Inventor Who Trebled Efficiency of Machine Guns on War Planes

This photograph was taken on the arrival in New York from Europe of Captain Victor Dibosky, who invented the synchronizing device for firing machine guns between the blades of airplane propellers and perfected a mechanism for increasing machine gun fire from 400 to 1,200 shots per minute. He has been decorated by several governments, including Russia and Great Britain. He is here on a visit to his wife and children.

Poland has taken a strong stand in favor of an obligatory Sunday rest, by passing a strict Sunday law. The Jews are protesting that such a law would compel them to lose two days a week.

Representative King, Ill., insisted that the words were profane and should be ruled out of the Congressional Record. Blanton turned to King and said:

"I think the famous expression of West Texas might well be added here. It is 'Well, I'll be damned.'"

Both remarks stayed in the Record.

Gov. Coolidge, whose administration of the affairs of Massachusetts has made him a national figure, is not listed in "Who's Who." The country is full of "comers" which put the "blue books" of fame out of date.

Woman Deputy Sheriff Who Uses Airplane to Catch Auto Speeders

Miss Hazel Riley, of Oakland, Cal., is a deputy sheriff. She is the only woman officer of the law in the United States, if not in the world, who uses an airplane in the discharge of her official duties. She is seen here in the costume she wears when traveling in her aerial "patrol wagon," as she calls her plane. One of her chief duties is to keep watch for automobile speeders.

EVERY DOLLAR that is spent for advertising in a publication that misrepresents its circulation and thus obtains money under false pretenses is a dollar lost to the publishers who give full value.

IN SELF-DEFENSE, THEREFORE, THE "ABOVE board" publishers have an independent audit made of their circulation records by the Audit Bureau of Circulations and invite their competitors to do likewise.

WHEN EXCUSES OR EVASIONS ARE GIVEN FOR DEclining the challenge, the advertiser can draw his own conclusions.

THERE ARE MANY EXCUSES FOR NOT BELONGING to the A. B. C. There is only one reason.

THE EAST OREGONIAN IS A MEMBER OF THE AUDIT Bureau of Circulations. There are no hidden mysteries about its circulation records.
