## FLU AND RHEUMATISM FATAL TO YOUTH OF 11

(East Oregonian Special.)

UMAPINE, Jan. 8.—The home of Mr. and Mrs. Sam Keyes, living a mile south of Umatilla, was saddened Monday when their son Warren aged 11, died after a month's illness. He contracted influenza, followed by rheumatism and valvular heart trouble, which resulted in the boy's death. The body was taken to the Milton undertaking parlors following which interment was made in the Weston cemetery Mr. and Mrs. Keyes are from Weston and have many relatives and friends in this section of Umatilla County.

D. O. Saunders, who has been seriously ill with pneumonia in the hospital at Walla Walla is convalescing and will in all probability be well enough to come home next week.

Miss Elynn Wiffley who has been seriously ill with influenza, followed by rheumatism and heart trouble is also making a good recovery.

Saturday night, a merry crowd of Umatilla people enjoyed an evening of dancing at the home of Mr. and Mrs. O. W. Carpenter. Those present were: Mr. and Mrs. Claude Beale, Frank Beale, of Canada; Mr. and Mrs. Craig Tull, Mr. and Mrs. Charles Workman, Gregy Workman, Mr. and Mrs. W. H. Phillips, Mr. and Mrs. Jim Wisenor, Lafe Wisenor, Mr. and Mrs. W. O. Wisenor, John Davidson, Mr. and Mrs. Parker, Frank Rominger, Ray Recorder, Dan J. Kirks, Mrs. Hull, of Tumalo; Rita Beale, Romine Kirk, Ivan Martin, Thelma Phillips, Mrs. Maggie Sanderson, Ell Romanis, of Portland; Miss Sharpe, Mr. and Mrs. Carpenter. Refreshments were served at a late hour.

Frank Beale is visiting relatives in this vicinity. He formerly lived here but is now located near Lethbridge, Canada.

Last Wednesday evening the local Oddfellows Lodge celebrated their tenth Anniversary with a roast goose supper to which their wives and sweet hearts were invited. Over 200 were served during the evening. The supper, which is an annual affair, was served by the men. R. P. Kirkpatrick, representing the Grand Master of Oregon was present as well as Sam Barnes of Weston and Eral Williams, Past Grand Master of Pendleton. Dan J.

## ONE SMALLPOX CASE REPORTED AT GURDANE

(East Oregonian Special.)

GURDANE, Jan. 8.—A case of smallpox is reported at the Charles Nelson home. The home is not quarantined as the case is out from the house. Joe Garris, who is employed at that place, is the patient.

Mrs. Vern Cates and her mother, Mrs. Olinger, who is visiting her from Milton, spent Friday with Mrs. Roy Montgomery.

A big dance was given at the Jim Cramer home near Nye in his barn Friday evening. A large crowd attended and the weather was fairly good. All enjoyed a big time.

Mr. and Mrs. J. Spencer spent New Year's day at Roy Montgomery's.

A number of friends gave Mrs. Jim Stanton a surprise party New Year's night at her home at Nye. A large crowd attended and all enjoyed games until a late hour.

Mrs. Stanton was home during the school vacation. She has been in Walla Walla sending her daughter to school this winter.

Ed Chapman went to Pilot Rock Thursday.

Mrs. Del Valle and son Danny of Portland and Mrs. Ed Jones of Walla Walla are at the home of their parents Mr. and Mrs. Wilfrey and assisting in caring for their sister Miss Elynn who has been very ill.

Mrs. Paul Caldwell a sufferer from scarlet fever is still critically ill at her home in Umatilla. Her friends are hoping for her recovery. Her little son Ardell has recovered.

Fay Givens, Thelma Phillips and Allen Uperfat have been spending the Christmas holidays in Walla Walla and Prewater visiting friends.

Mrs. Maggie Sanderson and brother Eli Romine were guests at their sister Mrs. Dan J. Kirk this week.

Mr. and Mrs. James Kirk were guests at the W. W. Phillip home last Wednesday.

School reopened in the Umatilla districts after being closed for three weeks. The attendance was not up to normal, owing to the heavy snow fall during the past 12 hours.

A gem of thought is often inspired by a bad setting.

Some people put on airs while others merely whistle them.

## MRS. CHESNUT HONORED BY ADAMS REBEKAHS

## P. CHARGES LIBEL

LONDON.—A. Lye-Samuel, member of parliament, has brought action against his opponent, F. W. French, for alleged libelous statements in regard to his past life. He is said to have speculated himself into bankruptcy in America, married a rich widow and returned to England. He is here shown with his second wife.

# HUMANITY'S GREATEST FIND!

## Pyros Is Last Word in Preventative Dentistry! The Very Essence of Mouth and Tooth Hygiene!

**PREVENTATIVE DENTISTRY.**  
The great cry of highest dental authorities today is "preventative dentistry"—anything to prevent the roads of disease caused by tooth decay and pyorrhea. Just stop and contemplate how serious a menace pyorrhea is becoming to the human race!

**90 PER CENT OF ADULTS HAVE PYORRHEA.**  
Late reports and statistics gained by the dental profession show that 90 per cent of all adults now have pyorrhea to a more or less extent, and that it will be only a question of a few years when every human being will be afflicted.

**25 PER CENT DEARTH OF DENTISTS.**  
There are not at this time enough dentists by 25 per cent to properly care for tooth and gum diseases of all the people. Is it any wonder, then, that the greatest scientists of the dental profession are spreading the doctrine of preventative dentistry?

**PYROS GREATEST DISCOVERY.**  
Pyros is the greatest discovery in the world for preventative dentistry and as a great service to humanity and the dental profession. These are reasons for thousands of dentists endorsing, prescribing and using Pyros.

**PYROS IS DENTAL HYGIENE.**  
Dental hygiene is receiving marked attention and is being extolled throughout the world. Pyros is the last word in Dental Hygiene, for it is the very essence of hygiene itself.

**DENTIFRICES CANNOT THOROUGHLY CLEANSE.**  
You may use tooth pastes and tooth powders and brush your teeth several times daily and still your teeth develop cavities, thus proving these dentifrices cannot properly cleanse.

**PYROS IS POWERFUL GERMICIDE.**  
Pyros, through its remarkable antiseptic and penetrant properties, goes right to the crevices and tooth sockets and becomes a powerful germicide, which eradicates pyorrhetic germs, tooth film and tartar where millions of germs propagate, thereby causing tooth decay.

**WHAT THE WORLD HAS BEEN WAITING FOR!**  
**PYROS**  
FOR PYORRHEA  
A PERFECT DENTIFRICE  
TOOTH CLEANSER  
MOUTH WASH

**STATESMAN DIES OF PYORRHEA INFECTION.**  
One of America's greatest statesmen and most honored citizens recently died from an acute attack of rheumatism, which the doctors pronounced as being directly traceable to an old pyorrhetic infection at the root of the tooth.

**THOUSANDS OF FATALITIES CAUSED BY PYORRHEA.**  
Thus probably thousands of people are dying from ailments directly traceable to insidious pyorrhetic conditions of the teeth.

**PYROS PREVENTS PYORRHEA.**  
You, yourself, should practice preventative dentistry, and the way to accomplish it is by taking Pyros and prevent the onslaught of pyorrhea.

**PYROS EXCELLENT MOUTH WASH AND TOOTH CLEANSER.**  
Other reasons for Pyros are its unexcelled tooth-cleansing qualities, mouth wash and throat gargle. Its use will cause the teeth to become naturally white if the film and tartar has not already penetrated the enamel. It affords that clean, pure breath and refreshing after-taste so much desired by all.

**PYROS IS ANTISEPTIC GERMICIDE.**  
It promptly corrects spongy, soft, bleeding, receding and ulcerated gums; tightens loose teeth; prevents decay of the teeth. Pyros checks pyorrhea at once, whether in its first or later stages.

## CLOSELY RELATED TYPES OF BEAUTY

**LADY LISBURNES** — The Italian type of beauty is beautifully represented by Donna Hortensia di Mignano. Grace and soft, round contours are among her greatest charms, together with a delightful-speaking voice, and certain dramatic gifts of expression and gesture. Closely related is the Chaldean type of beauty, of which Lady Lisburne, wife of an English nobleman, is a lovely example. She is of the Spanish type.

# You can drink INSTANT POSTUM

Without fear of any of the after effects which often follow coffee drinking.

Postum has a thoroughly pleasing flavor greatly liked by those accustomed to high-grade coffee

There's not a trace of "Caffeine" in Postum, so sleepless nights do not follow, and headaches, nervousness and indigestion do not result from its use. **"There's a Reason."**

Made by Postum Cereal Co. Battle Creek, Mich.

## "PINK CREPE DE CHINE SOUL" LEADS TO BARS

CHICAGO, Jan. 8.—Working in a pink department of a big State street store and selling flimsy what-you-call-'ems to unattractive women with half her sense of appreciation was the ruin of Ida Watson. With a shudder, she told the story to a Chicago Tribune reporter from behind the bars at the county jail. She declared she never did a dishonest thing in her life until a few weeks ago, when she started stealing pink satin Teddy bears and bloomers.

"I believe," she sighed, "that I have a pink crepe de chine soul."

In two weeks Ida had taken home from the department where she worked about \$200 worth of pink things, taking them two at a time and stuffing them into her velvet purse.

"I have been going with a young man who lives on Michigan avenue. He is very rich and every day he came to the store in his limousine and took me to lunch. If he knew this he would help me, but he would never have anything more to do with me. I might be able to land some rich man if—nobody knew."

**The Closed Shop.**  
"No, Richard," she replied firmly. "I cannot accept your love you, but I can never be yours."  
"Why not?" he demanded.  
"I am a member of the Consolidated Sweethearts' Association, which is allied with the Lovers' Union, and I am, therefore, pledged to marry none but a member of the Lovers' Union, and not belong to the Lovers' Union."

—Boston Transcript.

## The Ease of the Chalmers Engine Has a Story

WHEN you sit behind the wheel of a present day Chalmers you will long remember the rare ease of its engine.

It responds to the slightest call without effort. At high speed you are conscious of no great activity under the bonnet. But you roll along with a certain comfort of mind that is comparable only when you lag along at slow speed and note no "breaking," no "missing," no jerky action—but a quickness, a silence that is smooth and expressive of high efficiency.

There's a story back of this. Most troubles in a car come from vibration. In a Chalmers there is so little vibration as to be negligible.

Its crank shaft and reciprocating parts are balanced to a fraction of an ounce, both static and in motion.

More than this, Hot Spot vaporizes the raw gasoline into a "fog," and Ram's-horn supplies each cylinder with an even "charge."

This provides double insurance against vibration, and generates an ease of action not often found in a motor car.

Once you experience this you, too, will say Chalmers is one of the few great cars of the world.
