Dr. Hill is Ill.
Dr. David B. Hill is confined to his home by an attack of la grippe. He is not seriously ill.

Will Resume Services.
Pendleton churches which did not hold services last Sunday because of the influenza situation, are planning to hold services on Sunday. Pastors believe that the present health situation has improved to such an extent that it will not be necessary to cancel the services for Sunday.

Otter Skin on Display.
An otter skin, trapped by P. C. Fulkerson in Monse, Washington, is displayed today at the U. S. Biological survey office. Government trappers do not trap otters, but the animal was captured by accident by Fulkerson. The skin is an unusually fine one and measures four feet and two inches. It will be sent to Washington, D. C., as a specimen.

Bennion Referees Game.
Fred Bennion, county agent, returned from Walla Walla today where he refereed the Whitman-Willamette university basketball game last night. The Missionaries defeated the quintet from Oregon's capital city 23 to 21 by coming from behind in the second period. Whitman also defeated the Willamette five on Wednesday night and has five wins on the home floor now.

W. Schwartzberg is Ill.
W. Schwartzberg, manager of the Pendleton Roller mills is ill with an attack of influenza and is confined to his home on Garfield street.

Kermis Tickets Reserved.
Tickets for the Kermis, to be given next Wednesday night for the benefit of the Church of the Redeemer, will be on reserve tomorrow at Thompson's drug store. Reservations can be made at the store tomorrow or the days following, before the Kermis.

Scalp Bounties Take \$290.
Umatilla county in January paid \$290 for scalp bounty, there having been 73 coyote and 14 bobcat pelts brought in. The largest single warrant was drawn for \$59. Bobcats are paid for at the rate of \$2 a head, male coyotes at \$3 and females at \$4.

No Games This Week End.
The Pendleton high school basketball five will play no games this week end owing to the school's being closed. Coach Fleischmann is out of town during the enforced vacation and no practices have been held for several days. It is probable that there will be a contest next week end.

Installing New Fountain.
A Red Cross fountain of double the size formerly in use, was installed in the Cozy Billiard Parlors today. The fountain is the product of the Bishop Babcock Co., and is similar to the one displaced. Part of the smaller fountain will go to Astoria and part to Walla Walla.

Farmers Meeting Put Off.
Word was received here today that the farmers committee appointed to investigate the cooperative marketing plan suggested by A. Shapiro of San Francisco will not meet here tomorrow as previously scheduled. Owing to the health situation the meeting has been postponed one week by Dr. C. J. Smith, the chairman.

Sparks Ranch Leased.
The J. W. Sparks ranch at Sparks station, between Pendleton and Pilot Rock, has recently been leased to Baum Brothers, who came here last summer from California. They have taken over the 40 acres of wheat land but Mr. Sparks has reserved his house and buildings and his alfalfa land. The Baum Brothers also have about 400 acres of wheat land under lease from A. J. Leedy.

Fruitgrowers Like Weather.
Umatilla county fruitgrowers, of Fremont, Milton and the west-end fruit-growing district, are glad to see the cloudy, damp weather as it is favorable to the recovery of the partially injured fruit trees which were frosted during the cold snap. Sunny weather, says Fred Bennion, would be very injurious to the trees, which will have a chance to recover during the present weather.

Legioners On Recruiting Trip.
Lyman Rice, John Joerger and Dr. C. W. Lassen, members of the Pendleton committee on membership for the American Legion, drove to Pilot Rock today to attend the auction sales there and enlist men from the south of the county in the local post. They were armed with application cards and plenty of good reasons why ex-service men should join.

O-W. R. & N. Men at Sale.
William McMurray general passenger agent, C. L. Smith, agriculturist, and D. E. Clark, livestock agent, of the O-W. R. & N. company, passed through Pendleton today on their way to Pilot Rock to attend the community sale. The railroad men will be guests of the Pilot Rock Commercial Association of which W. N. Royer is president, and L. P. Reilly, agent of the railroad there, an active member.

Meeting At Church Tonight.
"A king in chains" will be the theme of the discourse at the special revival services in the First Christian Church tonight. Captain Jennie Conrad and her Lieutenant Leda Forest, of the local Salvation Army have planned to assist the pastor and Song Leader Gates in the opening devotional services this evening. There will be no preaching Saturday night.

Spring Styles in Hats.
The new spring hats show a decided tendency to flare back from the face, says Mrs. Rose Campbell, local milliner who returned yesterday from a buying trip in the east. Even sailor hats turn up in a fashion which is somewhat similar to the Buster Brown sailor. Among the new materials used for the chapeaux is cephane, a shiny black material, and hair cloth, which is all its name implies. Braids of all kinds are used with good effects, as are beads, straw and taffeta.

Holidays Fall on Sunday.
School children and others who look forward to a "day off" on a holiday find disappointment in the 1920 calendar, for many of the holidays fall on Sunday. They are Washington's Birthday, February 22; Decoration Day, May 30; and Independence Day, July 4. Christmas however, comes on Saturday in 1920. Speaking of Sundays, February has five this year. Since the introduction of the calendar

Children Endanger Lives.
Complaint is being made that local children trailing behind autos on roller skates are taking desperate chances of being hurt. One case reported today was that where several boys holding to a rope were trailing behind a car and came near being struck by a passing machine. The trailing practice is said to be so dangerous that it should be stopped before an accident occurs.

Young Portuguese Dies.
Percido Mendonca, aged 22, a native of Portugal, died in Pendleton last night of Spanish influenza. Mendonca has been employed as a farm laborer by Joe Monese, farmer of Echo, and has resided there. Manuel Mendonca is a cousin of Percido Mendonca. The deceased is survived by his parents, who live in Portugal. Funeral services will be held tomorrow in Echo, under the auspices of the Catholic church, of which Mendonca was a member.

Umatilla's Acreage Near Normal.
Despite the fact that the wheat

acreage all over the United States has decreased from 98 per cent to 85.2 per cent since last year, Umatilla's acreage is estimated at near normal. Last year the acreage was approximately 189,000 acres and it is thought that the acreage this year is as large as that of last year. The reason given for the decrease in acreage in the United States is that farmers, impelled by war prices, farmed the marginal lands last year, but discontinued the practice this year. Umatilla has but little marginal land. It is a known fact that this county raises one per cent of all the wheat raised in the United States.

Luncheon Plans Being Laid.
Plans for the luncheon Monday noon to meet with the delegates from the Tri-State Auto Club from Walla Walla are progressing under the direction of David H. Nelson and Secretary C. K. Cranston, representing the commercial association. Members of the Pendleton Automobile Association have been invited to lunch with the board of managers and the four or five Walla Wallans. The proposed Banff-California Bee Line highway, which will pass through Walla Walla and Pendleton, is to be discussed.

Seeking Delegates to Convention.
Secretary C. K. Cranston, of the Pendleton Commercial Association, today interviewed local merchants regarding their attendance at the forthcoming convention of the Oregon State Merchants Association at Astoria. Five have already made tentative plans to attend and it was the belief of the board of managers yesterday that if 15 or more will attend, this city can carry off the 1921 convention. The two rival associations recently merged and are said to be working in harmony at this time. The convention is held on February 15, 17 and 18.

An Advantage.
A Kansas City man paced nervously back and forth on his front porch yesterday morning.
"Hey!" he called to his wife.
"Haven't you started to get up yet?"
"Yes," she replied, "I'm starting to comb my hair."
"Good night!" he yelled. "Just starting to comb your hair! We'll miss that train, sure."
Five minutes later she appeared and announced she was ready for the train.
"Well, one good thing about the way women dress nowadays," he

commented, cooling off, "is that when a woman gets her hair combed she is ready to go."—Kansas City Star.

Grocer Up Against It

"I have been up against it for the past 3 years suffering from pain in my stomach and side until I was considering giving up my grocery business. Doctors and medicine did not help me. I heard of Mayr's Wonderful Remedy through a friend in Buffalo. The first dose gave me more benefit than all the medicine I had taken before and am now feeling as well as ever in my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver, and intestinal ailments, including appendicitis. One dose will convince or money refunded.
