The Mechanic and Workman's Bank

Are the mechanics and workmen of this country better educated and on a higher plane than those of any other country? We believe those of Umatilla County are. Their demand is for better "reading matter"—a home of their own and many of them have a bank account.

The progressive workman readily understands the advantage of having a Checking Account or Savings Account in the American National Bank. By so doing, he has a perfect check on his income and outgo, thus avoiding any chances of loss.

No other car is so easy to handle as the light and flexible Franklin. Driving it is never a strain, even under the worst road and weather conditions.

Don't think because you have taken many remedies in vain that your case is incurable. Hood's Sarsaparilla has cured many seemingly hopeless cases of scrofula, catarrh, rheumatism, kidney complaint, dyspepsia and general debility. Take Hood's.

Everyone Should Drink Hot Water in the Morning

Wash away all stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside, no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do no absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of Epsom's phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract before eating more food. Get a quarter pound of Epsom's phosphate in it. This will cleanse, is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

wheat compared with 117,029,000 bushels of wheat and 13,571,000 barrels of flour last year to February 13, 1919, the thirteen days of February being pro-rated from the monthly total, making a total for last year of 178,098,000 bushels of wheat.

Cattle Trade Depressed
Hogs Likely to Drop
The only load of new arrivals of livestock for the Tuesday trade at North Portland consisted of a load of cattle. There was every indication in the trade during the day, despite the lack of offerings, that further depression had hit the local cattle sales. Top pulp feed would not go above \$11 as an extreme mark at this time. Slight change was shown in bulls, but otherwise cattle values held unchanged.

- General cattle range:**
Best grain-pulp steers \$11.00@11.50
Choice steers 10.00@10.50
Good to choice steers 9.00@10.00
Medium to good steers 8.25@9.00
Fair to good steers 7.00@8.00
Common to fair steers 6.00@7.00
Choice cows and heifers 9.00@9.75
Good to choice cows and heifers 8.00@9.00
Medium to good cows and heifers 7.00@8.00
Fair to medium cows and heifers 6.00@7.00
Canners 2.00@6.00
Bulls 5.00@7.50
Best light calves 15.50@17.00
Medium calves 10.00@15.50
Heavy calves 7.00@10.00

Market for hogs indicated weakness. Quotations were continued nominally unchanged, but it is not likely that extreme values would be obtained. In general, hogs are not considered above \$15.50@17.75.

General hog range:
Prime mixed \$15.50@16.00
Medium mixed 15.00@15.50
Rough heavies 12.00@15.00
Pigs 13.00@14.50
Both mutton and lambs showed a steady tone at North Portland during the day. Prices are considered nominally unchanged.

General sheep and lamb range:
East of mountain lambs \$17.00@18.00
Best light valley lambs 16.00@17.00
Post heavy valley lambs 12.50@14.50
Feeder lambs 15.00@15.50
Wethers 15.00@15.50
Wethers 13.00@13.50

Theodore Roosevelt Said

"Every person who invests in well selected real estate in a growing section of a prosperous community, adopts the surest and safest method of becoming independent, for real estate is the basis of all wealth."

HERE IS A GOOD INVESTMENT
1760 acre wheat ranch—500 acres seeded to Hybrid wheat, which is now looking fine. About 1000 acres in stubble, running water the year round. Balance pasture fenced separate. Included with this ranch is all stock and equipment, 30 horses and harness, tractor, separator, plows, drills and all kinds of other machinery.
This all goes at \$25,000 an acre, and we are confident that this year's crop will more than pay one-third the purchase price, leaving a nice bunch of land to summer-fallow this year.
