FORD

The Universal Car

Don't Depend on Spring Deliveries

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait—even next month is an uncertainty. Only a limited, specific number of cars has been allotted to this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.
 It's first come—first served. All orders are filled in rotation. So, if you would be forewarned, if you would be certain of having a Ford car when you want it—then you will buy a Ford now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.
 If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "tag-up" your car for the winter. Buy a Ford car now, and use it now.

Insist on Genuine Ford Parts.

NOTICES

The Colville Valley
 Come in and let us tell you about the Colville valley in Stevens County, Washington and north of the City of Spokane.

There are very few places like it for diversified farming. It is unnecessary to do any summer fallowing. A rotation of crops from hay to grain and grain to hay keeps building up the land and returns are taken from the land every year.

Sample Bargains—Within a couple of miles of Colville, the County Seat, we have 230 acres mostly in the Valley. It has a good set of improvements and nice orchard. On the state road. It is a very splendid farm and raises the best of crops. Well fenced and cross fenced. It adjoins the open range and would make a fine cattle or sheep farm. Well watered. Adjoins a farm of the same size and which is no better and which sold for \$25,000 less than a month ago. We can deliver this place for \$21,000. We can take a small payment of say \$5,000 or \$8,000 down and let you have all the time you wish on the balance. We regard this as the best buy in the valley. Others to suit your pocket-book, from \$4500 to \$175,000. Phone or come in and see me.
