Stout men—you're not hard-to-fit

There's no reason why a man should be ashamed of being a little stout; but it's a good reason for being rather particular about the fit of his clothes.

The slender lines of the new models are not exactly the thing for such figures; special models are designed for them; we have these models.

Hart Schaffner & Marx

produce a size, and a correct shape for every figure; we can fit any man.

Suits and overcoats; all wool fabrics; lively style, correct tailoring. We like to show them.
