

Social and Personal

Friends of Miss Leell Evans, daughter of Rev. Nathan Evans, former pastor of the Methodist church here, will be interested to know that she is the first woman to be regularly appointed as assistant pastor of a Seattle church. Miss Evans is to be associated with Rev. Archibald T. Tynan of the University Methodist Episcopal church of that city, and in addition to her pulp duties there she will devote much of her time to work among the women and children of the church, with the title of Women's Worker.

The honor was conferred upon Miss Evans by the Centenary Committee, which has headquarters in Philadelphia, Pa. She has had considerable experience to fit her for the new position, for she has frequently assisted her father, pastor of Foote Memorial M. E. church in his pastorate.

After graduating from the high school at Hood River, Miss Evans took an advanced course at the Washington state normal school at Ellensburg and she is a graduate of the University of Washington. She received a life diploma after three years of teaching in the city schools of Pendleton and Ellensburg, Wash. She also had charge of the story-hour work of the Pendleton public library for two years.

Miss Evans was president of the Y. W. C. A. at Ellensburg and served two years as a superintendent of the Y. W. C. A. County Sunday School Association. It was while she was teaching in Pendleton that she had the largest class of high school boys in Oregon at the time of the state convention. In the Seattle field she has served for the past year as president of the Foote Memorial Epworth League and has taken special work along social service lines.

Miss Midge Peters of Walla Walla is visiting Mrs. Gunnar Peterson for a week or two.

Among newcomers being welcomed in Pendleton is Mrs. W. P. Griswold, recently of Sioux Falls, South Dakota. Mrs. Griswold is domiciled at 414 Bush street.

Mr. and Mrs. Thomas Campbell, Jr., with Mrs. Campbell's brother, Byron J. Stansfield are leaving for Shanghai, China, via Vancouver, January 22. Mr. Stansfield and Mr. Campbell have taken positions with the China Lumber

Importation company. Upon his return from France, where he served for 12 months, Sergeant Stanfield took up his residence here with his parents, Dr. and Mrs. Joshua Stanfield, and recently accepted the position that leads to residence on the other side of the Pacific. Mr. Campbell is the son of Mr. and Mrs. Thomas Campbell of Hermiston. He recently returned from France where he served as a member of the 361st Ambulance Company—Oregonian.

Members of the Spitzerinkum Club are to be guests tomorrow of Mrs. E. T. Avison at her home on Lewis street.

The Lavender club will meet tomorrow for the first time in the new year adjournment having been taken over the holidays. Mrs. Louise F. Lampkin has asked the members to be her guests and a program has been prepared.

Regret is being expressed in Pendleton over the intended departure of the C. F. Colesworthy family, who plan to leave soon to make their home in Sawtelle, California, a suburb of Los Angeles.

Mr. and Mrs. Colesworthy and Joseph Colesworthy, who plans later to return to the University of Washington to complete his college course, expect to depart the end of next week or during the first days of the one following and Miss Margaret Colesworthy, now in Seattle, will accompany her brother south at the end of the spring term. She plans later to enter the University of California. Joseph Colesworthy will receive his degree in June.

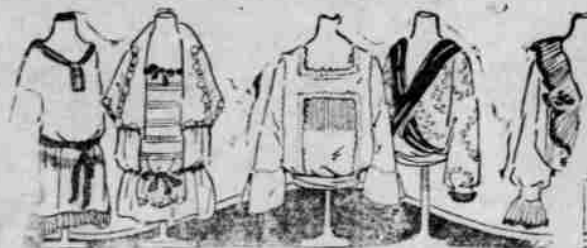

Mr. Colesworthy in Sawtelle will enter the fuel and feed business and road construction in which he is interested. Mr. Colesworthy has been in this city since 1881 and the well known pioneer family will be sincerely missed from Pendleton.

A meeting of the Thursday Afternoon Club postponed from last week will be held tomorrow in the club room of the library, members being asked for a 2 o'clock business meeting with a program on "Child Welfare" to begin at 3. Mrs. W. D. McNary and Mrs. E. T. Wade are tomorrow's hostesses.

At the home of Mrs. Abe Molstrom yesterday members of the Busy Bee club of the Maccabees and a few additional friends enjoyed a delightful meeting. A short session of business was followed by an informally spent afternoon, a guessing contest in which Mrs. A. H. Wendt and Mrs. Tillie Walters were awarded first and second trophies, proving an interesting diversion. About 50 guests were present.

EXODUS OF FINEST HORSES IS DEPLORED

By W. H. SMOLLINGER
Secretary of the American Trotting Association.

(Written for the United Press.)
Almost every day some new name is added to the list of fast American trotters sold for export and if the exodus is not checked before long we will begin to feel our losses severely irrespective of the very sizeable sums of hard cash that remain with us in lieu of these horses. This is especially true with the last notable instance—the sale of the black stallion "Binland" (2:03 3/4) to a horseman from Milan, Italy.

Binland, now seven years old, is, with the sole exception of Crepuscul (2:02 3/4) by far the best and fastest standard-bred trotting stallion that has yet been bought by the foreigners. And as regards Crepuscul, that famous horse was far past his prime when he found a new home in Russia—where he died, perhaps mercifully, in December, 1915, before the "red terror" had set in. Binland, however, is right now in his prime and there is a very great likelihood that had he remained in this country, he would have in 1920 trotted to a faster record than that of Crepuscul, even.

Our trotting breed, to date, has produced few such splendid specimens as Binland, whose breeder is W. L. Snyder of Springfield, O. His sire, Helen Binjolla (2:17 3/4), son of Blingen (2:08 3/4); while his dam was Alice Wren, by Ashland Wilkes (2:17 3/4). Alice Wren was for some years the favorite driving mare of Mr. Snyder, and he liked her so much that he determined to perpetuate her good qualities by raising some foals from her. As his son, the late John L. Snyder, was the owner of Binjolla, he rated her with that horse. She produced several times by him and then died prematurely while still comparatively young. Her first foal was a black colt that was named Binville and became a noted canaster, winning many races, over both mile and half-mile tracks, taking a record of 2:08 3/4 and capturing over \$15,000 in stake and purse money. Binland, foaled in 1912, was two years younger than Binville, the two being own brothers.

This past year he was unlucky. He started off by a really phenomenal performance, as in the very first weeks of the season, at Youngstown, O., July 5, he lowered the world's record for a stallion over a two-lap course from 2:07 3/4 to 2:06 3/4. Those who witnessed the feat predicted that he would trot in two minutes before the season closed. But he had the misfortune soon after to become lame.

He trotted one race in that condition, in which he was beaten by Antio Guy (2:03 3/4) and was then retired, as it was not thought wise to take any chances of breaking him down. But soon removed the trouble and before fall he was reported as good as new. Consequently his return to the turf in 1920 had been eagerly looked forward to. But his exportation ends all that.

The price paid for Binland by the Italians remains private, but it is known that it was a big one, probably in the neighborhood of \$15,000. But whatever it was, there is nothing left in America to duplicate him, consequently we suffer a distinct loss that cannot be replaced by money, when we bid him good-bye.

BONUS SOUGHT BY TEACHERS AT BAKER

BAKER, Jan. 14.—Claiming that their present salaries are not sufficient to permit many of them to remain in the field of pedagogy, Baker's high school teachers Friday requested the board of education to grant them an annual increase.

The request followed the receipt of a letter from J. A. Churchill, state superintendent of schools, advising the teachers that the goals in Baker is too low and that they would be justified in asking for a raise.

No Great Act of Heroism Required
If some great act of heroism was necessary to protect a child from croup, no mother would hesitate to protect her offspring, but when it is only necessary to keep at hand a bottle of Chamberlain's Cough Remedy and give it as soon as the first indication of croup appears, there are many who neglect it. Chamberlain's Cough Remedy is within the reach of all and is prompt and effective.

The Best Cough Medicine
When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Cumberland, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."

Don't You Forget It.
Fear in mind that Chamberlain's Tablets not only move the bowels but improve the appetite and strengthen the digestion. They contain no poison or other digestive ferment but strengthen the stomach and enable it to perform its functions naturally.
