Suffered 3 Years With Rheumatism, Catarrh and Stomach Trouble, Since Taking No. 40 Feels Fine.

Gary, Ind., April 25, 1919.—"I suffered for over three years with chronic rheumatism, catarrh, constipation, stomach trouble, bad blood, nervous spells, aching limbs, so I could not sleep. Saw an advertisement in the daily paper about Mendhall's Number 40 For The Blood. Thought I would give it a trial. Altho I was discouraged, as I had doctored with a number of physicians and tried numerous medicines without receiving any benefit. I have taken but two bottles of Number 40. Can eat anything I want without fear and am not near so nervous and am feeling fine. I am now starting on my third bottle. Mrs. Gostine Rainey, 2270 Jefferson St., 40. I demanded in rheumatic, gouty conditions, malnutrition, auto-toxication, constipation, liver and stomach troubles. Believed to remove and prevent gallstones, appendicitis. Successfully used in eczema and skin diseases. Used with phenomenal success in chronic rheumatism, catarrh, lumbago, myalgia (pain in the muscles, muscular rheumatism or neuralgia), glandular swellings, scrofula, mercurial and lead poisoning, abscesses, sores, ulcers, boils and carbuncles.

FRANKLIN

The Experienced Motorist Deliberately Chooses the Franklin Sedan for Every-Day-in-the-Year Motoring—AND WHY?

WHEN seeking a car that you intend to keep on the road twelve months of the year, hold these facts before you:

- The Franklin Sedan owner is an experienced motorist.
- He has had intimate knowledge of other fine cars.
- And based on that knowledge, he deliberately chooses the Franklin Sedan for all-year use.

The reasons he tells us for this choice, are the reasons back of every sale we make of a Franklin Sedan:

It is lighter and more resilient than the average fine touring car. These features make it practical for all kinds of touring anywhere—and at any time.

Takes Roads as They Come

Its scientific light weight (every experienced motorist knows Franklin scientific light weight) goes over rough roads with the ease, the freedom from shock and strain, that protects you and the car; makes hills with the same ability as a touring car; and gives you a speed, for the

day's run, that won't make you apologize for your car.

Le summer, for instance, when touring is regarded as a pleasure in a touring car, it actually is a pleasure in the Franklin Sedan. You feel as fresh and cool at the end of the tour as at the start. The dust and dirt, the sun glare and sunburn, the rain and the storm are outside your car.

The V-front, with four adjustable sections, lets in what you want, and shuts out what you don't want—just like ventilating your own home.

If you are anxious to learn about a new touring comfort, come to our show rooms and examine this car.
