

People Here and There

It is 12 years since Anastos Panagos, local bootblack, left his native Greece to come to the United States, yet he is still interested in the land of his nativity. It was not until today that he heard of the adoption by the Senate of the King resolutions, urging the award to Greece of those parts of Thrace surrendered to the allies by Turkey and Bulgaria. The news was

sent by a fellow countryman and caused rejoicing. Besides farming extensive wheat land in Umatilla county, David Nelson grows grain in Montana. He left last night to look over the crop prospects in that state.

John Ogie went to Portland Thursday night with the intention of remaining for six weeks. He returned to Pendleton this morning and says he changed his mind because Portland is having cold, rainy weather.

"Newly-weds" are Mr. and Mrs. James Whitcomb Clock, of Portland who are at Hotel Pendleton. Their wedding was solemnized in Portland on Wednesday. Mr. Clock, who is a traveling salesman for the Fithian Barker Shoe Company, was during the war a member of the Eighteenth Engineers and saw service in France.

Leo Adler, of Baker, was here Saturday. He represents the Hearst publications.

R. Alexander returned yesterday from Hermiston, where he visited his daughter, Mrs. E. P. Dodd.

A year older as they count anniversaries, but feeling and looking a decade younger than his 78 years, John Bentley, former sheriff and well-known citizen, returned Sunday night from a four-months' visit to California. Mr. Bentley says he visited every city of consequence from San Francisco to Tia Juana and only twice had an overcoat. Since returning to Oregon he spent a fortnight at Portland and on March 9 celebrated his seventy-eighth birthday at the home of his daughter, Mrs. Nick Ruemenseat, in Rainier.

Every time Herbert Egbert shows himself in The Dalles, they declare it open season on candidates for the state legislature and friends beseege him to run for office again. So far, Mr. Egbert has not let his iron resolution fail him. The last time Mr. Egbert got into politics he had the experience of opposing Mrs. Alexander Thompson and there was a majority of four or five votes in the county for the well known suffragist. Politics has not half the call that raising wheat in Wasco county has, Mr. Egbert let it be known today. He has one of the finest ranches in the mid-columbia region and it is operated by A. H. Chase, former county agent for Wasco county, who is reputed a highly successful scientific farmer. Even with that advantage, Mr. Egbert wants better results in marketing his wheat and he came to Pendleton last night to attend a committee meeting today of wheat growers at which time a plan was to be worked out for more advantageous marketing. For some unknown reason, Mr. Egbert is the only committeeman who appeared today. He says he qualifies very materially the recommendations he is alleged to have given the Washington cooperative wheat marketing plan.

CHEST CLOGGED UP WITH HEAVY COLD?

Don't give it a chance to "set in"—use Dr. King's New Discovery.

THAT dangerous stage where a cold or cough or case of grippe might get the better of you may be nearer than you think. Prompt action with Dr. King's New Discovery will avert a long siege. For fifty years it has loosened congested chests, dissipated tight-packed phlegm, broken vicious colds and coughs. Give it to the youngsters—take it yourself. There will be no disagreeable after-effects. 50c and \$1.20 a bottle. At your druggist's. Give it a trial.

Bowels Become Normal

—Ifver fivens up, bile flows freely, headache, biliousness, tongue fur, stomach-sourness, disappear when Dr. King's New Life Pills get in their natural, comfortable action. Purgatives, never pleasantly corrective, sometimes habit-forming, should not be taken to rack the system violently. Nature's way is the way of Dr. King's New Life Pills—gently but firmly functioning the bowels, eliminating the intestine-clogging waste, and promoting the most gratifying results. Cleanse the system with them and know the boon of regular bowels. 25c at all druggists.

GRANDMA NEVER LET HER HAIR GET GRAY

She Kept Her Locks Dark and Glossy with Sage Tea and Sulphur.

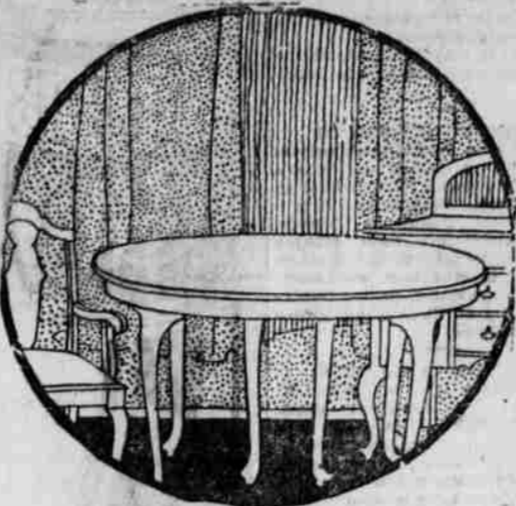

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two your hair becomes naturally dark, clean, glossy and luxuriant. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

RUB RHEUMATISM OR SORE, ACHING JOINTS

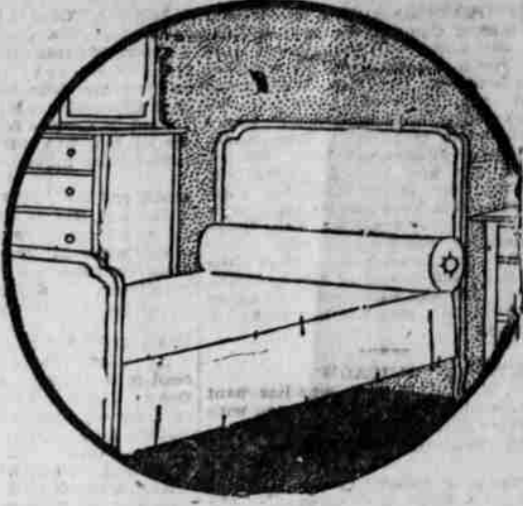

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging. Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints and muscles, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and cannot burn the skin. Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. "St. Jacobs Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains.

Have Us Furnish Your Bedroom and Dining Room

We specialize in bedroom and dining room furniture. Our beds are designed for solid, old-fashioned comfort and in every wanted design from the plainest to the fanciest. The lowness of the prices will surprise you. Dining room furniture is hard to get in days as these, but we were fortunate enough to get an early order. We are now able to display this in our enlarged quarters. You really should see it to appreciate the values.

How to grow alfalfa at Ukiah in spite of the short season and the high altitude is being demonstrated by James Mossie, prominent stockman, who is a Pendleton visitor today. For the past two or three years Mr. Mossie has planted six varieties of alfalfa in experimental tracts and has found that the Grim and Baltic varieties can be grown with fair success. The alfalfa is irrigated during the flood season. As another experiment in getting cheaper forage, Mr. Mossie will plant sunflowers and if they can be grown successfully he will build a silo and use the sunflowers for ensilage. He secured the seed from the county agent's office today. Mr. Mossie's experiment will be watched with interest for he is well known as a stockman and is a member of the executive board of the National Livestock Association.

Monara grown seed corn will be planted by Emil Miller of Hitter, an experiment in raising corn to feed the Aberdeen Angus cattle which Mr. Muller raises. He will also plant sunflower seed and if the crop is successful will build a silo. Mr. Muller is in Pendleton for a few days' stay. In the days when he was being mentioned for appointment as collector of customs, which position he now holds, Col. Will Moore was sarcastically referred to by one Portland paper as a mere wheatman from Eastern Oregon. However, his affiliation with the grain industry did not bar him from appointment, neither has it interfered with the satisfactory performance of his duties. Col. Moore is in Pendleton today, this being his first trip in several months.

Wherever D. C. Brownell is to be found you are likely to find the conversation refers to irrigation. Mr. Brownell, who is in the city today, is a pioneer irrigator and has had much to do with the promotion of reclamation work in Umatilla county. He is much interested in the status of the move for the McKay reservoir.

Colonel W. P. Yohnka, auctioneer, is in the city from Hitzville, Washington, and will wield the hammer at the Shafer sale.

A week-end guest in Pendleton was Stanley Brown, sales manager for Day Hansen Security Company of Spokane. He spent Saturday and Sunday with R. C. Lashley.

Dumb Animals
"Women are very fond of dumb animals," said Miss Oldgirl. "A lot of them are not happy until they have a dog, a cat and a husband in the house."—Cincinnati Enquirer.

INFLUENZA SETTLES IN RIGHT KNEE AND FOOT

(East Oregonian Special.)
WESTON MT., March 15.—Robert Hopkins brought his wife home Monday from Richland, Wash., where Mrs. Hopkins was confined with influenza at the home of a friend whom she had been visiting. Mrs. Hopkins is unable to walk as the flu settled in her right knee and foot. Mr. and Mrs. Eph. Tucker have moved into their new home and like it very much. Mr. Hutt of Athena has been taking care of Mrs. Charles Inuy for a week. Zane Lansdale brought three or four potato buyers up from Pendleton Thursday, but the farmers are not in any hurry to sell. Potatoes are \$5.00 per hundred at the pits sacked. Vern Compton will take his daughter to Walla Walla to see doctors there. Miss Owen is still suffering from the after effects of the flu. Will Hall is doing some remodeling in his house, building in china closet, linen drawers and bins, drain board and sink and when finished will have one of the most comfortable and cozy bungalows on the mountain. A Mr. Davis of Hood River, representing a company and a lumberman, went to the Blue Mountain sawmill Wednesday with C. W. Avery to look over the proposition with a view of buying. Word was received here that Charley May of Oregon city, Thursday, that while hanging paper he had fallen from a step ladder and broken his leg just above the ankle. He had two weeks before Mr. May had broken his collarbone. Mr. and Mrs. Tom Booher and family expect to move to Goldendale, Wash. soon where Mrs. Booher's father Chas. Schneider has rented a large farm. Roy and Clyde May cut 69 cords of

How One Woman Helped Another

Foley Kidney Pills are bought in every state in the Union by men and women on the recommendation of those who already have been relieved of kidney trouble and bladder ailments by this sterling family remedy. Comparatively little advertising has been done for Foley Kidney Pills, yet they are well known, and those who know their splendid healing properties never accept an imitation or substitute for the genuine Foley. Pains Banished; Health Restored

"In September, 1913, I was stricken with humpback and was unable to turn myself in bed. I was under the care of a physician but obtained no relief. A neighbor brought me a half bottle of Foley Kidney Pills; said she had been similarly afflicted and they had relieved her. So I tried them, and after taking three bottles was well and on my feet. I most heartily recommend Foley Kidney Pills. I have never known them to fail."—Mrs. G. H. Ewisland, Duncan, Mich.

FOLEY KIDNEY PILLS

aid and assist nature. They strengthen and invigorate weak or diseased kidneys and help to keep the blood clean and pure, relieving backache, rheumatic pain, humpback, acid or swollen joints, sore muscles, weakness, under the eyes, languidness and other symptoms of kidney trouble or bladder ailments.

Sold Everywhere.

wood and cleared off 10 acres of land since the middle of December. While habbiting boxes on a wood saw Monday the hot metal exploded and burned Roland Weedy's eyes very severely. He was taken to Dr. Smith at Athena immediately and is still under his care. Mark Henderson had blisters all over his face but did not injure his eyes.

ONE WOMAN'S EXPERIENCE

Of Interest to Expectant Mothers

Cosham, Ind.—"I took Lydia E. Pinkham's Vegetable Compound with good results after I had suffered for some time with female trouble. Some years ago I had twin boys and took your Vegetable Compound before they came; also before my four year old boy was born, and afterwards, and think it fine for such cases. I tell others what it did for me and you may publish my testimonial."—Mrs. Geo. A. Fooks, 711 S. 9th St., Cosham, Ind.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism. In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong and this good old-fashioned root and herb remedy contains no narcotics or harmful drugs.

ARE YOUR GLASSES RIGHT?

Wearing glasses that do not fit is false economy and often very harmful. If you come here to have your Optical Work done you will find modern equipment, a very careful examination of your eyes is made, and when glasses are needed they are ground to the exact requirements of your vision.

SIMPLEX IRONER
Many persons think that an ironing machine is but a form of a mangle, and that as such it is limited to ironing, of the coarser flat work, as sheets, towels, etc. The Simplex Ironer is not a mangle but an ironer. It will iron practically everything except the fancy shirt waists and the more elaborate dresses. It will iron kitchen aprons, night gowns, pajamas, underwear, children's play clothes, hosiery, men's neckties and silk shirts. It will iron better than the expert laundress can do by hand, both as to the finish and straightness of edges, tablecloths, napkins, center pieces, doilies, dressers, scarfs, sheets, bed spreads, pillow cases, blankets, towels and handkerchiefs. Let us tell you all about this machine.
