NOW WOMEN GO OUT FOR A SMOKE

CHICAGO—When intermission comes in one of this city's theaters, it's the women who go out. For they have a luxurious anteroom to go to, for a quiet and restful smoke. But there are no cuspidors!

Should women be paid for being mothers?

Last year 250,000 babies were lost and 60,000 mothers died in child-birth.

They died because they lacked attention—because the United States Government failed to give them the protection it gives to hogs and cattle.

The foundation of tomorrow's democracy is being undermined. Something must be done to wipe out this condition which makes the United States a disgrace among nations.

You can do that something. Read "Every Woman's Chance to Serve Humanity" in February Good Housekeeping. Anne Martin tells what is wrong and explains how you can do your part.

Italian Noblewoman Who Escaped From Bolsheviks Disguised as a Priest

Marked for arrest by the bolsheviks, Donna Flavia Potemski, a beautiful Italian noblewoman, had to flee at a moment's notice from Petrograd. How she disguised herself as a Russian priest, escaped detection when she came face to face with the very men seeking her, and made her way through the bolshevik lines is a thrilling story now being told in Russia.
