FORD

The Universal Car

Don't Depend on Spring Deliveries

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait—even next month is an uncertainty. Only a limited, specified number of cars has been allotted to this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

First come—first served. All orders are filled in rotation. So, if you would be forehand, if you would be certain of having a Ford car when you want it—then you will buy a Ford now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay up" your car for the winter. Buy a Ford car now, and use it now.

Insist on Genuine Ford Parts.

Fined \$10 for Assault.
Carl Shiffer pleaded guilty in justice court Monday afternoon to a charge of assault and battery and was fined \$10. The complaint was sworn to by W. C. Podicork. Shiffer showed signs of a battle as he appeared before the justice.

Metz-Ehbert Case Still On.
The case of S. Metz & Sons vs. W. L. Ehbert had not come to the circuit court jury by press time today and it was considered doubtful if the case would be completed today. Both sides are seeking damages and the legal battle is keen.

James Estate Admitted.
The estate of the late Ashley W. James was admitted in probate court Monday with Albert B. James, the deceased's father, as administrator. Personal property worth \$1022 and real property worth \$1000 were left by the young man. There is estimated to be \$500 indebtedness against the estate.

Mrs. Hodgson's Estate Admitted.
The estate of the late Mrs. Malinda Jane Hodgson was admitted to probate court today and E. J. Davis was appointed to administer it. The petition estimates that the deceased left property worth \$4500 and A. C. Conrad, P. J. Melhoff and N. McDonald were appointed to appraise it.

Jackson Case Set for Today.
The case of the State vs. Leonard Jackson, charged with theft of a bicycle at Freewater, is supposed to be tried in circuit court this afternoon but will not be unless the jury returns a verdict in the Metz-Ehbert case. Several witnesses have been brought from the east end to testify in the Jackson matter.

Metz-Ehbert Case Is On.
The case of S. Metz & Sons vs. W. L. Ehbert is being tried before the circuit court today and it is considered probable that the case will continue into tomorrow. The plaintiff brought suit for judgment on a note of \$1200 and the defendant, in a cross complaint, is seeking damages of \$2000. Charles H. Carter and James H. Haley are representing the plaintiffs and James A. Fee is appearing for the defendant.

Born in 1839 Dr. Caldwell Still in His Office Daily

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin. Millions now use his famous prescription

Physicians know that good health depends largely upon proper digestion and elimination and that much sickness results from constipation. No one knows this better than the "family" doctor, the general practitioner.

Dr. W. B. Caldwell of Monticello, Illinois, was and is a family doctor. The whole human body, not any small part of it was his practice. More than half his "cure" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

Dr. Caldwell in the course of 40 years' practice, for he was graduated from Rush Medical College back in 1873, had found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year the preparation was first placed on the market. The picture of Dr. Caldwell that appears on the package was taken in that year.

The preparation immediately had as great a success in the drug stores as it previously had in the doctor's private practice. Today the third generation is using it.

Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it, for Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formulator of that prescription is fortunately living to see its wonderful success.

Women, children and elderly people are especially benefited by Dr. Caldwell's Syrup Pepsin. While it is promptly effective in the most obstinate cases, it is mild and gentle in its action and does not cause griping and strain. Containing neither opiates nor narcotics, it is safe for the tiniest baby and children like it and takes it willingly.

Every drug store sells Dr. Caldwell's Syrup Pepsin. Keep a bottle in your home. Where many live someone is sure to need it quickly.

DR. W. B. CALDWELL TODAY
Born in Pennsylvania, March 27, 1839
Began the manufacture of his famous prescription in 1892
In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

REPUBLIC TIRES

With STAGGARD Studs

THE Staggard Studs of Republic Tires

Keep the car where you steer it—on any road of any kind.

They bite down deep into mud—they hold the road with positive grip.

Anyone who has ever driven on a slippery dirt road, knows how hard it is to stay on the crown, or even in the track.

With Republic Tires you have quite a different experience.

The Staggard Studs always head in the direction of travel. They make steering easier, and drive the car steadily forward without slide or side-slip.

The size and shape and position of Republic Staggard Studs assure maximum grip with minimum friction, wherever you drive.

This tread exerts 100 per cent tractive effort; yet it wastes no power in undue road friction.

These unique and valuable advantages of Staggard Studs—and the actual last-longer qualities of Prodim rubber—are to be had, of course, only in Republic Tires.
