GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat Less Meat if You Feel Backache or Have Bladder Trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eating of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy; full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Light and Mrs. Joseph Luer and was served by Miss Laurella McCarthy and Miss Iolanda Kloss. It is expected that the society will have between 40 and 50 members within a year. It will take care of the musical end of all programs and entertainments.

The Woman's Club of Pendleton is summoned to a "called meeting" Monday afternoon at the library, the day being set for the perfection of departmental organization. The Woman's Club is launched with two divisions, civic and literary, as a nucleus for future expansion. To Monday's meeting every Pendleton woman interested in club work is especially invited, and members will be aligned with activities in which they are most interested, each department electing its own chairman.

Thursday, January 29, has been chosen for the first regular meeting date of the club and in anticipation of the organization's future program in which keen interest is being manifested, Pendleton women are asked to be present at Monday's meeting or to send in their applications then in order that the club may start with a complete membership as is possible.

CONVERTS, NOT DOLLARS, SOUGHT BY METHODISTS

NEW YORK, Jan. 16.—Something new in drives is on. The Methodist Episcopal church has opened a worldwide campaign for 1,000,000 converts, not dollars.

The new departure will last from now until June 30, 1920, and is for the avowed purpose of "re-stocking" the church with Christians—the leading of the movement openly announced the faith lost 40,000 communicants by reason of the war.

The campaign is said to be the most stupendous religious undertaking ever attempted by any creed. One feature of the campaign, it was pointed out, is the fact that it is not being managed by any individual, but by the whole denomination.

It is believed the committee will "trail leading to queer places," according to some members. Some financiers may be involved, according to a senator who refused to let his name be used.

DEVEREUX COMPANY TO PRESENT COMEDY

One of the big events in the theatrical history of the city will be the visit to Pendleton of the Devereux Company with Zinita Graf. This high class aggregation of talented actors and actresses have been secured for a two day's engagement at the Oregon Theatre where they will present two of the greatest comedies in the knowledge of the theatre. On Thursday, January 22, they will offer "The School for Scandal" by Richard Brinsley Sheridan and on Friday, January 23, they will give a performance of that greatest of all plays "She Stoops to Conquer" by Oliver Goldsmith.

This is one of the finest companies that has ever come to Pendleton, and their visit here will mark a new departure in the dramatic life of the town. They have just completed a most successful engagement in Portland lasting over an entire week, and the fact that a change in their plans has made it necessary for them to travel eastward, has resulted in their being secured for two days in this city. Every one of the members of the company are accomplished actors, and they know how to present these rich comedies and get the best out of them. Those who see "The School for Scandal" on Thursday evening will want to see "She Stoops to Conquer" on Friday evening, for there is not a dull moment in either of these two great plays, and they contain the maximum amount of entertainment that can be included in any one production. There are fourteen members in the company and they are all actors of wide experience. Their costumes are elaborate and true to the period which they represent, and the scenery used is something entirely different from anything that has been seen before.

The visit of this company to the city is an event which will not soon be forgotten, and while it is somewhat in the nature of an experiment to engage a company here for two days, it is believed that they will be so warmly welcomed and given such adequate support that other companies of a similar nature may be induced to come to Pendleton in the future, and so enable citizens to see some of the best shows that are on the road.

Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Lips of Afflicted.
There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., which acts by cleansing the blood. Get a bottle today, and you will see results from the right treatment.
