

DAILY EAST OREGONIAN, PENDLETON, OREGON, THURSDAY, DECEMBER 11, 1919.

## FIVE ASTORIANS, ONE BABY, SNOWBOUND ON HIGHWAY ALL NIGHT

### Blizzard Piles Drifts to Top of Automobile on Clatsop Crest, Party is Stranded 15 Miles From Nearest House.

ASTORIA, Dec. 12.—Five Astorians, including a baby, spent Tuesday night snowbound in an automobile on the Columbia river highway at Clatsop crest. They were Mr. and Mrs. Alfred Owens and baby and Mr. and Mrs. Frank Mounford.

They left Portland about 9 o'clock Tuesday night. Snow began falling at Linton, but they were going until they reached Clatsop crest where the Dakota-like blizzard piled the drifts so deep that progress was impossible.

The engine was kept running as long as the gasoline supply lasted to warm the car. The remainder of the night was spent without blankets or robes. Sleep was impossible. Morning disclosed that the party was snowbound with a drift to the top of the machine.

Owens and Mounford kissed their wives goodbye and started out for help. They were fully 15 miles from any house. They waded through the drifts toward Astoria until they reached a camp of the Warren construction company. Here the two men secured gasoline and a party from the company with a car and chains to pull the machine out of the deep snow.

The members of the party were taken to the Warren company's shack, where they were given hot coffee. The women and baby were suffering terribly, but recovered.

### Two Plays at Assembly.

The regular weekly assembly was held at the high school this morning and the following program was given, with Gilbert Struve as chairman: Announcements, Play "A Business Meeting," Girls' Literary Society, Piano Solo, Mrs. F. E. Hoyden, Vocal Solo, Thelma DuPuis, Play, "Much Too Sudden," High School Dramatic Club.

## WALLA WALLA BOUND IN BY UNPRECEDENTED SNOW; CARS STALLED

### End of Coal Strike Saves City From Complete Industrial Tie-up; 10 Carloads Released But Not Delivered.

WALLA WALLA, Dec. 12.—Walla Walla is virtually isolated from the rest of the world on account of an unprecedented snowfall. There is over a foot of snow on the ground. Train service is paralyzed, many more trains being taken off the run today because of the storm. Street car service has been annulled. Highways are blocked by snow and snow is so heavy in the city that delivery is difficult.

Conditions are similar to those preceding the big snow of January-February, 1916, when 40 inches of snow fell, according to Meteorologist C. C. Garrett.

The end of the coal strike saved Walla Walla from a complete tie-up of all industries, including newspapers. Ten carloads of coal were released by the O. W. R. & N. today and were distributed to dealers, the power plant and the penitentiary. N. A. Davis again was named fuel administrator and has taken charge of the situation here.

Coal dealers notified customers that they could have some coal if they would come and get it, but that it was impossible to deliver, some of the dealers having 80 to 100 unfilled orders on their books.

The city cleared the main walks of snow, permitting foot travel, but the schools suffered and business was hard hit.

### Committee is Appointed by Washington Adjutant to Probe Request for Contribution Before Solicitation.

POCATELLO, Dec. 12.—Answering the appeal of the Centralia, Wash. post of the American Legion for funds with which to prosecute the I. W. W. held there on a charge of murdering four men on Armistice day, a committee appointed by La Verne Collier, late adjutant, decided first to ascertain why \$25,000 was necessary for the prosecution of these men, as the state of Washington is supposed to have ample funds at its disposal for the prosecution of criminals. Committees of various organizations, which have already started to solicit contributions in Idaho, will be recalled until a more definite statement is made from Centralia.

Action will be taken in Idaho, it was announced, until a more thorough investigation is made.

### NOTORIOUS REDS HOPE TO STAY DEPORTATION

WASHINGTON, Dec. 12.—The supreme court yesterday took under advisement the application for a writ of error from the refusal of the New York federal court to delay the deportation of Alexander Berkman and Emma Goldman. If the court refuses to grant the writ the two anarchists will have lost their final effort to delay deportation. If the court grants the writ the pair may be allowed their liberty on bail.

### MEXICO TO BE ASKED TO EXPLAIN ATTITUDE

WASHINGTON, Dec. 12.—A new crisis in the relations between the United States and Mexico is threatened today, it appears, due to the alleged action of the Carranza government in preventing the drilling of new oil wells by American companies in Mexico. Secret negotiations are in progress between Washington and Mexico, it is reported. American notes are not being made public because the matter is domestic to Mexico. It was reported today that within the last six months three notes from the state department to President Carranza, regarding the oil situation, have been ignored by Mexico. The present situation is becoming obnoxious to this government if it is learned that Carranza is refusing to consider the sending of a sharp communication to Carranza informing him flatly that he must stop interfering with American oil operations.

### EMMA GOLDMAN GETS STAY OF DEPORTATION

WASHINGTON, Dec. 12.—The supreme court today granted stay of the deportation of Emma Goldman, anarchist leader, until a complete record of her case has been submitted to the court. This must be done before next Thursday.

All legal obstacles in the deportation of Alexander Berkman are removed, however, the court dismissing his appeal on writ error, refusing to grant stay of his deportation, and denying bail. Berkman can be deported at any time after 4 o'clock this afternoon when the stay of the lower court expires.

### GERMAN PAPER ADVISES AGAINST ANY PROMISES

BY CARL D. GROAT  
(United Press Staff Correspondent.)  
BERLIN, Dec. 11.—The German government must be sure of the allies position on the surrender of its stocks and marine materials, demanded as reparations for the sinking of the Scapa Flow fleet, before it will accept the protocol, the Deutsche Allgemeine Zeitung today declared. "We cannot rely upon the entente's promise to redress them later," the newspaper added.

## A Simple Way to Get the Benefit of the Best Senna

Dr. Caldwell's Syrup Pepsin contains the finest Egyptian Senna, as recommended by the U. S. P.

A GREAT many people, habitually constipated, find relief in chewing senna leaves or leaving them into a "tea" and drinking it. They will be glad to know that they can obtain senna already brewed, at no greater expense and in a much more convenient and agreeable form.

The chief laxative constituent of Dr. Caldwell's Syrup Pepsin is Egyptian senna (cassia acutifolia) gathered in the Egyptian Soudan. This grade is seldom sold at retail. It is, however, recognized as first in the U. S. Pharmacopoeia because of its freedom from piping and its cleaner action on the intestines, and because it does not lose its effect after repeated use.

In Dr. Caldwell's Syrup Pepsin the Egyptian senna is combined with pepsin making an exceptionally valuable tonic-laxative in dyspepsia and other disturbances of the stomach and bowels. It has been on the market since 1892 and many thousands of people who formerly bought an inferior grade of senna at retail now buy Dr. Caldwell's Syrup Pepsin for 50c and \$1 a large bottle. It is sold in all drug stores.

As proof of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits, have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 517 Washington St., Monticello, Illinois.

## WILL ASCERTAIN WHY I. W. W. PROSECUTION WILL REQUIRE \$25,000

premier in charge of traffic on the entire system.

A statement by Mr. Lovett said the new organization would effectually unify the operation of all the properties in the system.

The plan of unification announced by the Union Pacific directors today involves no disturbance of existing headquarters of the Oregon Short Line railroad at Salt Lake or of the Oregon-Washington Railroad & Navigation company at Portland, Oregon.

## RHEUMATISM

You Can Ease the Pain and Speedily Reduce the Swelling.

Bevy's Mustardine will do it. Everyone knows it. Who has ever tried it? The first improvement on grandpa's mustard plaster—And the best.

It's hot stuff, but it's not hot on earth. But it cannot blister. But it will stop the gnawing twinges. And the agonizing pains of Rheumatism. And reduce the swelling. And do it so quickly. That you'll be joyfully astonished. Be sure you get Bevy's Mustardine—Quickest pain killer on earth. In a yellow box. Always Fine for Cough, Croup, Sore Throat, and Neuralgia; it soothes inflammation. And settles Congestion. Rub it on when influenza threatens. One box does the work of 25 muzeys, blistering mustard plasters.

Money back if not as advertised—25c and 50c.

S. C. Wells & Co., LeRoy, N. Y.

## CARL GRAY ELECTED UNION PACIFIC HEAD

NEW YORK, Dec. 12.—Carl Gray was elected president of the Union Pacific system companies at a meeting of the board of directors here Thursday.

Mr. Gray, whose headquarters will be at Omaha, will assume office January 1. He will succeed as president Robert S. Lovett, who will remain with the company as chairman of its executive committee.

E. E. Calvin, whose jurisdiction hitherto has been limited to the Union Pacific and Oregon Short Line, was elected vice president in charge of operations at the end of federal control.

H. M. Adams was appointed vice president in charge of traffic on the entire system.

## ARE YOUR GLASSES RIGHT?

THAT GIVE THE MAXIMUM AID

Wearing glasses that do not fit is false economy, and often very harmful.

If you come here to have your optical work done you are sure of the proper examination of your eyes, and when glasses are needed they are ground to the exact requirements of your vision.

## LIFT OFF CORNS WITH FINGERS

Few Drops of "Freezone." Then Corns Lift Off—No Pain!

A tiny bottle of "Freezone" costs so little at any drug store; apply a few drops upon any corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off with your fingers. Truly! No Humbug.

## HOW THE EXPERIENCE OF YEARS SAVES MONEY IN THIS POST-WAR MAXWELL.

The run of 300,000 Maxwells to date saves you many a worth while dollar in the new Post-War Maxwell. Those 300,000 saved in many ways.

1. They taught "short-cuts" in manufacturing.
2. They eliminated all experimental work—you don't have to pay for a single engineering mistake.
3. They developed quantity production which has reduced "overhead."
4. They enabled quantity purchases; and better materials are bought at lower costs.
5. They taught how to build an almost trouble-proof car; you seldom take a Post-War Maxwell to a repair shop.
6. They taught how to get the most mileage out of a gallon of gasoline, a pint of oil and a set of tires.
7. They taught how to build a car that the less skilled driver would find simple to operate and take care of.
8. They taught that it was better to build more and take less profit per car rather than build less and take more profit per car.
9. They taught how to put more and more value in the car without increasing its cost.

This Post-War Maxwell is next year's car. It contains features developed during the war, many of which will find their way into other cars in the summer of 1920.

PRICE \$985 F. O. B. DETROIT

## Neil & Barker Co. MAXWELL DEALERS

# Makes cleaning as easy as walking

DUST, threads, lint and even close clinging hairs are picked at once from your rugs by this vacuum cleaner—that makes cleaning as easy as walking.

## Western Electric VACUUM CLEANER

A motor driven brush, properly speeded by a worm gear, is what makes this vacuum cleaner different. Women who have used other types of cleaners prefer this—they say it means cleaner cleaning in their homes.

Come in and let us show this different kind of a vacuum cleaner to you.

What a splendid gift this cleaner would make for the home. It's another one of the Western Electric Company's splendid products. A lever control stops brush and gives suction only if desired. It will pay you to investigate this wonderful machine.
