Come to Battery Headquarters

Just because some garage man says, "I'll fix it and it'll be good as new," don't trust your battery to an amateur.

Come to battery headquarters where we have the *equipment* to really test your battery and the *knowledge* of what it needs.

Only a careful hydrometer reading can show if a battery needs charging. Only the proper instruments can give it a discharge test showing that it is *properly* recharged. It costs a little more to make repairs in the right way, but a thorough job is always worth while.

"Are You a Mason"

Frank never sprung that old gag about "being detained at the office."

He told Friend Wife that he was spending his nights learning the rites of Free Masonry.

The day of reckoning came for Frank though. His father-in-law, who was a "Grand Master Mason," showed up.

You're wrong! It wasn't Frank's day of reckoning. But it was some day. Come to see it.

"Hello, Skinny! Come over." Don't fail to see the new Briggs' Comedies, same as the cartoons in the newspapers.

TO CIRCULATE PETITIONS FOR DOWNING CIGARETTES

OREGON CITY, Nov. 8.—Petitions or signatures to the anti-cigarette bill will soon be in circulation throughout Oregon, according to D. E. Frost, of this city, author of the measure.

Frost says that 10,000 signatures will insure the bill a place on the ballot at the next election, and predicts that the necessary names will be accrued within a short period.

The initiator of the measure, which would banish cigarettes from the state of Oregon, states that a petition will be placed with every church in the state, one with every W. C. T. U. organization and one in each grange.

THEN WIFE BECAME TEMPESTOUS AND HE'S KEPT ALWAYS IN FEAR

TACOMA, Wash., Nov. 8.—(By United Press)—Anel R. Long wants a divorce because Blanche, formerly his loving wife, keeps him in a "constant state of fear."

The Longs were married in Kansas eight years ago and lived happily until a year ago when, according to the husband's complaint, his wife became tempestuous and started on a career of hurling all manner of things at him, from saucers to frying pans. Once, he claims, Blanche knocked him for a goal with an Indian club. Besides, it is alleged, she called him vile names, and threatened to poison him.
