

DAILY EAST OREGONIAN, PENDLETON, OREGON, FRIDAY, FEBRUARY 13, 1920.

THREE GREAT LANES PLANNED TO CEMENT CANADA WITH U. S. A.

"Road of Remembrance" From Pines to Palms Will be Bordered With Trees Each in Memory of Fallen Hero.

OTTAWA, Ont., Feb. 13.—Three great international automobile roads, all of which will cement more closely the friendly relations between Canada and the United States are being planned and much of the preliminary work has already been done by friendly co-operation on both sides of the international boundary.

One of the great "Road of Remembrance," from the pines to the palms, stretching from the far flung boundaries of northern Ontario to the Gulf

of Mexico at New Orleans. Another is the boulevard roadway stretching from Winnipeg and points north through North Dakota and Minnesota through the Mississippi valley, and the third will connect Alberta and Montana.

On the "Road of Remembrance," it is proposed that trees shall be planted each to be dedicated to a fallen hero, and each therefore to perpetuate in growing beauty the memory of the brave men who fell in the great war. "Victory Oaks" have already been planted all along the road through Louisiana.

Considerable construction has already been done on the road south from Winnipeg, for which large appropriations have been made on both sides of the line. Preliminary surveys have been made on the road linking the great national parks, and as soon as the weather conditions permit, the actual work will be started.

APPLE TREES WILL RECOVER FROM FREEZE SAYS COUNTY AGENT

Peaches Badly Hurt But Fred Bennion Finds West End Fruit Growers Not Much Worse Off Than at Milton.

Apple trees in the Hermiston and Stanfield districts will recover after the ravages made by cold weather, says Fred Bennion, county agent, who visited the west end towns recently. He thinks the older pear and cherry trees may possibly be saved, but the peach trees are badly injured. In general, Mr. Bennion is of the opinion that west-end fruit growers are not much worse off than those at Milton, Presewater and Yakima growers.

Apple twigs from three Hermiston orchards and two Stanfield orchards were sent to Corvallis for examination about 10 days ago, and Professor Brown reports that the buds appear unharmed and that except for slight injury to wood in the form of yellowing the tissues are only slightly injured.

Critical Point At Snowline

Trees that have been headed close to the ground at about the point where the snow line was shown less injury than those which have been headed high. The critical point in the injured trees is just at the snow line. Because of the high temperature on the south side of the trees more serious injury will be found on that side of the trunk.

Fruit growers should cut into the bark on the trunks of their trees just above the snow line, says Mr. Bennion, county agent and if the examination shows that the north side of the tree is all right even though the south side may be injured, the tree stands a good chance of recovery. Weather conditions until this week, have been very favorable to the injured trees. Fruit growers can help out partially injured trees by shading the south side with a board or wrapping with a sack. If the sap can be started to flow before the cambium bark dries out the tree will pull through all right, says Mr. Bennion.

Gives Instructions

In regard to pruning, Mr. Bennion suggests that pruning of all trees, showing signs of serious injury, be deferred till later. Trees with partial trunk injury but practically no injury to limbs and twigs could be pruned as usual. If a specialist from the Oregon Agricultural College can be secured pruning demonstrations will be arranged for as soon as possible, he states.

ROMANCE STARTED IN SUNNY ITALY IS ENDED BY 8000 MILE JOURNEY

WALLA WALLA, Feb. 13.—A double wedding here terminated a romance which started several years ago in far-off Sunny Italy and ended with an 8000-mile journey for the prospective bride. Several years ago Agostino Foresta and his brother, Francesco, left their home in Milano and came to America. They settled in Walla Walla starting a grocery and importing business.

At the close of the great war they sent for their boyhood day sweethearts who arrived here Tuesday. Agostino was married to Carlotta Paganini and Francesco to Angela Buonamarti.

BOISE BUSINESS WOMAN ASKS \$50,000 DAMAGES FOR BROKEN OFF ENGAGEMENT

BOISE, Feb. 13.—Mabel R. Wade, a business woman, prominent in Minneapolis social circles, brought a breach of promise action in the federal district court today, alleging that Guilford Morse, employed in the office of a local lumber manufacturing company, broke off their engagement and marriage arrangements which had been agreed upon in detail. She asks for \$50,000 damages.

The suit was filed by Rhamar Tracy at attorney of Minneapolis, who was today admitted to practice in the federal court for Idaho on certificate from Minneapolis. The papers were served on the defendant. It is further recited in the complaint that "the father of the defendant is a very wealthy man, prominent in business and social affairs, residing in the city of Minneapolis, being worth not less than \$1,000,000" and that the "defendant is worth in his own right and name in the amount approximately \$250,000."

CONGRESSMEN SPEED LAW-MAKING MACHINE

WASHINGTON, Feb. 12.—Congressional leaders, anxious to clear up legislative questions and adjourn for the national convention, and campaign, are taking steps to speed up the law-making machine. The senate and house steering committees conferred today in the hope of formulating a legislative program which will allow adjournment by the first of June. Plans were also discussed for greater economy in governmental expenditures.

STATE HOLDS MORGAN TESTIMONY AS TRUMP AWAIT BEST ESSAY AUTHOR IN SCHOOL

MONTESSANO, Feb. 13.—That the testimony of Tom Morgan, one of the men in the L. W. Hall in Centralia on Armistice day will be the prosecution's trump card in the murder trial is the opinion of prosecutors. Morgan was expected to be called to the stand today. Although Morgan was in the hall at the time of the shooting, he had just arrived in Centralia that day and was not aware of the alleged plot to kill the soldiers. The crucial point in Morgan's testimony is expected to be his story of actual happenings in the hall immediately preceding and during the shooting.

SEATTLE WOMAN WILLS \$100,000 TO UNIVERSITY

SEATTLE, Feb. 13.—The sum of \$100,000 was willed to the University of Washington by the late Mrs. Frank McDermott, one of the founders and owners of the Bon Marche, a big Seattle department store. It became known yesterday when the will was filed for probate.

Mrs. McDermott left an estate valued at \$1,200,000. This will directed the board of regents of the university to use the \$100,000 to combat tuberculosis. Mrs. McDermott, who died Saturday, established the Bon Marche early in the '90s as a small shop.

25 PERCENT PAY RISE DISAPPOINTS FACULTY

SEATTLE, Feb. 13.—Disappointment over the size of salary increases granted faculty members of the University of Washington was expressed in a statement issued here today by the Association of Instructors of the university.

The increases, granted by the board of regents yesterday, range from 2 to 25 per cent. The faculty association asked for increases of at least 50 per cent. The association meets Friday night to discuss the situation.

ROSANOFF STILL HOLDS SEAPORT TOKIO LEARNS

TOKIO, Feb. 13.—General Rosanoff, Russian governor general here, officially declared Vladivostok in a state of siege, it is announced here today. Earlier dispatches stated that Vladivostok was taken by revolutionary troops and that Rosanoff had taken refuge in a Japanese cruiser in the harbor.

JOURNEY AND MEDAL AWAIT BEST ESSAY AUTHOR IN SCHOOL

"What Are Benefits of Enlistment in United States Army?" Will be Answered by Pupils on February 20.

Pendleton school children are to have an opportunity to compete with those of the entire nation in a school essay contest on "What Are the Benefits of an Enlistment in the United States Army." The essays will be written some time during the school day next Friday, Feb. 20.

In order to add stimulus to the contest, cities, business firms and others are offering local prizes in addition to those offered by the government. These prizes to be distributed among the winners in their respective local communities.

On April 12, a board of judges consisting of Secretary of War Baker, General Peyton C. March and General John J. Pershing, will announce the name of the three winning boys or girls who wrote the best essays.

May Go to Capital, On May 2 three boys and girls, accompanied by parents or guardians (railroad fares and all expenses paid to Washington, D. C., and return for both winners and parents) will be presented with medals by Secretary Baker.

There is no age limit to this contest. Any school boy or girl may enter the contest. Essays will be written in class rooms on Friday, February 20, 1920, from notes if desired.

No essays will be more than 400 words.

HOUSE WIRING VACUUM CLEANERS START SAVING TODAY

THE initial payment that brings you the Thor is like a first deposit in a savings bank. Subsequent payments only add to your savings account, for not a single wash day can go by without the Thor bringing an actual saving.

Clothes last six times as long when you use a Thor. The Thor has no belts to break and slip or catch. The Thor is self-cleaning. The catalog eliminates all over loading danger. You can do a big washing in an hour with the Thor.

OUR SPECIAL OFFER

For a few weeks only we offer you the Wonderful Thor Electric Washing Machine at a saving of \$17.50.— On January 1st the factory advanced the price of the machines \$17.50. However, we purchased nice stock of machines at the old price and for a few weeks we will sell them at last year's prices. As our stock is limited and the demand so great these machines won't last long. Our easy payment plan makes it possible for every home to have one of these splendid machines. A small payment down and then only a few dollars a month makes it within reach of every one. Don't put it off another day, order one now. Just call 1037 and we will deliver one to your home on approval. We will gladly demonstrate one of these machines to you in your home and this puts you under no obligation to buy, whatever. There are many reasons why every one buys Thor in preference to all other makes of machines. Thor service means much in the home. This machine pays for itself in a year.

TWO KINDS OF ECONOMY IN THE POST-WAR MAXWELL

The Post-War Maxwell inherited from its 300,000 predecessors two traits that captivate the person who likes continuous, uninterrupted comfort and low cost mileage.

One is its freedom from repairs. It runs on and on. Give it gas, oil, grease and water and it will deliver an amazing amount of mileage.

The second is the low price you pay per mile. Its thrifty engine makes gas go a long way. Its 2000 pounds of weight assures long tire wear.

Such kinds of economy came from years of study and the experience which 300,000 previous Maxwells have taught.

The notable improvements and refinements to be found in this car have caught the attention of many who figured that high efficiency meant high price. The public has served notice that it does appreciate value. That is why 40,000 persons will have to go without a Post-War Maxwell this year though 100,000 are being built.

We carry a full line of Maxwell parts, also Lee tires and tubes.
