# JANUARY CLEARANCE SALE

## Exercise Utmost Economy and Buy Your Clothing Now!

At a conference of economic investigation embracing delegates from the various apparel industries and a committee appointed by the government, reported that there would be an increase averaging 35 per cent in the cost of clothing for 1920. This was not due to any effort toward profiteering but because of the higher cost of fabrics and tailoring on account of under-production. This advance will be reflected in goods delivered for 1920 selling. We urge you to save on your clothing by supplying yourself now with such goods as we have remaining from this 1919 stock which is being sold on a basis of those costs and not in accordance with today's worth—a distinct saving to you. **BUY NOW** all the clothing you can use for 1920 wear.
