PETITIONS OUT TO ADOPT LIGHT SAVING PLAN IN HARRISBURG

HARRISBURG, Pa., Nov. 6.—Petitions asking the city council to pass an ordinance adopting a daylight savings plan for the city of Harrisburg are in circulation in cigar stores, factories and other places where bodies of people gather.

To date, no council action has been taken. Mayor Daniel Kleiser, however, has publicly announced his approval of the plan.

Factory workers are said to be unanimously in favor of the proposed ordinance. Nothing other than a proposal has been made, no date for commencement or difference in time to be asked being mentioned by backers of the movement.

"FAIR AND WARMER" COMING TOMORROW

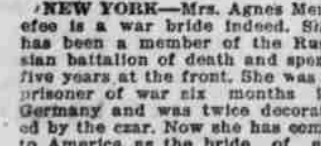

Castle & Call by special arrangement with Selwyn and Company have played "Fair and Warmer" the Avery Hopwood, farce, which comes to the Oregon theatre tomorrow night on tour at the end of the farce's two seasons run at the Eltinge and Harris theatres, New York, in response to an enormous demand for it from all parts of the country.

"Fair and Warmer" had an extraordinary distinction of having been advertised by its audiences alone, for the entire Broadway run. But these audiences did not merely advertise it in New York. They carried the good news back home that "Fair and Warmer" could lead the forlornest hope against melancholy that was ever devised by mortal and could still carry the day for laughter, and Chicago supported New York's verdict by the six month capacity engagement at the Cort Theatre.

Additional reasons for the great clamor for "Fair and Warmer" was Avery Hopwood's "Seven Days" and "Nobody's Widow" had been seen everywhere and riotously appreciated, and the Selwyn & Company had established their reputations for picking winners with "Within the Law", "Under Covers", "Twin Beds" etc. The combination was one to pin faith to.

"Fair and Warmer" is simon-pure farce, in which the author takes the kind of material he knows best how to handle and puts it through all its paces. Two admirable young people, one a too-perfect husband and one a domestic and sweetly innocent young wife, find that their respective marriage partners have been leading lives more gay than creditable, while the domestic members of the family stayed weekly at home. To retaliate the spright pair decide on some wickedness of their own. Having no practice in lesser crime, they greatly overdo it and find that instead of revengeing themselves, they have merely let themselves in for infinitely more than their original troubles.

Nothing more amusing than the scene in which the inexperienced party mix drinks and drink them in order to be able to stay up all night has never been turned loose from the theatre Mr. Hopwood's pen.

FIGHTER WAS YANK

 NEW YORK—Mrs. Agnes Menefee is a war bride indeed. She has been a member of the Russian battalion of death and spent five years at the front. She was a prisoner of war six months in Germany and was twice decorated by the czar. Now she has come to America as the bride of an American artillery officer, Harry C. Menefee, Covington, Ky.

HITCHCOCK SUDDENLY MOVES FOR DECISION

WASHINGTON, Nov. 6.—Democratic Leader Hitchcock this afternoon unexpectedly moved for a vote on the treaty without qualifications. He objected, saying the motion was out of order.

Hitchcock's motion was to make the treaty from the committee as a whole and report it to the senate proper. It marked the most dramatic moment in the entire treaty fight. Senators rushed in from the cloak rooms, and house members rushed to the senate side and galleries began filling.

Jones' objections killed the motion for a direct vote.

The senate then began consideration of the reservations, first taking up the preamble requiring the assent of three allied powers to the reservations.

Lodge offered the foreign relations committee's reservations to the senate, saying he would ask that they be voted on individually.

Vice-president Marshall overruled Underwood's point of order against this procedure, and Marshall supported Lodge's contention that the reservations should be acted on first, leaving the senators free to vote for the amendments in case they were dissatisfied with the reservations adopted.

able turn out and march. Each person is asked to carry a flag and show the men who were not at home a year ago how they felt when the glad news came.

All business houses are asked to decorate their windows and exteriors in keeping with the spirit of the day. Everyone will be requested to turn out prepared to march and probably to sing a few of the songs the boys featured.

Parade, music, community singing, plenty of flags and a genuine spirit of joy is the aim of the committee, which consists of H. J. Warner, Dr. D. B. Hill and P. W. Dayton.

STOMACH CANNOT HOLD ENOUGH FOR ONE GOOD DRUNK IS CONTENTION

ST LOUIS, Nov. 6.—Six authorities on alcohol and its effect, after tests on men and women, regular drinkers, occasional drinkers and total abstainers, have found:

Two cups of Coffee have as much "kick" as 21 pints of one half of one percent beer.

A stomachful of 2.75 is only enough for one quarter of one drink.

Twenty-one and a half quarts is necessary for intoxication, but the human stomach will hold only one seventh of that quantity.

Affidavits of authorities were filed in the federal court here today in support of the St. Louis brewers application to restrain enforcement of the Volstead prohibition law.
