Could Not Eat or Sleep

Vinol, our Cod Liver and Iron Tonic, gave him appetite and felt like different man.

Ruston, La. — "I am a working man and got all run down so I could not eat or sleep or work. Vinol was recommended for my condition. It built me up so I could eat, sleep well, can work all day long and not feel tired. In fact, I feel like a different man since I took it."
— JOHN H. WILSON.

"Men fret and worry." That's why they overwork, get nervous, all run down, have no appetite, and can "hardly drag around." Vinol creates a hearty appetite, induces sound sleep, invigorates the nerves, creates strength and quiets the nerves.

It is the beef and cod liver peptoné contained in Vinol aided by iron and glycerophosphates which makes it such a famous blood maker, nerve builder and strength creator.

Household Hints

It's the "trimmings" that count most in the furnishing of a home. Expensive furniture is not as essential as furniture chosen with taste. Let us help you shop—our experience will be useful to you.

RUGS

Our stock of really good rugs was never more complete than now. There is nothing nicer or more practical than a nice rug for the home. We are showing a splendid assortment of AXMINSTER, TAPESTRY AND BEAUTIFUL GRASS RUGS in all their various patterns and sizes, very attractively priced.

SUIT CASES AND BAGS

We are showing a fine assortment in the famous Roxyline, water proof and wear proof.

CEDAR CHESTS

What is nicer than a cedar chest? Just the thing in which to store furs or fine woolen articles that might fall a victim to moths. These chests are made of genuine Tennessee Red Cedar.

EPICEDUM

No more for them shall Evening's rose unclose,
Her Dawn's embalm'd perfume be spread;
Alike the train's warm kiss and stubbing snows
Unmind'd, fall upon each hallow'd head,
But the Hedges, as they leap and wildly sing,
Rejoice, . . . remembering.

With arms outflung, and eyes that laughed at Death,
They drank the wine of sacrifice and love;
For them a life-time spanned a burning breath,
And Truth they vision'd, clean of earthly dross.
But the Drums, reverberating proudly roll—
They love a Soldier's snuff!

—J. Corson Miller.

A NEW HOME EVERY WEEK

PENDLETON'S building record for the year just closed shows that the city averaged a new dwelling house every week. Many of these homes cost in "five figures" and they are valuable improvements to the city.

The building record, established regardless of present high costs, bears good evidence of the city's growth along lines that are sane and permanent. A home town is always a reliable town.

The record for 1919 should be equalled if not surpassed in 1920. All local houses are occupied and new houses are in eager demand. A home in Pendleton is a good investment because the city has a solid backing and is growing. Costs are high, it is true, but they will remain high for a long time, if reduction depends, as many believe, on currency deflation. If in a position to build you need not hesitate because of the cost.

NO PRIVILEGED CLASS

DEMOCRACY means democracy. It does not mean rule by the proletariat nor by the patricians. The government is justly waging relentless warfare on the "Reds" who have been plotting to overthrow our form of government and who would set up in this country, if they could, a duplicate of Russian tyranny and demoralization.

The people approve of the anti-boishevik campaign. They know it is just and timely.

Neither do people want disorder from patricians. They believe all should be amenable to the law, be they rich or poor. If a rich man gets drunk and through recklessness kills some one with his car he should go to jail. He should not have privileges that are not granted to other men who have less money and fewer lawyers under fee. Whenever a man of wealth or prominence is given special treatment by a court discontent is aroused and people tend to question the workings of democracy. They have grounds for doing so.

Real democracy calls for making the nation safe against either a privileged proletariat or a privileged plutocracy. Americanism calls for a square deal for all and no favors. Let those who do not believe in such a system get out.

WHY A COMPROMISE IS SO HARD

SENATOR REED, according to an interview in the Oregonian, had a wire from his secretary in Washington saying that "anti leaguers are standing on the Lodge resolutions." Reed stated he had similar information by wire from Lodge and Borah. Therefore the Missouri senator had no fears regarding stories of a compromise.

The Reed interview provides us inside facts on why it is so hard to compromise on the peace treaty.

Senator Borah once said he would oppose the league of nations if submitted by Christ himself.

How can people expect Woodrow Wilson to accomplish something that a leading senator said he would not do even for the Son of God?

The object of the reds was to overthrow existing government in this country and elsewhere and to murder all who yeaped. Hence there is no need of tears over the arrest of some thousands of Trotsky followers in this country. Line them up and send them all to jail or to Russia.

Let every citizen work to get a complete enumeration in Pendleton. If you know of people who are temporarily out of the city report them to the enumerator. He is supposed to take your report.

Newspapers that blame President Wilson because a republican senate has failed to ratify the peace treaty are at least to be complimented on their nerve. But they have a hard job on their hands even with Jonathan Bourne at the publicity helm.

AN OVERSEAS DIARY

(By Rev. J. E. Cornelison who served with the Y. M. C. A. overseas.)
Wednesday, August 23.—Mr. Moncroft our chief divisional secretary visited our canteen today. He brought with him Mr. John Barnes who is to be his successor in this division. He intimated that I might be sent to relieve some other "Y" man. I am willing.

Thursday, August 23.—Beautiful day.—Sun actually shining, strong wind blowing toward the German lines. This is being utilized to send over scores of propaganda balloons which scatter far and wide all sorts of information to the German soldiers. These are said to contain information as to how many American troops are already in France and that the new draft laws enrolled about 15,000,000 more. One balloon had fallen short and some of the men had read the information and were telling it in the canteen tonight. Shells began to come over early. Some were "deeds", the most of them perfectly good whizzbangs. They lit very close, in fact too close for comfort, if I had anything to say about it. One almost got our target tank while I was going after water. Bob Westfield, the soldier detailed to help us looked out and saw the geyser go up in line with the tanks, so he told me and he said, "good bye Jimmy." But in about fifteen minutes I showed up with two buckets of water. He was pleasantly surprised, and asked for details. There were none. It was just a miss. We are taking our blunnes along with all the men in this war game. As I write this tonight it is raining again, and exceedingly dark, yet the big guns roar on all sides and all the front lines not far away, are kept continually lit up with light of different colors, and amazing star lights just falling parties in the darkness get across "No Man's Land."

Activities Hold Meetings.
Meetings of the various activities of Pendleton high school were held this morning. The literary societies, glee clubs, the orchestra, the drama club and others all reported interesting sessions. Each activity has a member of the faculty in charge who supervises the work.

Students Should Be Counted.
Inquiry from numerous persons has been made regarding the enumeration of sons and daughters who are students at institutions outside of Pendleton. This point has been looked upon the census rules and provides for their enumeration in the place which they call their permanent home. Such being the case, about 100 or more young folk now absent from the city at schools and colleges should be listed by their parents when the enumerator calls.

Five Are Gregg Experts.
A. C. Crowe, instructor in the Pendleton high school commercial department and considered one of the best commercial teachers in the state, announced this morning that five of his advanced shorthand class have earned membership in the order of Gregg artists. Several others will probably receive certificates in a short time, he said. Those earning the honor thus far are: Clara Eldridge, Esther Jenkins, Caroline Schnitter, Helen Koch and Ninta Clarke.

Sum Collected for U. of O.
The sum of \$25.95 was collected in Pendleton during the Christmas vacation for the University of Oregon Women's Building from the milk bottles distributed to various business houses in the city for collection of funds for

The building, a committee composed of Miss Helen Nelson, Mrs. Margaret Phelps and Harold Brook. Pendleton students at the university, collected the funds from the bottles. Contents of a few of the bottles were donated to the Salvation Army. The bottles have been removed as the milk bottle campaign has been closed in this city.

Twenty-Six Inches of Snow.
Twenty-six inches of snow has fallen at the head of Cable creek, according to word received today by W. W. Cryder, Umatilla forest supervisor. Cable creek is in the Pearson Meadows district and such a heavy snow is unusual, states Mr. Cryder. The snow is hard packed.

For Motherhood A Woman Testifies

Omaha, Wash.—"In the five years we have been married we have had three children and lost two of them. I doctored with two of our local doctors and they told me I had kidney trouble. I began taking Dr. Pierce's medicines, first having written to Dr. Pierce's Invalids' Hotel, in Buffalo, N. Y., telling exactly how I was and had been, what I had done, and asked what I should do. They told me to take Dr. Pierce's Favorite Prescription which is a woman's medicine; the Golden Medical Discovery for the kidneys. I took all of these medicines and today I have a strong, healthy baby girl, also I am better than I ever was before."

"I can never thank Dr. Pierce enough for his kindness in giving me advice all during expectancy and in analyzing the samples, free of charge, that I sent to him."

"I would be glad to answer any questions that I can in regard to what Dr. Pierce's wonderful medicines did for me."
—MRS. H. D. SIMPSON.

Stockton, Cal.—"I had feminine trouble, displacement, inflammation, terrible headaches, terrible backache and a catarrhal condition. I also had indigestion very badly. I had tried other things but nothing seemed to help me until I took Dr. Pierce's Favorite Prescription. It cured me—I got well and strong. I took three bottles."
