Sale Two Days Only, Friday and Saturday—Don't Forget or You Lose

EASTERN OREGON MOTOR CO. HAS COMPLETE LINE. Wide variation in prices, styles and sizes insures something in the motor line for everyone's needs.

In the CHEVROLET line, we have touring cars, roadsters, coupes, sedans, deliveries from eight hundred to fourteen hundred dollars.

In the F. B. type of CHEVROLET we have roadsters, tourings, coupes and sedans from \$1485 to \$2100, and without doubt the most popular one ton truck on the market, pneumatically equipped at \$1600.

THE ALLEN CAR now on the coast, a four cylinder car that is claimed to be the greatest performer on the market in all types of body styles. A feature of the Allen is its easy riding qualities, a 56 inch spring being used on this little car. The touring car sells for approximately \$1600.

The sturdy old standby VELIE has bloomed out with more added features for appearance, convenience and performance than any car in the last decade. Its distinctive lines, new type of motor that burns low grade fuels, and its four bearing crank shaft are outstanding features in the new model.

THE VELIE line is represented in nine different body styles, roadsters, coupes, sedans, including the new four passenger sport model with a larger wheel base, larger motor and altogether a more racy car.

In the heavy duty truck the VELIE long held in high esteem by those interested in transportation problems, we have a 1 1-2, 2 and 4 ton job truck. A good truck in any

company, and one that you will see and hear a great deal of in Umatilla County this season.

THE PEERLESS, the car De Luxe, an eight cylinder car with a two power range is reaching a stage of popularity to be envied by any car. It is one of the oldest high-grade cars in America and its quality and durability is never questioned. You have but to ride in it to be imbued with the Peerless spirit and to recognize that the car is all the name implies.

THE PEERLESS is represented in the seven passenger touring, four passenger roadster, and the fashionable coupe and Sedan types. Prices ranging from \$3460 to \$4500.
