

News of Pendleton

Accepts Position.
Mrs. Florence Spere has accepted a position with Carrist's Millinery store. Mrs. Spere will act as saleslady.

Called To Salem.
Mr. and Mrs. Russell Fields are in Salem for a few days. They were called there by the death of Mr. Fields' mother.

Returns from Toronto.
Max Gorkle, who has been sojourning in Toronto, Canada, returned to Pendleton yesterday. Mr. Gorkle reports that Canada has had some extremely cold weather and much snow.

Scalp Bounty \$2353.50.
The county clerk in 1919 paid out \$2353.50 in scalp bounties, according to a report made public today by Miss Grace Gilliam, county treasurer. In 1918 the scalp bounty was but \$2591. The increase is due in part to the higher bounty paid on coyotes during the first half of 1919 and also to the diligence with which farmers and trappers got after the animals. The state returns 50 per cent of the bounty money to the county.

Only One "BROMO QUININE"
To get the genuine, call for full name LAXATIVE BROMO QUININE Tablets. Look for signature of E. W. GROVE. Cures a Cold in One Day. 35c.

Traveling Salesman Has Bride.
Thomas D. Hughes, traveling representative for Bushong & Company, of Portland, is calling on his customers in Pendleton today with a new bride by his side. Incidentally he is receiving congratulations from his numerous friends during his business trip and honeymoon.

No Appreciable Increase.
There has been no appreciable increase in the enrollment of pupils at the Pendleton schools since the Christmas vacation, according to Fred P. Austin, city school superintendent. January 23 is the date for the end of the semester and an increase in the number is expected at that time.

Searcey Buys Miller Home.
Fred A. Searcey, well known wheat raiser, today purchased the Glen Miller home on Jefferson street for a consideration not announced. He will move in from his farm at the head of Missouri Gulch and take possession shortly. The deal was handled by W. H. Morrison. Mr. Searcey recently sold his farming outfit and leased his farm.

Athena State Bank Opens.
With the opening last week of the Athena State Bank, Umatilla county now has 14 banking institutions in operation. The new bank received its certificate in time to get under way shortly after the first day of the year. Announcement of its first stockholders meeting has been received here. The meeting will be held at Athena on Thursday.

Has New Hunting Dog.
Allan Bynon today received a pedigreed Irish setter puppy from the Senator Reed kennels at Roseburg and will train the dog to be a hunt dog. It is a pedigreed animal three months old and will make an excellent bear dog when full grown, his owner says. The name of Kerry has been given the dog.

Will Attend Annual Meetings.
Wallace Cargill and Gunder Terjeson drove to Helix this morning to attend a meeting of the Farmers' Mutual Warehouse Company, which was held today. Mr. Terjeson will remain to attend a stockholders meeting of the bank of Helix Thursday. William Dale, of this city, is also a stockholder of the bank who will attend.

Teacher and Bride Welcomed.
Earl E. Fleischmann returned this morning from Louisville, Kentucky. Mr. Fleischmann is a prominent member of the Pendleton high school faculty and was doubly welcomed home because of the fact that he was accompanied by his bride. Mr. and Mrs. Fleischmann intend to reside in Pendleton for the time being.

Girls Have Basketball Practice.
Miss Catherine Morgan, girl's physical instructor at Pendleton high school held a basketball practice at the high school last night. The girls have been practicing nearly all fall and many of them are developing into excellent players. Most all the basketball games which will be played here this winter will be double headers, a girl's game and a boy's game.

Feeding Conditions Good.
Although Umatilla county sheepmen and cattlemen were forced to begin winter feeding a month earlier than usual this year, there is no serious hay shortage as yet, stockmen report. However, they are hoping that the extremely cold weather will not return. Last year pasture was available in March and it is hoped by stockmen that the cold weather will be over at this date this year.

County a Gold Producer.
Umatilla county's rank among the gold producing counties of Oregon during 1919 is seventh, according to a report just made public at Salem. The amount produced during the year is not given, however. Baker county leads in the output of gold and total value of minerals produced in the state. It is followed by Grant, Umatilla, Clackamas, Lane, Malheur, Wallowa, Curry and Wheeler in the order named.

Commercial Association to Meet.
The monthly meeting of the Pendleton Commercial Association will take place in the club rooms tonight at 8 o'clock. Chief among the business will be consideration of the proposition to start the auto camp plans now. A questionnaire from the state chamber of commerce regarding the city's auto tourist ground will be read to show what is expected of each city in this line.

Asks Caution During Cold.
Caution in the handling of fires during the prospective cold spell is asked by Fire Chief W. B. Ringold today. The fire record during the last cold spell was quite low and no serious damage resulted. By taking care not to overcrowd stoves, danger of fire can be minimized, the chief points out. Quick work by the department is hindered by snow, ice and cold, he says, and it is to the benefit of all to use care.

Sheep on Feed Again.
All sheep in this district are again on a full feed ration as a result of yesterday's snowfall. Dan P. Smythe said today. In the Echo and Arlington regions there has been little or no pasture since November 23, but in the Pilot Rock region and south the snow went off and there was a little pasture available when it was not too cold. Few sheep have failed to survive the cold and prospects for the spring are quite good at this time.

Oddfellows Will Install.
Joint installation of officers for Pendleton's two Odd fellow lodges will take place at 7:30 tomorrow evening in the I. O. O. F. hall. The installation will be followed by a banquet. C. E. Straub is the retiring noble grand in Eureka lodge and H. H. Howell retiring noble grand in Integrity lodge. Their positions will be filled respectively by Loren Hoover and A. O. Carden, who have been vice grands during the past six months. Other officers of the two lodges will be appointed and their names announced at the installation.

Says Both Should Dim Lights.
Not only you, but the other fellow should use his dimmers when two autos pass on a state or county highway. Traffic Officer William Lyday reminded today. Since his recent request for observance of the dimmer law, most of the drivers have responded, he says. Occasionally, however, only one car is observing the law, which often makes driving more difficult than if both kept their lights on at full strength. Observance of the dimmer rule is a safety measure, he says, and must be observed.

Pendleton Makes Good Showing.
Pendleton has a better record than many dairy districts in the milk survey made in the schools of Oregon to determine how many children get milk in their daily diet. Portland's record shows that one fifth of the children in the grades are getting no milk in the diet. The rural districts of Oregon showed that one third of the children are non-milk users. The Oregon Dairy Council and the county demonstration agents are working together in making the surveys, while women's clubs and Parent-Teachers circles are assisting in spreading the information regarding the food value of milk.
