## SHACKS IN BUTTE DEMOLISHED FOR FUEL

BUTTE, Mont., Dec. 12.—The campaign of relief carried on today by the citizen welfare committee and the rise in temperature have brought material assistance to thousands of people in Butte who had been placed in dire distress because of the coal famine. The last point of coal in the city was distributed early this afternoon, but 15 carloads of extra rail coal have been located in transit and are expected here tomorrow. The supply of wood is virtually exhausted, but a contract has been placed by the city fuel administration with a Minoula contractor for wood. In the meantime it is planned to demolish more old shacks tomorrow and distribute among children on the school grounds the fuel from these buildings. A heating kitchen has been established in the Y. M. C. A. building and all the women's clubs have begun gathering clothing and supplies for children, 100 pairs of shoes being distributed today. A large amount of money has been realized to purchase food and clothing, but the authorities say there is in contemplation the closing of some business houses until there is relief in the fuel situation.

## TREE FALLER KILLED IN CAMP NEAR BAKER BY FALLING BRANCH

BEND, Dec. 12.—G. Vammaren, feller for the Brooks-Scanlon Lumber company, was killed at 1:30 Monday afternoon while working in the woods adjacent to camp No. 7, when a tree

## SAYS AIM WAS ONLY TO BE ACCOMMODATING

limb fell, striking him on the head and causing cerebral hemorrhage. He was brought to Bend by automobile, but died on the way. The accident is the first one to result fatally in the history of Brooks-Scanlon operations in and near Bend. The tragedy occurred after Vammaren had brought down the big pine and was trimming off the boughs. As the tree fell, one of the limbs had apparently broken off, lodging in the branches of a nearby pine. As the logger worked the limb was loosened and crashed down upon him. has arisen over purely a misunderstanding in the matter of The Delta keeping open on Wednesday night beyond the hour of 9 o'clock which to all appearances was in direct opposition to the proclamation issued by Mayor Vaughan, we feel that a word of explanation may be necessary to show that there was no direct intention to defy the mayor or any of the city officials. In view of the fact that there was a road show in town that night we sought permission to keep open for that one occasion in order to take care of the people that might want to secure hot drinks or light lunches after the show was over. There was also a dance that night and many of the dancers were desirous of coming into The Delta to get something to eat before going home. The permission was not granted either by the mayor or the chief of police, but inasmuch as we had gone ahead to care for the crowds we felt that it would not cause any great harm to remain open a little beyond the hour set for our closing. This as we view it now,

has caused some grave mistaken idea of our intention, but we are emphatic in the statement that it was done purely as a matter of accommodation to the crowds and not to in any way irritate or make light of the edict of the city authorities. We say here that so long as this restrictive order remains in force we shall rigidly follow it to the very letter, and there shall be no future cause for any misunderstanding on the part of anyone as to our intentions. The Delta is one of the oldest of the local business houses and has always in the past been among the first to follow out any plan of conservation, both during the war and after it, and we have no intention at this time of losing that good reputation. We trust that the general public and the officials of the city will understand our position and in order

to make it clear we have taken this occasion to make this statement through the newspapers. Signed: GEORGE W. GRAY, RUSSEL B. FIELDS. Dr. Carter's K. & B.
