## NEWS OF THE COUNTY OFFICES AND OFFICERS

**Dismissal Order Filed.**  
An order of non-suit and dismissal was filed with County Clerk Brown today in the case of Clarence D. Zellring vs. F. A. Michaels et al.

**Road Work Not Closed Down.**  
Although the snow made it difficult to continue work on the roads in this county, no shutdown has resulted, according to M. G. Bennett, district highway engineer. All the crews are still out and are working as best they can. The only progress which is materially retarded is on the paving of the highway through Milton. Warmer temperatures are necessary before the hot stuff can be laid safely.

**Homer Watts Has Fine Dogs.**  
"Enclosed please find \$2 for state license for my two dogs," Homer I. Watts, of Athena, wrote in preface to a four-page letter to County Clerk R. T. Brown, setting forth the virtues of said dogs. The dogs are both fox terriers, five years old, with black and white spots, and "good dogs," according to their owner. They are about the size of a tomcat, he says. If the tomcat is large enough. One is named Sport and the other Tookum. Both are registered in the Athena Red Cross chapter, have a dislike for Germans, are liked by gun fanciers and, in all, are worth four pages of a lawyer's time and pencil-pushing effort. Mr. Watts is one of the three who

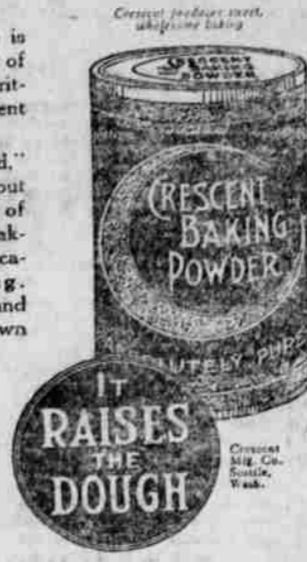

## "I Am Going to Tell My Friends About Crescent"

An appreciation like the above is really the secret of the popularity of Crescent Baking Powder. It is written us by one who has used Crescent continuously for ten years.

"There's nothing in my cupboard," she writes further, "that I can put my hand on with such a feeling of security as my can of Crescent Baking Powder. It rises to every occasion and is wonderfully saving. Without eggs my hot cakes and muffins rise to a puffy golden brown state of perfection."

Your grocer can supply you.

## Crescent Baking Powder

Set of books.—London Tit-Bits.

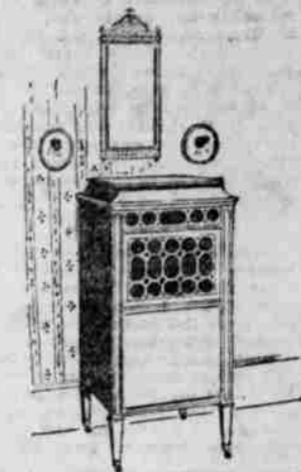

## Nature aided by MOTHER'S FRIEND

Not only allays distress in advance but assures a speedy recovery for the mother. It renders the broad, flat abdominal muscles pliant as they readily yield to nature's demand for expansion. As a result the nerves are not drawn upon with that peculiar wrenching strain. Mother's Friend is used externally.

**CONSIDER THIS WOMAN'S CASE**  
Mrs. A. L. DeVine of Los Angeles, Cal., says: "After I had suffered from female trouble for years, not being able to do my housework, or get any relief from doctors, Lydia E. Pinkham's Vegetable Compound made me a well woman, and I want to tell the world the good this medicine does." This woman is perfectly justified, and should be commended for telling others how she regained her health.

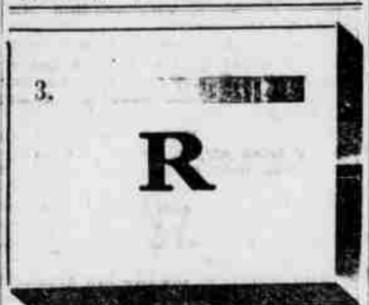

## IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautifully Fade Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

have applied to the clerk for a state dog license for 1920, under provisions of the law passed at the last legislature.

**Sues for \$2197 Note.**  
H. C. Jayne today filed suit against Alex McKensie to enforce the payment of \$2197, alleged due on a promissory note given the plaintiff by the defendant. Interest at 8 per cent from July 3, 1919, and \$225 attorney's fees are also asked. The plaintiff is represented by Raley, Raley & Stelver and H. J. Warner.

**Another Alleged I. W. W. in Jail.**  
W. L. Reed, an alleged I. W. W., was received at the county jail last evening from Hornistown, where he was bound over to the grand jury yesterday by Justice of the Peace E. P. Dodd on a charge of criminal syndicalism. There is also a statutory crime charged against the man. He is being held here awaiting the action of the grand jury next week. He is the second I. W. W. to be interned recently.

**Newspaper Notice Locates Man.**  
The notices carried in local papers yesterday asking for the whereabouts of Elmer Bedel were read at Athena last evening by Mr. Bedel and he got in communication with Sheriff Taylor at once. He was notified that his father had died in Idaho. Whether he went home is not known by the sheriff. The man was working for the Warren Construction Company.

**Two couples are Licensed.**  
A marriage license was issued today to Arthur B. Coonan, of La Grande, and Miss Geneva Smith, of Pendleton, to be married here today. Arthur Goodwin, of Pendleton, was issued a license yesterday afternoon to marry Miss Lella Harder, of Milton. The ceremony is planned for Sunday, December 14, at the home of the bride in Milton.

## G. O. P. MEETING PLACE IS U. S. ROAD CENTER

WASHINGTON, D. C., Dec. 11.—Chairman Will H. Hays was among the first to arrive here for the meeting of the Republican national committee which picked the 1920 convention city. In addition to the committee members, there were already on the ground a dozen or more delegates here to urge the action of their city as the convention meeting place. Prominent among them are civic and political leaders from Chicago and St. Louis, where Charles E. Hughes and President Wilson were respectively named in 1912.

There was considerable talk before the vote among politicians of selecting Chicago as the permanent convention city for the republican party. Mid-western headquarters have recently been opened in that city, it was pointed out, and many have for years urged that the city be chosen as regular battleground for candidates for nomination, and for the additional reason of its central location.

**Chicago Is Road Center.**  
Chicago has had the convention every four years with one exception, since 1896, and the balance of favor was in that direction.

Chicago claims to be about the most centrally located city, whose auditorium is known to be large enough for the party, and claims that it is the railroad center of the nation. The point of accessibility by railroad is one of the prime factors, committee members say.

However committee members declared geographical location is one of the prime necessities, and any coast city is at a great disadvantage.

St. Louis headed by Paul V. Bunn, secretary of the St. Louis Chamber of Commerce, however, insisted that the Mound City be selected as a permanent camp because of the city's closer proximity to north, east, south and west, and because of its claim of superior facilities for handling large numbers of delegates. Rooms are available in St. Louis for 5000 delegates, it was said.

**LONDON.**—Family washing hanging out to dry in the gardens of mansions on Park Lane, London's most exclusive and richest street, evidences the revolt against the present high laundry prices.

**As Usual.**  
"Roberts," said the financier to his secretary "who was that persistent fellow who wanted to see me?"  
"One of those book agents, sir."  
"Ah! I'm glad you didn't let him in."  
"How did you get rid of him?"  
"The usual method, sir. I bought a

## Why a Chalmers Starts Quickly on a Cold Day

YOU can let a Hot Spot Chalmers stand in the cold all day and then step on the starter button and—almost instantly—the engine is running.

No long wait, no running down of the battery, no lost temper. Instead, quick action.

In a few moments the engine is running with rare smoothness, minus backfire and "coughing." It is "firing on all six."

Hot Spot and Ram's-horn are responsible for the quick starting in a Chalmers.

Hot Spot vaporizes the raw gas to a fine point; and Ram's-horn hurries it quickly and evenly to the cylinders.

So that there is full ignition and hence quick power and smooth power.

Price \$1685 f. o. b. Detroit.
