BOMB EXPLODES AT OAKLAND STATION

OAKLAND, Jan. 7.—A bomb placed on the porch of the East Bay Water company's pumping station, exploded Wednesday night when it was picked up by James Hamilton, an employe of the company.

The station is in an exclusive residence district. The noise of the explosion reached for several blocks, but New Year's eve revelers in the neighborhood took it to be a part of the night's celebration.

Hamilton was badly burned about the hands, face and eyes. Investigation has developed no explanation of the presence of the bomb, and the police are uncertain whether it was the result of a boy's prank or of some one who wished to damage the company's property.

TAXATION SAVES LIFE OF APATHETIC PARISH

CHARLESTON, S. C., Jan. 8.—(By United Press)—A practical plan to persuade members to attend services and support church work has been found here in the insurance plan put into operation by Rev. A. E. Cornish, rector of St. John's Episcopal Mission.

In the two months plan, whereby the Church insured its members, has been in operation the membership of the church has increased to such an extent that plans are on foot to raise a \$50,000 fund for building a larger church. Early last summer Rev. Cornish found the members falling off and apathy. Attendance was falling and the vestry was becoming alarmed at what seemed to be a sure death for the parish. The pastor hit upon the idea that to induce members to take an interest in the church he would have to give them something to do. Calling his leading members into council with him, he laid before them the plan to tax each working man and woman in the parish one day's wages a month. All others should pay \$1.00 a month each, it was decided. With this fund he proposed to pay benefits to the sick, the poor and needy and to relatives of members who died. The scheme was declared workable and put into operation. During the first month 54 members subscribed. In the second month the subscriptions had mounted enormously until now Rev. Cornish declares interest in church work and social service are at the highest point. Members over 70 years old get pensions of \$2.00 a week. Those ill receive \$5.00 a week. Relatives of dead are given \$100.00 each. Interest is such that now Rev. Cornish has undertaken to obtain the church building fund by selling 1000 \$50 bonds payable in cash or in installments. Other plans including a nursery have been proposed by women members.

HER TOE ROUTS GANG

MARIE BROCHSTEIN

CINCINNATI—When a gang of bandits entered the First National Bank at Lockland, Miss Brockstein, the bookkeeper, held up her hands obediently, but nothing was said to her about her feet. She found an alarm button on the floor with her tapering right toe and pressed it down. A big song started to ring. The gangsters fled.

But Not the University. Mrs. Edwin was showing Selma, the new Swedish maid, "the ropes." "This," she said, "is my son's room. He is in Yale." "Ya?" Selma's face lit up with sympathetic understanding. "My husband has there, too." "Is that so? What year?" "Ach, he has got no year, da Judge just say, you Axel, 60 days in jail."—Truth Seeker.

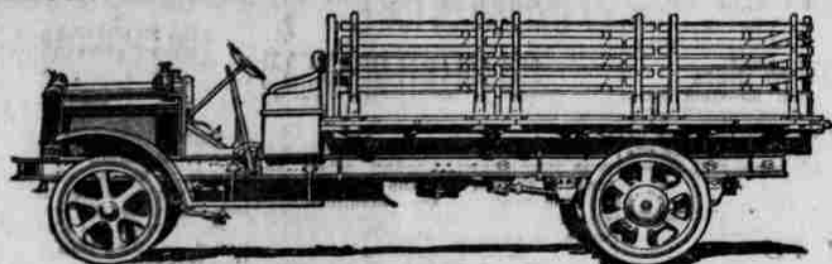

LEPERS IN JAPAN, NUMBERING 16,000, PRESENT PROBLEM

TOKIO, Jan. 7.—Japanese health authorities are considering means of dealing with the segregating lepers, who now number approximately 16,000 in the country. Ten percent of that number are confined in the leper's hospitals in Tokio, Osaka, Kagawa, Kumamoto and Amori. Patients who are admitted to the hospitals are poor persons, and

these institutions are receiving a governmental subsidy of one-sixth of the total expense.

The Way to Buy a Truck

Until a make has been operating a number of years it has no chance to prove its life. It is still experimental. There are Whites eight and nine years old, which have run 200,000 and 300,000 miles, and are still giving the best of service.

WHAT IS ITS RECORD?

What a truck has actually done, over a period of years in the hands of thousands of owners.
