slight error on the part of the legislators, a person who kills five birds tomorrow, and five during the week, might again kill five next Sunday and be within the law. The limit set by law is 10 birds for any seven consecutive days so that by such manipulation 15 might be taken.

SCHOOLS TO OBSERVE FIRE PREVENTION DAY COAST PENNANT YET WITHOUT AN OWNER

Plans for observance of Fire Prevention Day in the city schools next Thursday, October 2, are now being made through cooperation of the Parent-Teacher associations of the city. Fire Chief W. E. Ringold and City School Superintendent E. F. Austin. The day is being nationally observed.

No definite program has been rapped out for the observance but short talks on fire prevention and a fire drill are suggested. The movement is sponsored by all the insurance underwriters in the country and is not only observed in schools but is expected to be the inspiration for a clean up of inflammable materials in homes.

TODAY EXPECTED TO NET \$500 FOR KIDDIES

Pendleton people are willing to be bribed for the Albert Kerr home of Portland, and today the Saturday crowd wears "Ben-Brick-Buy-a-Brick" tags purchased from Pendleton girls. As high as \$5 has been paid for a single tag and the sales at 2:30 p. m. today had reached \$200, with the expectation that the sales would reach \$500. The sale will continue this evening.

Find Brothers and Sayres have donated \$10 in merchandise to the girl who raises the largest sum for tags and competition is keen for the prize.

FINAL TREATY VOTE PREDICTED BY NOV. 1

WASHINGTON, Oct. 4.—Final vote on the treaty November 1 was predicted by Senator Watson today. He declared the Shantung amendment probably will be voted upon next week and the Johnson amendment giving the United States equal voting power with Britain the following week.

PRESIDENT HAS A GOOD REST AND SEEMS BETTER

Dr. Grayson's Bulletin This Morning States Wilson's Condition is More Favorable; White House Cheerful.

TEMPERATURE GOOD, NOT TEMPER, LAUGHS PATIENT

Fact That President Throughout Illness Has Not Been Concerned About Himself Believed Boon to Recovery.

WASHINGTON, Oct. 4.—Dr. Grayson announced this afternoon that the president's condition continues favorable.

WASHINGTON, Oct. 4.—President Wilson's condition this afternoon is unchanged, it is learned at the white house, a consultation of physicians broke up at the white house shortly after 1 and it was stated that all agreed with Dr. Grayson that the president is improving. Dr. Grayson is keeping him in bed.

The Bulgarian and Spanish ministers and the Peruvian charge d'affaires called at the white house to inquire about the president. Scores of telegrams were received today expressing hope for his early recovery.

WASHINGTON, Oct. 4.—"President Wilson had a good night's rest, and his condition is more favorable," it was stated in a bulletin Dr. Grayson issued at 10:45 today. The issuance of Dr. Grayson's statement today was delayed by a long conference of physicians.

"There was an air of more cheerfulness at the white house this morning. The president slept quite late and awoke feeling much refreshed. He is reported to appear cheerful and untroubled, and throughout his illness he has not been concerned about himself, a fact which physicians believe will hasten his recovery."

Wilson, upon awakening chatted with those who were there and laughed, according to white house attachees, when Dr. Grayson was taking the president's temperature this morning he remarked: "Your temperature is normal."

"Yes, my temperature's normal but my temper won't be if you keep me in this bed much longer," Wilson replied with a smile.

Joseph R. Wilson, the president's brother is unable to remain here, but is keeping in close touch with the white house by telephone. Mrs. Wilson was in the sick room at an early hour today. She rarely leaves her husband's side. Two trainees are assisting Dr. Grayson, who has been showing evidence of worry since the president halted his speaking tour seemed more cheerful today than he has been for some time.

REV. ALFRED LOCKWOOD AT HEAD OF CAMPAIGN

Rev. Alfred Lockwood was today appointed to take active charge of the collection of clothes in Pendleton for Armenian relief, by J. J. Handaker of Portland, state chairman for the campaign. The drive in this city has been under the general management of the Ministerial Association of Pendleton.

The place of collection for the clothing is in the basement of the Christian church and Pendleton people are urged to make their donations immediately as the shipment from this city must be made before October 19. The door in the basement is left open so that there will be no difficulty in leaving contributions. So far about a wagon load of clothes have been given.

Word from Mr. Handaker to Rev. Lockwood says that the suffering in Armenia is unabated and that thousands of Armenians are in dire need of clothing. He states further that it has been impossible for the orphanages to accommodate all the Armenians who apply.

Will Take Down Service Flag.

A patriotic service is planned for tomorrow night at the Church of the Redeemer when the church service flag will be taken down. Parents of the young men represented on the flag and members of the American Legion are being asked to join with the service men for the ceremony. One of the stars in the flag is for Bishop Robert L. Paddock of the Episcopal Diocese of Eastern Oregon, who served in France with the Y. M. C. A. None of the stars in the flag are gold.

THE WEATHER FORECAST
