### In An Old Stocking

It may sound peculiar that at this age of the world, people will make use of almost any imaginable place and means to store and hide their valuables. This, of course, results in many disappointments and heart-bledings for ever and anon there is lurking the danger of fire, pilferers, sharks, vermin, etc.

A Safety Deposit Box in the Burglar and Fire-Proof Vault of this bank, solves the question of having a perfectly safe and accessible place for storing your deeds, notes, receipts, jewelry, etc.

## REPUBLIC Trucks

It stands to reason that the more than 60,000 Republic Trucks in service could not have dominated motor truck demands in every community without very definite superiorities.

The fact that Republics sell in greater volume, for every hauling requirement, is the best reason why you should consult us about your own transportation needs.

### COMB SAGE TEA IN FADED OR GRAY HAIR

If Mixed with Sulphur it Darkens so Naturally Nobody can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

**Stock Market Gains**  
Exchange Market Steadier.  
(By Associated Press.)

NEW YORK, April 15.—Easing their calculations largely on the more encouraging aspects of the railroad strike, bull pools continued to press their advantage in the stock market today, many issues making substantial accessions to recent gains.

Stock dividends, actual and prospective, as represented by American Tobacco, Woolworth and Union Bar and Paper, helped to sustain the advance, particularly among specialties, in which gains extended from three to fifteen points.

In several instances highest quotations were made toward the close. Sales 1,275,000 shares. The money market followed its

#### British Coffee Futures Up Several Points

NEW YORK, April 15.—Reports from Brazil that there had been large sales of government-held coffee to Europe during the past fortnight, reducing the government stocks to 870,000 bags, appeared to make rather a bullish impression in the market for coffee futures here today. The opening was 15 to 23 points higher with active months selling about 16 to 26 points above last night's closing figures during the early trading. At \$14.52 for May and \$14.50 for September, there was scattered realizing, however, and prices later eased off to \$14.42 for May and \$14.39 for September. The close was 15 to 18 points net higher.

April \$14.34; May \$14.45; July \$14.67; September \$14.40; October \$14.26; December \$14.50; January \$14.28; March \$14.24.

Spot coffee quiet; Rio 7's 14 1/2 @ 15; Santos 4's 23 1/2.

#### Fresh Strength Shown in Chicago Corn Market.

CHICAGO, April 15.—Fresh strength developed in the corn market today largely as a result of the high prices prevailing for wheat. The close was nervous, at 5-8 cents to 1 1-8 cents net advance, with May 1.67 5-8 to 1.67 3-4 and July 1.60 3-4 to 1.61. Oats gained 1-4 cents to 1-2 cents. In provisions the outcome varied from 18 cents decline to a raise of 20 cents. From the outset in the corn market, much notice was taken of the fact that exporters were paying sixty cents or more above the established minimum for wheat. Besides, the government weekly crop report was construed as bullish, for it said the condition of winter wheat was in general unsatisfactory and that seeding, germination and growth of other grain had been retarded by unfavorable weather. Oats were governed by sympathy with corn. Provisions averaged higher.
