

# EXECUTIONS OF REDS IN HUNGARY STYLED MEREST FAIRY TALE

### New Premier Claims Only 28 Persons Sentenced to Die by Action in Legitimate Courts; Karolyi Rule in Abyss.

BY EDWARD J. BING  
(United Press Staff Correspondent.)  
BUDAPEST, Jan. 9.—"The stories spread abroad that 10,000 communists have been executed in Hungary since the overthrow of Bela Kun's soviet government are fairy tales," Karl Huszar, the new Hungarian premier, declared in a recent interview with the United Press. "So far 28 persons have been sentenced to death in action in legitimate courts against the bolsheviks," Huszar said.

The sentences resulted not from political crimes, but on the evidence of reliable witnesses that the condemned had murdered and robbed numerous persons.

**Mobs Lynched Leaders.**  
"It is true that after the collapse of the Hungarian bolshevist government a number of leaders were lynched by unbridled mobs," Huszar continued, but he ridiculed the stories of the so-called "white terror" as pure myths. "After the military collapse of Austria-Hungary," Huszar said, "the resultant confusion and weakness plucked the Karolyi government into the abyss."

"Criminal leaders of the bolshevik, returning from Russia, utilized the consequent disorder to summon the dictatorship of the proletariat. The history of the Hungarian bolshevik is well known. They conducted themselves in such a manner that the people and the nation were economically ruined."

"Daily the bolsheviks sentenced many to death, knowing they were guilty of nothing but a desire to see return of orderly moral conditions. The red troops murdered thousands after the most perfunctory trials at the hands of revolutionary tribunals."

**Bolsheviks Executed 2000.**  
Huszar said the number thus executed was estimated at not less than 2000. The number executed for disobedience after forcible enrollment in the red armies is not known, but it must be high, he added.

"Property damage conservatively estimated at millions of kronen resulted from the red dictatorship," the premier continued. "Property was robbed, homes plundered and the national income dissipated."

"The present Hungarian government was chosen by the people. It is responsible under my leadership, to the national assembly. We are trying to restore order and moral safety."

Asked if Hungary is still menaced by bolshevism, the premier replied: "Hungarians now stand far from the bolshevist groups."

## LACK OF LIVING WAGES FOR TEACHERS PLACED ON BORDER OF CRIME

LOS ANGELES, Jan. 9.—(United Press)—"The lack of living wages for the school teachers of America is 'nothing short of a national crisis,'" according to Dr. William T. Foster, president of Reed college, Portland, Oregon.

Dr. Foster, addressing the California State Teachers' convention here, suggested that the pedagogues form a union, as one way of meeting the "crisis," but he strongly opposed affiliation with the American Federation of Labor, as has been suggested by some of the country's educators. "A survey of annual salaries in the state of Washington," declared Foster, "gives these averages for the past year: rural teachers, \$746; high school teachers, \$885; principals and superintendents, \$1120. We are beginning to climb. Let us compare stenographers, \$1200; clerks, \$1220; cooks, \$1500; switchmen, \$1650; carpenters,

\$2040; locomotive engineers, \$2160. And some of these at the top of the scale are striking for higher wages.

"Teachers should deal directly with those to whom they are responsible—all the people. Judges, members of congress and policemen would make the same mistake in affiliating with the American Federation of Labor, or with any other minority organization. Among servants of all the people, divided allegiance cannot be tolerated. "I am aware that some advocates of a union of teachers with the Federation of Labor contend that none of these evils are contemplated for the public schools. But whatever is now contemplated, such a union leads to these evils."

"Teachers should have unions as a matter of course; they never had a national organization worthy of the name. But they should have unions which safeguard rather than endanger the supreme compensations of teaching as a profession."

## PACIFIC VESSELS TO REMAIN AT POSTS

LONG BEACH, Cal., Jan. 9.—Admiral Hugh Rodman, commander in chief of the Pacific fleet, today announced that all vessels of the fleet would remain where stationed now for another two months at least. About the middle of April, he said, he hoped to have all units in southern waters to target practice, extensive maneu-

vers and flight exercises.

Admiral Rodman gave the disposition of the fleet as follows: Superdreadnaughts New Mexico, Idaho, Mississippi and Texas, to remain at San Pedro until about March 1, when it is expected they will steam to Bremerton.

Battleships New York, Arkansas and Wyoming to remain at Bremerton until about April 1, when they will team south in company with the New Mexico, Idaho, Mississippi and Texas to join the other vessels.

The destroyers will remain based at San Diego.

## GOVERNMENT OFFERS TWO NEW FORMS OF SAVINGS CERTIFICATES

NEW YORK, Jan. 9.—The government has offered two new forms of savings certificates to the public. The first is a treasury savings certificate in denominations of \$1000 and \$500, respectively. During January they will sell at \$24 and \$22.40, respectively. The certificates will mature at full face value in January, 1925.

The other new issue is a war savings stamp of \$5. It will, like the present stamps, sell at \$4.12 in January. It can be bought—also like the present issue—was thrift stamps of 25 cents each.

The new stamps bear the head of George Washington and are printed in carmine ink. They are slightly larger than the previous issue.

A directory of growers of purebred poultry in Idaho issued by the University extension division contains 79 names. Fifteen breeds of hens are listed, as well as several kinds of turkeys. P. A. Gingrich, at Twin Falls, raises wild mallard ducks.
