RETURN TO RESIDE
Friends of Miss Lenore Swagart, now Mrs. Roy Becker, are rejoicing in the arrival of Mr. and Mrs. Becker in Pendleton to make their home. The Beckers have been living at Cannon Beach but expect to remain here in the future. They are at present guests at the home of Mrs. Becker's uncle and aunt, Mr. and Mrs. Carl S. Wheeler.

These little Albanian youngsters, who applied at Red Cross headquarters for clean clothes, are engaged. That's the way the Albanians do it. The bridegroom-to-be is five years old and his wife-to-be is a bit younger. When they reach 15 years of age she will be his honored "first wife." Later, if the husband needs more help about his farm he can buy a second and even a third wife. One wife costs two goats and one lamb under the 1920 price. The "nav" goes to the wife's father.

Everyone Should Drink Hot Water in the Morning

Wash away all stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile, to coat your tongue, and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do. To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract before eating more food. Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.
