CHILDREN'S COATS AND DRESSES FOR FALL WEAR

Most of these charming coats are miniature reproductions of women's fall coats and dresses—very beautiful and very practical. Of course, women's styles have not been followed absolutely—they have been changed just enough to make them most appropriate for the little folks. There are also many original models created specially for misses' and children. Certainly there are styles aplenty for even the most fastidious mother.

Velvet and Serge Dresses for Children

A new shipment of children's hats, velvets, beavers and felts in all the new shapes for fall. We also offer a fine assortment of children's furs.

HERE ARE FOUR GOOD REASONS WHY. Besides the hundreds of other good reasons why you should be a regular patron of the Bargain Basement here are four of the reasons selected at random.

COACH CONTEMPLATES CHANGES IN LINEUP

"Changes in the line up are due," says Earl E. Fleischman, coach of the Pendleton high school football squad. "Hard practice will be held every night this week, with special emphasis on end runs and the forward pass. The first two games showed the weak points in the work of the team and these will be remedied at once. Next Saturday when they go up against Milton high school they will be better prepared than ever before to put up a winning fight, if all goes well this week."

Milton is reported to have beat Walla Walla's second team recently so the coming contest promises to develop into a stiff fight. The students of the local school are doing all in their power to encourage the boys, thereby adding to their chances of victory. Several good live pep meetings are scheduled for this week.

BRITISH PARLIAMENT STARTS BUSY SESSION

LONDON, Oct. 28.—Parliament re-assembled Tuesday after a two months' vacation, and the opposing parties lined up for a strenuous fall session. Questioners were busy early and the occupants of the government "Front Bench" had a lively time at the hands of members who were chiefly interested in the result of the government's "economy campaign," the North Russian war and Premier Lloyd George's Irish trade and labor policies.

The Irish question was on the list for an early government statement. Lloyd George having promised a new home rule bill this session, and in any event some action must be taken soon, otherwise the 1914 bill becomes a law six months after the conclusion of peace. Definite action with reference to the coal industry is also imperative, and a fresh statement on the cabinets trade policy is due.

National expenditure questions were expected to bring Chancellor of the Exchequer Austen Chamberlain into the limelight, members being uneasy over unofficial reports that the much-vaunted government economies had

only resulted in an annual saving of from \$75,000,000 to \$125,000,000, which on a daily expenditure of \$10,000,000 in excess of revenue was held to be inadequate. Speaker J. W. Lowther took the chair in the house of commons at 2:45 p. m.

WALKOUT AND BOYCOTT CALLED IN TENNESSEE

KNOXVILLE, Tenn., Oct. 28.—The central labor council labor council today called a walkout of all crafts except railway employees, and city firemen, and police in sympathy with striking street car workers, effective Friday. The action is supplemented by a decision to boycott the Knoxville railway, and light company, both daily newspapers, and an ice cream company of which Nathan Kuhlman, commissioner of public safety, is head.

CHICAGO TRAINMEN READY TO WALK OUT

CHICAGO, Oct. 28.—Chicago members of the Brotherhood of railway trainmen have placed their wage demands in the hands of their national officers who are empowered to call a

Home Druggists and Doctors Take and Recommend Number 40 for the Blood

Mr. Theodore Gerke of The Gerke Drug Co., states: "A year or so ago my wife came into the drug store and said she was going to take a blood medicine. She looked over the kinds we had on the shelf and decided to try Number 40. After taking it a while she gave it to our son and one day I was complaining of that tired feeling and she said, 'I will dose you on 40,' and she did, and it helped me so much that I have been recommending it to my customers and buy in gross lots." With scarcely an exception, druggists in Evansville and this vicinity unanimously endorse and recommend Number 40. An old and very successful physician remarked to me a short time ago on the street, "I am taking Number 40. It will prolong a man's life." Made by J. C. Mendenhall, 40 years a druggist, Evansville, Ind.

strike if it is deemed necessary. They claimed to day that other locals thru-out the country are ready to take similar action.

TWO MORE AGREE TO AID R. C. ROLL CALL

Two more acceptances to serve as community chairmen for the Red Cross Roll Call drive were received today by County Chairman C. K. Cranston, Mrs. J. E. Richards, Ferndale, and Mrs. Robert McEwen of Milton, both accepted and promised to do their best in the coming drive. So far four women have accepted, while one has declined.

Materials and instructions are arriving daily and Mr. Cranston is organizing the work as rapidly as possible. The drive opens next Sunday and continues for 19 days. The Red Cross motion pictures which were sent here were shown in local theatres Sunday and Monday through the courtesy of the Pendleton Amusement Co. A call has come for

the films from other towns and they have been sent on to spread the message of the coming drive.

BELIEVE JAPAN WILL SEND NO MORE TROOPS

TOKYO, Oct. 28.—The newspaper, Yomiuri Shimbun says the diplomatic council is of the opinion that Japan will not be called on to dispatch more troops to Siberia. It is thought, however, that Japan is willing to supply arms, and war stores for the maintenance of peace in Siberia. Japan may be expected to take necessary steps towards the ratification of the peace treaty very soon, the newspaper said.

CANTON, O., Oct. 28.—Quiet reigns in the steel district here today.

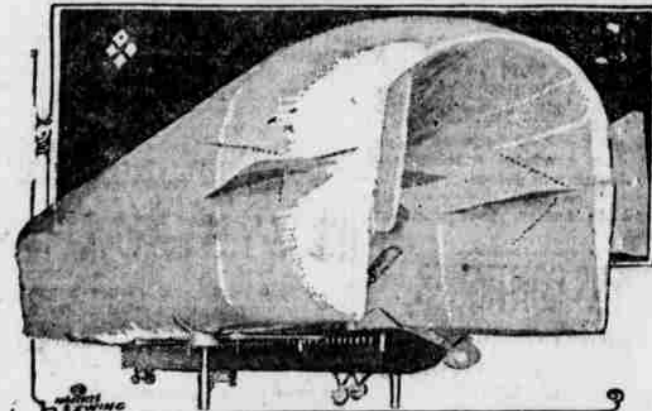

Knowledge that several companies of national guard are mobilized and prepared for instant call at Akron, 25 miles away, checked the spirits of hundreds of strikers who have engaged in sporadic rioting around the United Alloy Steel Plant in the last few days. Police reported a brawl last night in which a policeman was shot.

EVANGELINE BOOTH'S REWARD

NEW YORK—For the great work she performed in the war Commander Evangeline Booth of the Salvation Army was decorated with the Distinguished Service Medal at the Lexington Theater. Maj. Gen. David E. Shanks pinned on the medal.

ODD CRUISER OF THE AIR

ST. LOUIS—Thomas M. Finley has invented an "aerocruiser" which he says will be capable of traveling 100 miles an hour and will carry 70 tons. The ship is dirigible, shaped like an inverted letter "u". The first machine to be built will be 550 feet long, 110 feet wide and 90 feet high. There will be four 700-horsepower engines.

Will Your Motor Truck Be An Orphan

There are thousands of truck orphans left on the hands of their owners. These makers have gone out of business. It is reported that of 552 companies organized since 1909, 331 no longer exist. Half of the remaining are less than two years old, 223 lasted but a year.

Of what use is a truck if parts are no longer available. The purchaser of a White Truck backs his investment in it with the strength of the White Company with its years of successful experience, with its thousands of trained employees, with its tens of thousands of trucks in active service, with its millions of capital, and a service organization nation-wide, which has no parallel in the industry.
