This store has brought here for you the best of the new styles and offers for Easter selection a wide range of styles in Coats, Suits, Skirts, Waists, Dresses and the smaller things that go to make up the complete costume. May we suggest that inspection now will be very much to your advantage.

THE NEW SUITS

If a new suit is your choice you will find a pleasing model in our large stock. Shown are the many different types that are good this season.

Straight lines, of course, predominate throughout, but there are variations to please all—long waisted models—ripple hip jackets—bolero effects—plain tailored—etons—with and without belts—some simply trimmed and others gorgeously embroidered. There's a variety of collars and sleeves throughout the entire line.

The most popular colors and materials are also plentiful and prices are reasonable.

That is why we put all our knowledge into buying the right sort of fabrics; durable worsteds, chevots, and for the young man, attractive home-spun mixtures.

That is why we demand the utmost skill from our tailors, so as to express gracefully the manly lines of your figure—

So that the clothes will retain that air of distinction which is soon lost in less perfect clothes.

MAKES FOOD TASTE

Good—Hood's Sarsaparilla Creates an Appetite.

Aids digestion and promotes assimilation so that the body secures full nutritive value, thus naturally making the weak strong and giving the vitality of health. This great medicine enables the digestive organs to perform their functions easily, keeps the stomach sweet and relieves or prevents indigestion and other digestive troubles.

When your food does taste good it is a sign of good or returning health; shows that the blood is becoming richer, rousing acrobatic, eczema, rheumatism and other diseases, and that the system is being built up to overcome that tired feeling and the prostration after influenza and fever.

The one medicine that can legitimately claim to do all this—Hood's Sarsaparilla. If a mild laxative is needed, take Hood's Pills; for active cathartic, more Hood's Pills.

every invasion of right and service to make peace and justice the more secure by affording a definite tribunal of opinion to which all must submit and by which every international readjustment that cannot be amicably agreed upon by the people directly concerned shall be sanctioned.

Promises Clear to All.

"This promise and assurance were written into the preliminaries of the armistice and into the preliminaries of peace itself and constitute one of the most sacred obligations ever assumed by any nation or body of nations. It is unthinkable that America should set the example of ignoring such a solemn moral engagement.

"I feel that I could not look soldiers of our gallant armies in the face again if I did not do everything in my power to remove every obstacle in the way of the adoption of this particular article of the covenant because we make these pledges to them as well as to the rest of the world and it was to the cause that they deemed themselves devoted in the spirit of crusaders.

"I should be forever unfaithful to them if I did not do my utmost to fulfill the high purpose for which they fought.

Methods Not in Question.

"I think we can dismiss from our minds the idea that it is necessary to stipulate in connection with article 10 the constitutional methods we should use in fulfilling our obligations under it. We gain nothing by such stipulations and secure nothing not already secured. It was understood as a matter of course at the conference in Paris that whatever obligations any government assumed or whatever duties it undertook under the treaty would have to be fulfilled by its usual and established constitutional methods of action.

"Once or twice in meetings of the conference, when the treaty was under consideration 'reservations' were made to that effect by the representatives of individual powers and these 'reservations' were invariably received in the way in which men who have met for business and not for talk always receive acts of scrupulous supererogation—listened to with indifference, as such men listen to what is a matter of course and was not necessary to say.

Certain Declarations Vain.

"There can be no objection to explaining again what our constitution.

"Any reservations which seek to deprive the League of Nations of the force of article 10 cuts at the very heart and life of the covenant itself. Any league of nations which does not guarantee as a matter of incontestable right the political independence, integrity of each of its members might be hardly more than a futile scrap of paper, as ineffective in operation as the agreement between Belgium and Germany which the Germans violated in 1914.

World Renunciation Seen.

A few tablets of "Pape's Diapason" brings relief almost as soon as they reach the stomach.

"Pape's Diapason" by neutralizing the acidity of the stomach, instantly relieves the food souring and fermentation which causes the misery-making gases, heartburn, flatulence, fullness or pain in stomach and intestines.

"Pape's Diapason" helps regulate disordered stomachs so favorite foods can be eaten without causing distress. Costs so little at drug stores.
