## Friday—January the 23rd

Has been designated as FAMILY BUDGET DAY. The budget plan will prove that you can live within your income and save. A budget is simply a careful estimate and classification of your probable expenses and earnings and savings from month to month or year to year.

It is the planning ahead of just how much you are going to spend and how much you are going to save, curtailing non-essentials or luxuries to accomplish your aims.

With a Savings Account in this strong bank, you will be able to accomplish much more, besides having your funds safe and secure and yielding you a liberal rate of interest.

### ONLY MEN WHO ASK TO REMAIN NOW IN ARMY

WASHINGTON, Jan. 22.—All men drafted into the United States Army under the Selective Service Law have been discharged with the exception of comparatively few who have expressed a desire not to be discharged according to Secretary of War Baker. A great many re-enlistments have been made from the ranks of the men discharged who formerly were drafted. The Secretary said there was quite a number of drafted men in army hospitals from wounds or illness contracted during the war, but they are being discharged as rapidly as the conditions of their improvement will warrant. The Secretary was not prepared to say how many drafted men are remaining in the army voluntarily.
