HOW'S YOUR BLOOD? Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks, such as Doctor Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and many skin blemishes will disappear.

Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

You are a Stockholder in the greatest business in the world

YOU are going to do an act this month whose influence will carry around the world.

It will seem a simple thing to you—merely making a gift in the Interchurch World Campaign.

But in Church hospitals all over the country sick people will be made happier, for part of your gift will go to them.

In scores of children's homes supported by the Church more children will have a chance.

In China where there is one doctor to every 400,000 people (America has one to every 712) the Church's medical forces will be strengthened and encouraged.

Babies who might have died

In India where a third of the babies die before their second year, the lives of babies will be saved.

Church schools and colleges will share your gift [half of America's 450,000 students in institutions of higher grade are in Church Institutions].

In preachers' homes where preachers' wives have patched and darned and wetted their work with their tears, life will be happier and better. [80% of the preachers now are paid less than \$20 a week.]

These are some of the things your money will do. And this is

What your money will not do

It will not put two Churches where only one should be. The Movement means thirty denominations pledged to prevent duplication and waste.

It will not be spent in useless overhead. At least a million dollars will be saved by the merging of thirty campaigns into one united effort.

Your life will be at work in every land

Whether you are a Church member, or whether you merely contribute, you will put your life to work—through the Church—in every corner of the World. And long after your life is over its influence will survive and serve.

These are the terms in which to think of the Church.

We have thought too long about it in terms of little things. Let us get a picture this month of its world-wide sweep. Let us stop thinking of ourselves as givers of pennies.

We are fellow-workers with Almighty God—stockholders in the greatest business in the world.
