Money Investments

There is always more or less literature, coming from various promoters, which makes light of the interest returns paid by banks. It further elaborates on the enormous profits certain investors in similar securities such as they offer, have made. And presumably for humanity's sake, they want you to get in on the ground-floor, so you can make a fortune. How many of your neighbors or friends do you know who ever got their money back from such investments?

And when you want to buy a home of your own, start a little business, buy some land, take a vacation trip, pay for an education, and all that, you safely bank on your Savings Account, don't you? Open and keep-up one of your own.

Coarse Grain Trade Shows No Changes.
Without any change in prices apparent, the coarse grain trade today continues to be quiet with little trading. Oats remain listed at \$49 and \$51 a ton with corn at \$53.50 to \$59. Mill feed at the mills is \$43.

Coast Mills Stop at 20 Cent Premium.
The government grain corporation's contracts for flour let on Thursday were on the basis of \$3.90 and \$10 per barrel to the mills and as a result of the contracts, the mills are selling supplies of wheat once more. At the contract price they claim to be able to offer no more than 20 cents above the basic price. So far only inquiries have been made and if any additional premium is to be offered it must come from eastern instead of coast millers.

VISCOUNT GREY OF BRITAIN DEFENDS U. S.

LONDON, Jan. 31.—The United States senate is not open to charges of bad faith by Europeans, Viscount Grey declared in a letter to the Times today. Giving his personal opinion as a private citizen, Grey defended the action of the United States toward the peace treaty. He said the American government is anxious to solve its obligations honorably. Grey defended the American reservations on the ground of "entangling alliances." The reservations, he added, look worse on paper than they really are.

LEGION POST OPPOSES DEMPSEY 'VINDICATION'

CHICAGO, Jan. 31.—Hyde Park Post of the American Legion, today made a public objection to the "vindication" of Heavyweight Champion Jack Dempsey by the Milwaukee post.

"Milwaukee also vindicated Cletor Berger," Commander Flannery said. "Vindicating seems to be the best thing they do up there."

Dempsey's appointment to honorary membership and officership of the Milwaukee post is illegal, according to Flannery. The legion rules prevent issuance of honorary memberships, he said.

22,000 Essex Now in Use

A critical public has judged the Essex. In the past year it set a world's sales record. More than \$35,000,000 was paid for 22,000 Essex cars now in service.

That shows how men wanted what Essex offered. Now Essex proves the accuracy of motordom's judgment.

Let the official tests speak: On the Cincinnati Speedway a stock chassis Essex made a new world mark of 3037 miles in 50 hours, under observation of the American Automobile Association.

With other trials the same Essex ran a total of 5870 miles in 94 hours, 22 minutes driving time, averaging over a mile a minute.

Still another Essex phaeton holds the world's 24-hour road mark of 1061 miles made in the face of a blizzard over snow-covered Iowa country roads.
