Could Not Eat or Sleep

Vinol, our Cod Liver and Iron Tonic, gave him appetite and felt like different man.

Houston, La.—"I am a working man and get all run down so I could not eat or sleep or work. Vinol was recommended for my condition. It built me up so I could well, sleep well, can work all day long and not feel tired. In fact, I feel like a different man since I took it."

"Men fret and worry." That's what they overwork, get nervous, all run down, have no appetite, and can "hardly drag around." Vinol creates a heart appetite, induces sound sleep, invigorates the nerves, creates strength in a quietest way.

It is the beef and cod liver peptone contained in Vinol aided by iron and glycerophosphates which makes it such a famous blood maker, nerve builder and strength creator.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat less meat if Kidneys feel like lead or Bladder bothers.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally. Also we have bacteria and dust matter in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; gives a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Defies Age by Using Howard's Buttermilk Cream for Complexion

This Pretty Girl Tells Druggists Not to Take Anybody's Money Unless This Delicious New Vanishing Cream Quickly Shows a Decided Improvement.

Buttermilk Cream creates beauty almost like magic. The most wonderful thing about it is the fact that while it turns the dulliest, most lifeless complexion to radiant beauty and makes red or rough cheeks or arms snowy white, yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

No matter whether you are troubled with a poor complexion, wrinkles, puffiness around the eyes, freckles, crows feet or lines around the mouth, ugly finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any or all of these troubles will quickly disappear with the use of Howard's Buttermilk Cream. Manufactured by Howard Bros. Chemical Co., Buffalo, N. Y.

IN DESPERATION, MAN KILLS TO SAVE LOVE

HANDFORD, Calif., April 15.—When William J. Forbes goes on trial here late this month for the killing of Clarence Eaton a story will be told of a man driven to desperation by the threats of another man to steal his wife's love.

Forbes says he killed Eaton because the latter refused to stop boasting of his ability and intention of alienating Mrs. Forbes' affection.

After shooting Eaton dead, Forbes rode 1,100 miles in an automobile in four days, traveling day and night without sleep, to give himself up.

Forbes once was postmaster of Beeth, Nev., and later became deputy county assessor there.

Eaton returned from the war and was welcomed at the Forbes home because of his friendship with members of Mrs. Forbes' family. Eaton and Forbes were reciprocated by openly attempting to win Mrs. Forbes' love.

Becoming interested in some mining property near Arrowhead, about eighty miles from Tonopah, Forbes saw an opportunity to get away from Eaton, he said, and moved with his family—Mrs. Forbes and their two boys—to the mine.

Eaton then began writing letters to Mrs. Forbes, her husband declared, begging her to join him in California.

"The condition became unbearable," Forbes said, "and I drove to California in my car to see Eaton and come to a definite understanding with him."

"I met him in the street and went with him to his room to talk the matter over. The result was that I agreed to take Eaton to my home and leave it to Mrs. Forbes to choose between us."

The two left town that evening and started for Nevada. They had traveled about eighty miles when the lights on the car went out. Forbes stepped out to make repairs, he said when Eaton suddenly exclaimed: "I'll not go any farther. I'm going to leave you at the next town and go back. I can take your wife at any time, and the two kids too."

Forbes whipped out a revolver and fired one shot. It struck Eaton in the head, killing him instantly.

Realizing that he was in a strange country, among strangers, and that he had letters in his pockets, written to Eaton, which would be taken from him, Forbes decided to go to Arrowhead and get his family, they lived alone in the hills—and then surrender.

This he did, later wiring California authorities he was on his way. A few days later he appeared. Meanwhile he had found a new home for his family.

The killing took place near Stratford, Kings county, California on January 29, Forbes said.

Forbes talks frankly of the killing, "There was no other way out," he says.
