Intellect

Intellect like electricity, is alive with power and possibilities. A flash of lightning, lights up the heavens, a flash of intellect, lights up a new sphere of thought.

Intelligence transforms country lads to masters of business. The master minds know the accumulative value of dollars and were scrupulously careful not to waste any in the beginning.

The intelligent saving of every dollar has a tremendous power. Savings accounts may be opened here every day with ONE DOLLAR or more.

SNOW IN DAYTON ALSO IN PENDLETON

The more it snows the more we smile. Remember the results of the big snow in 1916. We predict another bumper crop in 1920.

With the prospects of a bumper crop, practically assured by a bountiful downfall of the "beautiful," is there any doubt that an investment in wheat land will prove a highly profitable business venture.

Here are a few investment propositions for your approval:

1760 acres, 500 acres seeded in good shape, complete equipment, well watered, \$35,000 per acre

1810 acres, 550 acres summer-fallow, finest kind of cutting and equipment, lots of hogs and

cutting equipment, \$75,000.00

80 acre Reservation tract, equipped, \$10,500.00

240 acres alfalfa and wheat land, improved \$26,000.00

We have many others.

We Want Pendleton People to Know

THAT THE UMATILLA FLOUR AND GRAIN CO. IS FAST BECOMING A PLANT WITH A PAY ROLL

Our ever increasing business during the past few months has grown by leaps and bounds. For instance, up to last April this plant had three people employed at a payroll of \$300 per month and now, since August first, our payroll is

\$2000 Per Month With 12 People Employed

Every dollar of this is distributed among citizens of your own community. WE HAVE MANUFACTURED 5000 BARRELS OF FLOUR SINCE AUGUST OF THIS YEAR

This was in addition to our chop mill products.

Skookum Pancake FLOUR

is receiving recognition all over the North west and very extensively throughout Umatilla county, outside of Pendleton. Very gratifying orders are constantly being received from Portland, Spokane and Idaho points. Skookum Pancake Flour is a really good product, having already proven its worth. Do not be misled by temporary cheap prices from large outside concerns. These temporary prices are merely a club used to cripple the home manufacturer.

If they accomplish the desired effect the price on their own product begins to ascend.

"Such murders as that committed by the recent boiler explosion at Siletz which cost the lives of three people, would not happen if such a commission existed in this state, declared Gram.

Gram was active during the last regular session of the legislature in an effort to secure legislation covering the inspection of boilers, but failed.
