CHEVROLET

Business is increasing each and every month. They get more out of gas to the gallon, operate more economically and are proving more satisfactory than any light car on the market. Wholesale houses, Corporations, laundries, meat markets, etc., are displacing other machines for Chevrolets every day and are not backward in saying that they have increased the efficiency of their service and cutting operating expenses.

be of little value. It is authoritatively reported that the California grower who first tried sulphur for smut has gone back to the successful use of bluestone-lime treatment because he found his crop growing smuttier each season under the sulphur treatment.

Sunflowers Prove Fine Silage Crop.
ELLENBURG, Nov. 5.—That the use of sunflowers as silage feed for cattle in the Kittitas valley is beyond experimental stage and is an established and profitable fact, is the statement of farm bureau members who watched the experiments conducted this year at the R. L. Rutter farm near Ellensburg and the Hartweg ranch at People point. With no irrigation and with but two cultivations, Mr. Rutter raised an average of 12 tons of sunflowers to the acre, while under exactly similar conditions he raised but six tons of corn. Mr. Rutter's sunflower silage yielded an average of 15 tons to the acre.

Sunflower silage is just as palatable and valuable as cattle food as corn silage, in the opinion of the experimenters. Mr. Rutter, who is now feeding sunflower silage, alfalfa and grain mixture in getting fine results, he declares. He says his cows are doing well and milk is richer in proteins and buttes fats, although less in carbohydrates.

The sunflower crop is not affected by frosts which kill corn, and farm bureau men here believe the flowers will be used more and more as ensilage.

Hogs Are Steady Cows Go Lower.

There was a fairly good run for the second day of the week at North Portland with the trend of the general trade about steady and little price change was shown.

General hog market range:
Prime mixed \$14.25 @ 14.75
Medium Mixed 12.25 @ 14.25
Rough heavies 12.25 @ 12.75
Pigs 12.50 @ 13.50

While showing no change except perhaps a fractional loss in the better class of cows and heifers, the cattle market at North Portland was dull for the Tuesday trade. There was a fair run in the cattle alley and killers were slow about taking hold. Best cows and heifers were reduced to \$8.25.

General cattle range:
Best steers \$ 9.00 @ 10.50
Good to choice steers .. 9.00 @ 9.50

Eases Colds

'At once! Relief with "Pape's Cold Compound"

The first dose eases your cold! Don't stay stuffed-up! Quit blowing and sniffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.
Relief awaits you! Open your clogged up nostrils and the air passages of your head; stop nose running; relieve the headache, dullness, feverishness, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without narcotics. Tastes nice. Contains no quinine. Insist on Pape's!

Sulphur Cure for Smut Falls, Says Pathologist.
Oregon grain growers are being misled by a California sulphur concern which advocates mixing sulfur with the seed for smut prevention, says H. P. Bares, plant pathologist of the Oregon experiment station. Inquiry shows that experimental tests with this method in California prove it to

WOMEN AT WORK

During the war, millions of women have been at work in vocations into which they have never before been called.—in Munition Factories, Chemical Works, Metal Works, Street Railways, and as Ambulance Drivers, Barbers, and Elevator Girls. Undoubtedly thousands of others have longed to serve in this way, but because of female ailments, which had fastened upon them, were not able to do so. Women in this condition should give Lydia E. Pinkham's Vegetable Compound a trial and find health and strength, as thousands of others have so done.

Grip, Influenza

Hamil's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and sniff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "Flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.
