SMALL BUT FINELY
BALANCED CAST IN
"THE SPARK DIVINE"

Vitagraph provides a small but an exceptionally meritorious supporting cast for Alice Joyce in her newest picture, "The Spark Divine," which will be shown at the Alta theatre today. The players, all popular Vitagraph stars, are William Carlton, Jr., Eulalie Jensen, Frank Norcross and Mary Carr. Alicia Ramsey wrote the story especially for Miss Joyce, who has a role of fine appeal in Marcia Van Arsdale, who marries, although she does not love, to spare her father from threatened poverty. The action deals

with the unusual method employed by the unhappy husband and father to awaken the divine spark of mother love in his wife. To this end he kidnaps his own child, nor is the baby returned until the mother is utterly crushed by a grief which hitherto she had not indicated she was capable of suffering.

Tom Terris directed the picture at Vitagraph's Brooklyn studio.

ARCADE TODAY

The first local showing of "Lasca," a recent Universal production directed by Norman Dawn and played by a notable cast, featuring Frank Mayo and Edith Roberts, is announced for the Arcade theatre today.

How to Keep Baby Smiling and Well

See that the daily functions are regular and normal

YOU can't expect the little ones to be happy and playful when the head feels dull and the stomach bloated. The normal habit of children is to be happy and when you notice them cross and fretful you will usually find constipation is responsible.

Perhaps they have missed that daily function so necessary to comfort and health. Look at the tongue and see if the breath is bad. Watch for belching. These are the tell-tale symptoms of constipation. Tonight give a little of Dr. Caldwell's Syrup Pepsin, which you can buy at any drug store, and it will act in the morning and the troublesome symptoms promptly disappear.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin. Unlike the harsher physics it acts gently and without griping so that while grownups can use it freely it can also be given to a tiny baby with perfect safety. Thousands of American families would not think

of being without a bottle in the house for the emergency arises almost daily when it is needed.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who read its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

MADE BY SCOTT & BOWNE
MAKERS OF SCOTT'S EMULSION

Famous detective attached to the Secret Service, he is hot on the trail of a gang of organized thieves that the Government is trying to wipe out. The action in this episode finds it necessary for him to remove all means of communication between the several gangs of the thieves, at different points. Speeding along the road between two nests of the bandits and unwilling to miss any time, Moreno removes the danger of telephone and telegraph communication between the thieves by cutting the wires with pistol shots as he rides along.

The third episode will be shown at the Pastime Theatre today.

Canadian Premier, Back From Europe, Who Has Gone South for Health

This photograph of Sir Robert Borden, premier of Canada, was taken on his recent arrival in New York from Europe. His health has not been of the best and instead of hurrying back to Canada, he has gone to a southern resort. Before leaving for the south he conferred with several of his cabinet members in New York on matters of pressing importance.

MAY PUBLISH COURT ACTION CHICAGO, March 8.—Instructing the jury in a libel suit, Judge Torson, in the state court, today ruled that a newspaper has a right to publish what transpires in judicial proceedings, even though the evidence is not true, and the publication may injure the citizen—because it is in the interest of the public that courts should be open.

"Lasca" is based on the famous poem by Frank Desprez, adapted for the screen by Percy Heath, and produced by Universal on a lavish scale. The filming of "Lasca" required more than ordinary attention to detail for there is scarcely an American who has not read the poem, recited it, or committed it to memory, and has not hereby pictured indelibly in his mind the spirit of the cattle-ranger who lived "in Texas, down by the Rio Grand," who worshipped the young ranchman at whose side she delighted to ride—she a mixture of lovely maid and petulant imp, finally sacrificed her young life to save that of the man she loved.

The scenes of "Lasca" are laid on both sides of the Rio Grande. It shows the life of the Mexicans as well as that of the Texans and gives a picturesque view of the wealthy frontiersman's existence during the most colorful period in the history of the Lone Star State.

Around the story suggested by the poem the author has woven a plot of the most engrossing interest—of love, jealousy and adventure—culminating in the great stampede of the herd. Frank Mayo plays the part of Moreland, the wealthy young American ranchman; Edith Roberts was chosen as the ideal player for the role of Lasca. Other parts are enacted by Viola Harty, Arthur Jasmine and Lloyd Whitlock.

In scenic beauty "Lasca" is said to excel most photo productions recently shown.

FILM STAR PROVES HIS ABILITY AS A MARKSMAN

Service in the army produced a lot of expert rifle shots among the young men of this country. That was their business. But the business of being a motion picture star always has as one of its needed qualifications the ability to be a sharpshooter. Antonio Moreno star of the new Vitagraph serial, "The Invisible Hand," a rip snorting, shivery mystery detective story of the screen, has the needed qualifications of being a crack shot, together with a score of other talents, athletic and otherwise, that are needed in the production of serials such as Vitagraph put out. Playing the role of John Sharpe,

Blood Turned to Water! They Gave Her Up

Oakland, Calif.—A relative was poisoned, her blood turned to water, the doctors gave her up, said she could never be cured. She finally took Dr. Pierce's Golden Medical Discovery which cured her. We consider it a miracle. "I have had six operations which left me in a nervous state, with loss of sleep and appetite. I commenced using Dr. Pierce's Golden Medical Discovery and Epsom salt. My general health commenced to improve after the first bottle. I took six bottles and was cured—gained 30 pounds. I wish to give Dr. Pierce the very highest commendation for his remedies."—MRS. MAE TRUDOW, 4024 Sutter St.

Blood Thin Kidneys Weak

Marysville, Calif.—"I needed a tonic; my blood was thin, I was run-down, my back ached, my kidneys were weak and digestion was so bad that I could not even drink milk. I remembered that mother had always depended on Dr. Pierce's Golden Medical Discovery, so I decided to take it. In a short time I was greatly benefited. I continued taking it and was a well woman."—MRS. J. S. BARKER, 219 8th St.

There is but one way to have good health, and that is to put and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs and is without alcohol. All druggists. Liquid or tablets.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat less meat if you feel Back-ache or have Bladder trouble.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headache, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.
