THE BROKEN LAW

They would keep the lark from singing
 They would pluck the eagle's plume,
 They would rob the stars of luster
 And the lily of its bloom.

Then they cry, "O give us beauty,
 Life and art without a flaw!"
 But they order figs of thistles—
 Golden brick without the straw.

Life and art without a flaw,
 Life and art without a flaw,
 They who crush the spirit's beauty—
 They who break the spirit's law.

—By Bessie M. Gorstene.

WHY NOT REWARD GOOD SERVICE?

A democratic gathering in Portland recently the various county chairmen were urged to "get out a full ticket" for the next election.

It is poor advice when applied to county affairs. When a county official, be he republican, democrat or something else, is performing his duties satisfactorily and is not using his position to serve partism ends the logical thing is to retain him in office.

If people irrespective of politics will cooperate to support officials who are making good, forgetting the party end, the general results will be wholesome.

As a rule a good official could make more money by giving up his office and engaging in private business. Under present conditions a county is fortunate to have such men upon its payroll and common sense calls for saving them unnecessary campaigning expenses when possible.

If these is anything wrong with this line of reasoning the East Oregonian would like to know where it is.

TRAVEL BROADENS

ROWING sarcastic over the fact the coming democratic national convention is to be held far from Gotham, the New York World says:

No national convention of either of the great parties has ever been held further west than Denver, but the democratic national committee, for some inscrutable reason, has selected San Francisco as the place for the 1920 convention.

He will indeed be a devoted democrat who voluntarily undertakes the long summer journey across the continent to cheer thirty-eight minutes when the name of his favorite candidate is mentioned. San Francisco will lavish hospitality upon the delegates, and they will have earned it.

Evidently the paramount issue in the democratic platform this year is to be "See America First."

After the results in 1916, how can anyone assert that it is not the part of good politics to "see America first?" At that time some politicians could not see the west before the election; after the election they realized that the west was big enough to swing the election, regardless of New York, Indiana and Illinois.

Criticism is made that much of the surplus army supplies on sale here has been sold in large quantities to big buyers, thus narrowing the benefits and at times keeping small purchasers from securing any of the cheap goods. If the purpose of the move is to reduce the cost of living, this procedure should be reversed. The small purchaser is in more need of help than is the large buyer.

It is admitted by most newspapers that sentiment is general for ratification of the peace treaty. It is also safe to assume that people who say they favor ratification mean just that. They do not mean annulment of important features of the treaty which the Lodge resolution would have accomplished had it passed.

Fish and game affairs should be kept out of politics. To leave the appointment of the commissioners to the legislature would insure the opposite.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-Time Sage Tea and Sulphur and Nobody Will Know.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or muffs the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

APPENDICITIS IS FATAL TO YOUNG MILTON MAN

(East Oregonian Special.) MILTON, Jan. 15.—Funeral services for Grant Steen, one of eastern Umatilla county's most popular and progressive young farmers and business men, were held from the Christian church at 1:30 o'clock Wednesday afternoon, being attended by relatives and friends of more than 600. Rev. E. E. Hamilton gave the funeral address.

Grant Steen, who with his brother, William H. Steen, has been engaged in extensive farming operations on Dry creek, four miles west of Milton, was born July 24, 1887, and has resided during the greater portion of his life on the Steen homestead near Milton. He is survived by a wife and one son, another son, Robert having died last September.

The deceased was in apparently good health until Tuesday of last week when he was taken with acute appendicitis and removed to the College Place sanitarium for surgical treatment, an operation being performed Wednesday at midnight. With

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less Meat if You Feel Backache or Have Bladder Trouble.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidney or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder aches and pains. Jad Salts is inexpensive and cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.
