

### GERMAN MONARCHISTS LAUD OLD MILITARIST

By CARL D. GROAT  
(United Press Staff Correspondent.)  
BERLIN, Nov. 21.—The final judgment of history will show that the revolution was only the "key-stone of Germany's military collapse," General Von Hindenburg told the Reichstag committee which is investigating the war. Lack of cooperation and the weakness and failure of political leaders as well as lack of support in his demand for obedience were the real causes of the disintegration of German land and naval forces the former field marshal declared.

He insisted that operations were doomed before the revolution. He said it only put the finishing touches on Germany's collapse.

The monarchists and pan-Germans staged a great demonstration, when Hindenburg and Ludendorff reached the Reichstag building. More than 2000 gathered there despite a blinding snowstorm.

"Hoch Hindenburg, Hoch Ludendorff," the crowd shouted. Then the group started singing "Deutschland Uber Alles," soon the whole crowd was singing. The imperial colors appeared everywhere and many men bared their heads in honor of their old chief, Von Hindenburg.

Another demonstration was made when Hindenburg and Ludendorff left the Reichstag building. The monarchists again started "Hoch Hindenburg," but the anti-monarchists had gathered and drowned them out with a counter demonstration, singing the Marseillaise and shouting, "Hindenburg, the slaughterer."

### HAS LICENSE TO WED FARMER, HE'S TOO SLOW SO SHE GETS ANOTHER

SAN FRANCISCO, Nov. 21.—Eighteen year old Eleanor Babroff, obtained a license to wed a farmer this week. She decided yesterday he was "too slow" so she got another license to marry a shipyard worker.

LONDON—"Hiawatha," a remarkable trained chimpanzee motors about London as fearlessly and expertly as a human being.

### Yes; S. S. S. Is Purely Vegetable Nature's Safe Blood Treatment

On the Market Half a Century. When you are in perfect health, and are enjoying a strong and vigorous vitality, it is then that your blood is free from all impurities. You should be very careful and give heed to the slightest indication of impure blood. A sluggish circulation is often indicated by an impaired appetite, a feeling of lassitude and a general weakening of the system. It is then that you should promptly take a few bottles of S. S. S. It will aid in cleansing the blood and build up and strengthen the whole system. S. S. S. is sold by all druggists. Valuable information about the blood supply can be had free by writing to the Swift Specific Co., 50 Swift Laboratory, A. S. Ga.

### Hot Tamales

The Tamales made at the Jolly Inn (not on the coast) are made with chicken (Pendleton has no sea birds). They are made fresh every day, the real Spanish way.

We serve them or put them up to take home.

### FRANKLIN

The Experienced Motorist Deliberately Chooses the Franklin Sedan for Every-Day-in-the-Year Motoring—AND WHY?

WHEN seeking a car that you intend to keep on the road twelve months of the year, hold these facts before you:

The Franklin Sedan owner is an experienced motorist. He has had intimate knowledge of other fine cars. And based on that knowledge, he deliberately chooses the Franklin Sedan for all-year use.

The reasons he tells us for this choice, are the reasons back of every sale we make of a Franklin Sedan:

It is lighter and more resilient than the average fine touring car. These features make it practical for all kinds of touring anywhere—and at any time.

Takes Roads as They Come

Its scientific light weight (every experienced motorist knows Franklin scientific light weight) goes over rough roads with the ease, the freedom from shock and strain, that protects you and the car; makes hills with the same ability as a touring car; and gives you a speed, for the

day's run, that won't make you apologize for your car. Touring Comfort Above the Ordinary

In summer, for instance, when touring is regarded as a pleasure in a touring car, it actually is a pleasure in the Franklin Sedan. You feel as fresh and cool at the end of the tour as at the start. The dust and dirt, the sun glare and sunburn, the rain and the storm are outside your car.

The V-front, with four adjustable sections, lets in what you want, and shuts out what you don't want—just like ventilating your own home.

If you are anxious to learn about a new touring comfort, come to our show rooms and examine this car.

### Thin, Nervous People Need Bitro-Phosphate

Weak, thin people—men or women—are nearly always nervous wreckers; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best things for the nervous is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve-builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

CAUTION—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so, that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing foods.

### HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pain in her right side; at times she was so bad she could not do any work." For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. W. D. Wells, 225 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, headache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

### BALKY AUTO CAUSE OF INTERNATIONAL TANGLE

ESZABADKA, Slavonia, Nov. 21.—When a wheezing little automobile of American make, driven by a Serbian soldier, broke down a country road four miles from here, it started an international tangle which rolled up until it had the diplomats of four countries worried.

Here are some of the things that began to happen: "Three hundred cars of French merchandise bound for Roumania piled up on the four switches of the railroad yards here and congested things until not a wheel could move. A Red Cross supply train of thirty cars, bound for Bucharest, came up behind the French trains and completed the tie-up of communications. Ten Americans were marooned for nine days on board the Red Cross train. Send Special Train Roumanian merchants who were relying on the prompt delivery of the French goods sent a special train from Bucharest to investigate the delay. Eszabadka, an important town on the frontier between Hungary and Serbia, was cut off from all communication with the outside world. The Serbian soldier who was the innocent cause of all this trouble was driving his car merrily northward one day when the starting gear went wrong. He stopped, found the cause of the difficulty and decided that he needed a piece of stout wire to repair the damage. He reached up to the long hanging, single-wire telegraph line and cut off a generous section. Having fixed his car he drove blithely on. The wire gave out presently, and he renewed it, twice, thrice, four or five times, from the telegraph line beside the road. Meanwhile the trains of French merchandise had begun arriving at Eszabadka. Officials framed the proper sort of telegram, and it was duly countersigned and presented to the operator. He reported that the wire was "not working." So the frontier officials decided to wait until it began to work. Congestion Grows They waited two days, while more and more trains drew into the congested yards. Eszabadka was cut off from wire communication. Mails go only once a week, and then only if trains are running. The telegraph officials finally decided to send out a line-repairing party. The party returned after another day's delay with the announcement that so many breaks had been found that their supply of spare wire had given out. Meanwhile congestion in the yards increased and the appeals from the French conveyors, the American conveyors and the Roumanian merchants, became more urgent. It was a full week, however, before the wires had finally been restored and the official risas obtained. By that time the blockade had become so complicated that it will probably take a month to put Eszabadka back on a normal basis.

MOVIE ACTRESS HURT, THREE MEN KILLED IN LOS ANGELES CRASH

LOS ANGELES, Nov. 21.—Three men were killed and a woman seriously injured when their automobile crashed into an electric freight train here today. Peggy Perry, 28, pretty movie actress, suffered a broken leg and painful burns which resulted when the automobile caught fire after the wreck.

Ultimatum. While was in bad temper. His mother had just discovered that there was not a clean nightshirt ready for him to wear. "Never mind, Willie," she said, consolingly. "You will have to put on one of your sister's nightgowns tonight." "What a girl!" snorted Willie, drawing himself up haughtily. "Yes, why not?" asked mother. "I won't wear it!" declared the small boy. "I'd rather go to bed!"—Christian Messenger.

### Born in 1839 Dr. Caldwell Still in His Office Daily

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin. Millions now use his famous prescription

ALL physicians know that good health depends largely upon proper digestion and elimination, and that most sickness results from these causes. None knows this better than the "family" doctor, the general practitioner.

DR. W. B. CALDWELL TODAY

Dr. W. B. Caldwell of Mendota, Illinois, was and is a family doctor. The whole human body, not any small part of it, was his practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headache, biliousness—and all of them required first a thorough evacuation. They were unattended.

Dr. Caldwell is in the course of 80 years' practice, for he was graduated from Rush Medical College here in 1875, had found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year the preparation was first placed on the market. The picture of Dr. Caldwell that appears on the package was taken in that year.

Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it, for Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year.

In great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formulator of that prescription is fortunately living to see its wonderful success.

Women, children and old people are the ones most benefited by Dr. Caldwell's Syrup Pepsin. It differs from physics in that its action is mild and gentle and free from griping. It does not weaken. And while it is promptly effective in the most obstinate case, it is safe for a tiny baby as it contains no narcotics.

Every drug store sells Dr. Caldwell's Syrup Pepsin at 50c and \$1 a bottle, the latter the family size and sufficient to last months. Keep a bottle in your home. Where many live someone is sure to need it quickly.

The preparation immediately had as great a success in the drug stores as it previously had in the doctor's private practice. Today the third generation is using it.

### Special Candy Offer For TOMORROW ONLY Fancy Nougat 40c Pound

This is a regular 60c selling candy, but we are giving you this price because we want you to try our candy. It is all so good—home-made in a clean, sanitary kitchen.

A COMPLETE LINE OF BULK AND BOX CANDIES

Our fancy dishes and lunches are making us many friends—extra fine pastry, sandwiches, salads and drinks.

Was there ever such a dispenser as we have? Doesn't he make delicious drinks? No matter what you want, ask "Mac"—he can make it.

### The Wistaria

632 Mai n Street.

A Temporary Expedient. "What shall we do to remedy the high cost of living?" "I'll see if I can't get a job to assist in investigating it. Maybe the salary will be enough to help tide us over."—Washington Star.

What in the world does he want to do for? "Why, he uses them for trying the voices of the young ladies."—Yonkers Statesman.

Brings It Out. "I'm making money selling mice," said the bald-headed man. "Who do you sell 'em to?" "A professor of music on the next block."

Don't think because you may have taken many remedies in vain that your case is incurable. Hood's Sarsaparilla has cured many seemingly hopeless cases of scrofula, catarrh, rheumatism, kidney complaint, dyspepsia and general debility. Take Hood's.
