U. S. DIPLOMA SEEKERS WIN ATHLETIC LAURELS

BY HENRY L. FARRELL
(United Press Staff Correspondent)

NEW YORK, Jan. 15.—Frank Merriwell could "run the hundred in nine flat." He could strike out twenty-seven men. He could score a touchdown a minute. And he could do lots of wonderful things.
But Frank was a story book boy. There are some boys striving for diplomas this year, however, that have the versatility of a Merriwell in a less exaggerated degree.
"Tubby" Clark of Harvard is one of the best known all-around athletes. He won his wreath of laurels on the gridiron last fall when he put his 220 pounds in the way of Jim Braden and hurled the Yale charger back after a fruitless assault for a touchdown on Harvard's one-yard line.

Clark has aspiration to become one of "those rare birds," a four-letter man. He is going out for baseball this spring and if he lands the pitching job he will have won his fourth letter. He puts the shot on the track team, is coverpoint on the hockey team, plays guard on the eleven and is a clever pitcher.
Chic Harley, the brightest football star of the west, is another who lists his accomplishments in fours. Harley twice has made the backfield of the All-American. He steps the 100-yards around in seconds, in a star on the basketball five of Ohio state and is an outfielder good enough to be offered a job by Joe Tinker, president of the Columbus American Association team.
Biggest Point Scorer.
"Big Bill" Rodgers, all-American full-back, the biggest point scorer of the year and the mainpring of the West Virginia eleven, is also a true man and an able ball player. He turned down the offers of several major league scouts last fall and decided to pursue his studies in chemistry.
Pard Pearce, star half-back of the Pennsylvania eleven, is such a good baseball player that it got him into

trouble. He assumed the name of Dwyer and went out in the Three-I league last summer and signed up with the Cubs, with whom he is going to play next season. He was declared ineligible for the Cornell game and was refused a letter when Penn officials learned of it.
Maury Trimble, the football star of Princeton, plays basketball, catches on the nine and does track work in addition to most everything on the gridiron.
All-Around Men Many.
Murphy, Dartmouth football pitcher and weight thrower.
Herrington Lehigh, football, high jumper and catcher.
Hastings, Pittsburg, half-back and short-stop.
Thorne Murphy, Yale, quarterback star drop-kicker and shortstop.
McNichol, Penn, half-back, basketball and baseball.
Brunner, Penn, football, basketball and baseball.
Felton, Harvard, quarterback and pitcher.
Felton, Harvard, quarterback and pitcher.
Cann, N. Y. U., football, basketball, track and swimming.
Storey, N. Y. U., football and basketball.
Quigley, Columbia, football basketball and baseball.
Higgins, Penn State, All-American end and wrestler.
Braden, Yale, fullback and track.
Boynston, Williams, quarterback and track.

PARIS BUSY PLANNING STYLES FOR MILADY'S AIR VOYAGE WARDROBE

PARIS, Jan. 15.—As the result of daily airplane services between Paris and London, as well as prospective airplane connections in the near future with all the leading European capitals, the designing of dainty airplane costumes has become one of the new tasks of Rue de la Paix.
The models now being shown are composed largely of fur, are guaranteed to be cold proof and fog-proof—this for the English channel—and are made in such a manner that milady can climb in and out of an airplane easily.
Future airplane shows are expected to have a large section given over heretofore to these millinery creations for aerial travel. Some of the designs now being shown are so attractive that thousands of women who would previously have died of fright at the thought of a flight across the channel are now clamoring for places in order to have an excuse for wearing one of the new creations.

EMPTY CARS BEING DIVERTED TO WEST

SALEM, Jan. 14.—That every effort be made by the federal railroad administration officials to divert empty cars west and thereby relieve the present shortage of carriers in the Pacific northwest was information contained in a telegram received at the offices of the Oregon public service commission Monday from Senator McNary.
In a previous telegram Senator McNary informed the commission that he had arranged for a meeting with railroad officials and it is believed here that today's message deals with the result of that conference.

PYROS CHECKS PYORRHEA

Pyorrhoea, being deep seated, is difficult and painful to reach by oral surgery, therefore the best way to treat it is to use PYROS which is a germicidal penetrant of such power and force that it goes through the gum and tooth root tissues and eradicates the germ factor. It acts forming there. PYROS is a perfect surface mouth-wash and tooth-cleanser.

Siamese Object to Walking. The Siamese, above all nations in the world, hate to walk. No such mode of progression is tolerated by a Siamese if he or she can by any means ride. A Venetian gondolier will ride on his rough cart, but a Siamese man—not if he can help it. His family boat for him.
