

THINK THESE GERMANS LIKE "RUBBERNECK" RIDE?

LONDON.—And on your right you see the tower of London, where the Kaiser will be confined.—Oh, yes, these German war prisoners are seeing the sights of Linnon town, such is the kindness of the British to their prisoners before they send them home.

FIVE NATIONS JOIN IN BUSINESS CONFERENCE

ATLANTIC CITY, N. J., Oct. 29.—(United Press.)—Business men of five nations are meeting this week, bringing together in an international conference representatives of the

representatives of the United States Chamber of Commerce. Delegates from France, Belgium, England and Italy comprised the foreign guests.

mayor of Palermo, Italy; M. Va de Yvère, Belgian minister of state; E. Van der Vel president of the Louvain University; Pellorin de la Touche, president of the Compagnie Generale Transatlantique; Jean Clement, representing the French Minister of Commerce; Marshall Stevens, member of the British parliament, and Saule J. Rour, Glasgow, chairman of the National Light Castings association.

See How We Make These Famous Snow Flakes

Visit our big modern bakeries where millions of Snow Flakes are made every day. See the epic and open interior. Note the wonderful mixing machines and the huge brick ovens. After you've seen them baked you'll know why they're so good. Your grocer can supply you.

Don't ask for Crackers—say Snow Flakes

THE toughening of the rubber by the Prodiium Process makes Republic Tires last longer.

It makes the fabric stand up better; it makes the Staggard Studs immune from chips and cuts that cause so much premature destruction of tire life.

Republic Tires are better tires to buy because of their bigger economy and service.

Simpson Tire Service Co. L. A. Menton, Mgr. 223 E. Court St.

BUTTE BRIDE DECAMPS WITH GROOM'S VALUABLES

PORTLAND, Oct. 29.—Mrs. Estelle De Shell, wife of a prominent Butte, Mont., architect, went on trial here on a charge of polygamy.

Mrs. De Shell is alleged to have married Anthony Dolecki here last March under the name of Mrs. E. M. Overman. Dolecki claims his bride decamped the day following the ceremony with \$250 of his money, \$200 in thrift stamps, \$500 in military stocks and considerable jewelry which, he claims, the woman secured at Portland stores and charged to his account.

Dolecki alleges he married the Butte woman following a correspondence of six months which resulted from his reading the following ad in a newspaper:

"Butte, Mont. I am an all-around business woman; make \$175 monthly; have 17,000; am 34 years old; height 5 feet, 5 inches; weight 162; auburn hair, gray eyes, fair complexion; play piano and mandolin; widow by death; no children; very fond of home; wish to correspond with sober gentleman, not necessarily wealthy as I have more than enough to live on, so will only marry for love and companionship."

THE LATEST OUTRAGE

The latest Mexican outrage against citizens of the United States was committed far from the border where so many others have occurred. The kidnaping of William O. Jenkins, U. S. consular agent at Puebla, and holding him for \$150,000 ransom, was done by three masked bandits. Puebla is hundreds of miles south of the border and very near Mexico City.

Doctors Fall

"Terrible case of Eczema—contracted when a mere boy—fought disease for ten years, with half dozen specialists, but all were in terrible condition. After a nervous wreck. It took just a bottle of D. D. D. to clear up the disease."

This is the late testimony of a prominent newspaper man. We have seen so many of sufferers relieved by this marvelous lotion, we freely offer you a bottle on our personal guarantee. Try it today. 50c, 60c and \$1.

A quantity of rum known to be 140 years old was sold in 1865 for \$15 a bottle.

More than 130 varieties of the mango are cultivated in India, where it is a food staple.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a glass occasionally to keep the kidneys clean and active.

PLEA IN INTEREST OF AL MEADORS IS MADE BY ATTORNEY

SALEM, Oct. 29.—Attorney James Mott of Astoria called on Governor Ocott Monday in the interest of Al Meadors, whose parole has been revoked because of alleged fabrication of his monthly reports.

Meadors was recently brought back to Oregon from St. Joseph, Mo., where he was arrested on a charge of complicity in the robbery of the Kallunki store at Astoria. A confession by Frank Wagener, arrested at the same time, is said to have exonerated Meadors from all blame in connection with the robbery.

**THE FRANKLIN CAR**  
A CAR WHICH COMBINES FINENESS WITH EXCEPTIONAL ROADABILITY

The ease with which Franklin owners cover distance with apparent disregard for travel conditions is no longer a source of wonder to those driving other cars.

Where heavy, rigid cars must slow down to round turns or take badly rutted stretches, a Franklin Car keeps on at a steady, rapid gait. And because it maintains unbroken speed without tendency to skid or veer, it takes you farthest in a day with least strain.

Franklin flexibility and light weight give constant contact of tires and road, ease shock, and allow confident, comfortable driving all the time. Direct Air Cooling (no water to boil or freeze) makes heat, cold, or hard pulls negligible to Franklin drivers.

The Franklin Car disproves the need of heavy weight for road holding by the number of heavy cars it passes. And while doing so, proves that a capable fine car can be economical by giving—

20 miles to the gallon of gasoline  
12,500 miles to the set of tires  
50% slower yearly depreciation

Let us demonstrate the ability of the Franklin Car for you over roads which would tax any other fine car with which you are familiar.
