# FORD

### The Universal Car

#### Don't Depend on Spring Deliveries

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait—even next month is an uncertainty. Only a limited, specific number of cars has been allotted to this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment. It's first come—first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay-up" your car for the winter. Buy a Ford car now, and use it now.

Insist on Genuine Ford Parts.

### BETTER THAN CALOMEL

Thousands Have Discovered  
 Dr. Edwards' Olive Tablets  
 Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

**End of Semester on Friday.**  
 Although many Pendleton high school seniors will have 21 credits at the close of the semester on Friday, there will be no mid-term graduates this year. Thirty-two credits are required before a diploma can be secured and most seniors who are approaching the requirement will secure extra credits and graduate in June.

**Foreclosure Order Made.**  
 An order to allow the administratrix of the estate of the late John Dorn to foreclose a delinquent tax certificate lien was signed in probate court today.

**Woman Adjudged Bankrupt.**  
 Mrs. Marcela Sullivan, of this city, was adjudged a bankrupt in the United States court in Portland on Monday and her case referred today to Thomas Fitz Gerald, referee in bankruptcy for this county. The date for the first meeting of her creditors has been fixed at February 4 at 10 o'clock. Mrs. Sullivan claims to have assets of \$250, which she claims exempt, and liabilities of \$1154.55. There are nearly two score of creditors and for the most part the amounts owed each are slight.

Athena lately shipped the pelts of ten coyotes and one bobcat to Shubert's, the big Chicago fur house. He has already collected \$41 bounty for the coyotes, and expects to realize in addition \$20 apiece for their pelts. He had besides two coyotes, a bobcat and a badger to peel at the time he made the shipment.

A \$16,000 debt contracted in 1904 by the Odd Fellows and Knights of Pythias lodges of Athena for the construction of the L. O. O. F. K. of P. hall

was liquidated Monday, when the last payment was made on the mortgage. When a few outstanding notes held by members of the two lodges have been taken up, there will be a joint jollification held during which all evidences of past indebtedness will be ceremoniously destroyed at the business end of a match.

Contractor Ashworth has finished building a substantial coal house on the O.-W. right of way at Gilbert Ellis of the Weston Transfer Co.

The organization of the board of directors of the Hermlston Irrigation District took place Tuesday. Col. J. P. McNaught was chosen president and W. J. Warner secretary. E. L. Jackson drew the one year term, Col. McNaught the two year term and Frank Waugaman three years. As soon as the bonds of the above board of directors have been passed on and field steps will immediately be taken to enter into a contract with government similar to that of the West Extension Irrigation District.

## George Washington shaved himself

ON occasion. One of these occasions was when his faithful servant allowed his hand to slip—whereupon the General arose in his wrath and finished the job himself; for the Father of our Country was very properly fond of a good, clean shave.

And in his simple shaving kit may still be seen his equally simple razors. While their model is many hundred years old, they have never been bettered in *heft*, or *shearing width*, or *right shaving angle* on the face.

At such times when his old servant failed him, Washington would have appreciated the guarded, two edged blade of the Durham-Duplex because he would have found it nothing more than his own well-loved model *made safe*.

## DURHAM-DUPLEX

### A Real Razor—made Safe

Exactly the same shape and balance in the hand that uncounted generations of shavers have brought to perfection—with these extra advantages: (1) a *guarded* blade that can't cut your face. (2) a *double-edged* blade for economy's sake. (3) a *detachable* blade for the luxury of a fresh edge at a moment's notice. (4) a *stroppable* blade, so that you don't have to throw good steel away. And it's the longest, strongest, keenest, *best-tempered* blade on earth. Seven million shavers have found that the Durham-Duplex gives them more shaving mileage than any other safety razor. ### Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind incalculable ashes, so the food and drink taken day after day leaves in the alimentary canal indigestible material, which is not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood. Men and women who can't get feeling right must begin to take inside baths. Before breakfast each morning drink a glass of hot water with a teaspoonful of limestone phosphate to wash out of the bowels the previous day's poisons and toxins, and to keep the entire alimentary canal clean, pure and fresh. Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

### FROM THE PEOPLE

A 32-room steam heated hotel is being made at Free-water by alterations to the building now occupied by the Norduff-McKenzie Co. The old quarters of the Commercial Club are being altered and a new story is being added. Several of the rooms will have private bath and there will be a ladies parlor on the second floor.

The Twin City band of Milton-Free-water, was reorganized on Monday evening and plans made for renewed activity during the coming season. Plans are being made, the Milton Eagle says, for a series of entertainments the first of which will probably occur early in the spring.
