SPokane Service Men FACE WINTER JOBLESS

SPokane, Nov. 6.—Between 350 and 400 ex-service men in Spokane are facing the winter without jobs.

The Red Cross is caring for the families of 127 ex-service men in Spokane, who are unable to support them on the salaries they are getting or because they are unable to work.

More than 22 per cent of the ex-service men placed in positions in Spokane since their return are getting from \$65 to \$90 a month, and are capable of filling positions in which a fair remuneration would be from \$125 to \$170.

These startling facts were brought out at a special meeting of the executive committee of the American Legion today.
