What to do for
Indigestion

"Pape's Diapepsin" by neutralizing the acidity of the stomach, instantly relieves the food souring and fermentation which causes the misery-making gases, heartburn, flatulence, fullness or pain in stomach and intestines. A few tablets of "Pape's Diapepsin" bring relief almost as soon as they reach the stomach. They help regulate disordered stomachs so favorite foods can be eaten without distress. Costs so little at drug stores.

Mrs. Frank Gilliland has been on the sick list the past week.

A party was given at the home of Mrs. Will Chapman's in honor of her daughter, Mrs. Joe Kopp and husband at Nye. A number of relatives were present, a nice buffet luncheon was served by Mrs. Chapman. IS YOUR GUARD DOWN?

Every man is a fighter, though he may not be a pugilist. His daily task is his fight—and he needs to be fit and ready for it.

Constipation to the business fighter is the "out-of-condition" of the pugilist. Constipation not only makes the business fighter dull and slow, and unfit for effort, but it is the "lowered guard" that leaves the opening for the jarring blows of serious diseases.

90% of all diseases have their origin in the intestinal canal—in constipation. Constipation not only causes the generation of poisons, which are carried through the system by the blood and attack it from within, but also by thus

lowering the general stamina makes the weakened system an easier prey to harmful germs from without.

By an entirely new principle Nujol keeps the poisonous food waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system.

Nujol prevents constipation by keeping the food waste soft, thus helping Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

It is absolutely harmless and pleasant to take—try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol trade-mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger."

MISSING MATRON RETURNS TO HOME

SPOKANE, Feb. 24.—Mrs. Bertha Wessels, aged 45; 215 E. Twenty-first avenue, left her home Saturday afternoon at 3 o'clock, leaving a note that she was going down town for some medicine. She had been ailing for some time. Saturday night, her husband became alarmed at her nonappearance and advised the police.

A search was made of all the downtown hotels and lodging houses and all officers notified to be on the lookout for her. Suicide was feared, the police said. Yesterday afternoon the police were advised that Mrs. Wessels had returned home shortly before noon. No explanation as to her whereabouts or cause of absence was given.

Two years ago Premier Hughes of Australia purchased on his own responsibility fifteen million dollars' worth of merchant ships. They aided in the defeat of the submarine campaign, and cleared clogged warehouses of grain in Australia. Their net earnings to date have been sufficient to pay off the capital cost.

MAN IS SHOT WHILE ASLEEP; RIVAL NAMED

BUTTE, Feb. 24.—R. Smith, 60, is under arrest at Gallatin, Mont., charged with having shot his half brother, Timber Trautman, of Hinsdale, Mont., at their home near Weatherby, Mo., says a dispatch.

Trautman, 52 years old, a farmer, in a statement to an assistant prosecuting attorney at a hospital in St. Joseph, Mo., said the shooting took place as the aftermath to trouble over a woman from Kansas City, with whom they both were infatuated. Trautman, suffering from gunshot wounds in his face, is not expected to live. He claims to have been shot while asleep. He told officers that after he awoke he saw his half brother leave the house and throw an empty shell from a shotgun he was carrying.

Trautman owns a ranch 25 miles from Hinsdale. He came to Missouri from Montana last October and since that time has been living at the Smith home.

It was said that Trautman personally

ed the Kansas City woman to go with him to Montana to take up a homestead there and that there had been quarrels between the two men.

Smith denied he did the shooting in a statement to Prosecutor L. B. Gill. Smith said he rushed to his brother, whom he found in bed with blood streaming from his face.

REPUBLIC TIRES

With STAGGARD Studs

The longer life of Republic is not alone due to the Prodim process of hardening the rubber.

That process contributes most, of course, to the greater toughness of Republic Rubber.

But the Republic Staggard Tread also helps to increase the mileage and lengthen the life of the tire.

The long, oval, Staggard Studs, were shaped as they are shaped, and placed as they are placed, with a definite purpose in mind.

There are just enough of them, and they are so located, that at least three whole studs are always gripping the road.

We urge motorists to become acquainted with our service. It is available at all times.
