Wheat Premiums Still Offered.
A premium of about 25 cents for club wheat is now being offered in this vicinity after a few days recently in which as high as 27 cents was the premium bid. Quite a number who have been holding their wheat unloaded at the 27 cent figure and as a result the holdings in the hands of farmers at this time are said to be considerably less. It is not expected that the premium will hit a much higher mark for some time, owing to the recent stand taken by the government grain corporation.

U. S. ARMY MAJOR SHOT IN NEW ORLEANS HOME

NEW ORLEANS, Jan. 16.—Major Harold S. Hetrick, United States army, in charge of the engineers of the Mississippi river district from New Orleans to Vicksburg, was shot and dangerously wounded at his home late Thursday night.

The police said they are not sure whether an unidentified man or Mrs. Hetrick fired the shot.

Mrs. Hetrick, according to the police, said a strange man in civilian clothing rang the bell, forced his way into the house and in a scuffle with the major who resented the intrusion, fired at him. She told the police, they said, that she fired a pistol at the stranger during the scuffle.

Major Hetrick was graduated at West Point in 1906 and entered the academy after leaving Yale in 1901. He held the rank of colonel during the war. His father, the Rev. E. J. Hetrick, retired Presbyterian minister, and his mother-in-law, Mrs. Jennie Gray were in the house at the time of the shooting.

Shortly after midnight surgeons at the hospital where Major Hetrick was taken said he was dying, the bullet having penetrating his brain.

MAN RUSHES IN, BUYS ANTIDOTE FOR POISONING OF WOOD ALCOHOL KIND

DENVER, Jan. 16.—Was it merely preparedness or was someone dying?

A well dressed man, in a big touring car, drove up to a drug store at West Colfax avenue and Irving street at 10 o'clock Thursday night.

He rushed into the store and asked the clerk for an antidote for wood alcohol poisoning. The clerk handed him some medicine which he thought might help a man who had been celebrating by drinking hair tonic.

The man grabbed the antidote and ran out to his car, driving swiftly up West Colfax avenue.

The drug clerk guessed that perhaps the man was merely getting ready to take a drink and wanted the remedy at hand.

IT'S A RACE

Between the High Cost of Living, and the Increase in Wages. Wages increase, and the cost of production thereupon increases and efficiency in production decreases. What we must do is to

PRODUCE! PRODUCE!

On every hand
We hear the roar:
We're getting less
And paying more!
The wage is high
But still we frown,
Because we find
Productions down.
The fate of man
Is surely tough,
He's long on cash
And short on stuff.
