Wheat is King

The easiest and most profitable farming is the raising of wheat. Most of our many rich families have made their money raising wheat—nearly all of them by raising it with the price less than half the present figure. There is no more honorable or profitable profession than the production of this World's Greatest Food. Here is your opportunity to start in this great work.

We can sell you 800 acres, with 400 acres now in wheat on good, clean summer-fallow, balance in stubble; good well and windmill, small set of buildings; located in a prosperous wheat growing district 100 miles from Spokane, and 6 1/2 miles from small town; State road building to within 1 mile of land; has all been farmed with tractor. It's a dandy buy at the price of \$12,500. Owner will carry large part of price on crop payment plan. With place grow all the crop; combined harvest; 2 grain drills, and one cultivator, all nearly new. Write us about this today.

J. F. Deady Co.

417-418 Hyde Block Spokane

"What is that child howling for now?" he demanded frantically.
