Mother! Teach the Children Their Daily Health Duty

You can't be too insistent!

FEW children find pleasure in the things most vital to their physical comfort and health, so it rests with the watchful mother to see that they are done. The child will be grateful in after years.

Chief among the functions necessary to the upbuilding of the little body, so that it will not be a dyspeptic, constipated body when it matures, is elimination regularly every morning. If the mother will be insistent and allow nothing to interfere with it, it will soon become a habit, a daily routine that will not be forgotten throughout life.

There are times, however, when nature will not operate unaided. Then give Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin, and the headaches, the biliousness, the torpor will quickly disappear. It acts gently and without griping, and as it contains no narcotics and is pleasant to the taste, it may be given to infants. Thousands of families have been regulated to healthy maturity with Dr. Caldwell's Syrup Pepsin.

A bottle can be bought at any drug store. In a large family there is always someone who would feel better for a dose of a good medicine like Dr. Caldwell's Syrup Pepsin.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington Street, Monticello, Illinois.

Grip, Influenza

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and snuff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "Flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

DESPAIN & LEE CASH GROCERY

Feb. 21, 1920.

Dear Patron:

Pursuing the policy which has directed our efforts since our opening day, of giving our customers the very best of service, the greatest choice and variety of groceries at the lowest prices consistent with good business and a fair margin of profit, we are inaugurating a new order in this establishment.

It has been demonstrated beyond question that the store or grocery wherein the credit system prevails, must charge a sufficient additional per cent of profit on the goods sold to take care of paying for the goods sold to those people who do not, or cannot, pay their bills. It is further patent to the economic housewife and good business man that the credit system entails keeping of a great number of books of account, the collecting of accounts, and so on, which of course takes the time of one or more employees. All this must be paid for by you who pay your bills.

The total cost of doing a credit business approximates 15 per cent over and above the "for cash" retail price. And so we are doing away with our credit business; we are installing a strictly cash business system and we are deducting from the price of every single article in our stock, the per cent that it has previously cost us and cost you, to do a credit business.

We are sure we will please you with our new plan. It has a very great many additional beneficial features, but the chiefest benefit is the direct and certain saving of a big per cent on your groceries.

Trusting you will permit us to serve you further, and that we will please you with our new system, we are Yours very truly,

DESPAIN & LEE CASH GROCERY
