SCAU MAKER INVESTS 235,000 IN SONS COLLEGE EDUCATION

It is graduation day at college and the celebrated son of a millionaire returns home. His millionaire father, who owns a string of soap factories, figures up in a detailed account, just what his son has cost him since his birth, and arrives at a total of two hundred ninety-three thousand dollars. The father struts his boy to work in one of his factories, making soap. But the young man gives up his job. This is the situation that starts all the complication in "It Pays to Advertise," a new Paramount-Artcraft picture starring Laurel Washburn, which will be shown at Alta theatre today.

The picture is from the play by the same title, which was one of the most successful of recent Broadway plays. The original was written by Rod Cooper and Merger and Walter Hackett and Elmer Harris did the scenario. Donald Crisp directed the picture and C. Edgar Schoenbaum was cameraman. This is said to be one of the most delightful light comedy vehicles in which Mr. Washburn has yet appeared. The action is filled with sparkling comedy and the climax is a triumph for the truth of the well-known slogan. A delightful romance runs throughout the story. Lois Wilson is leading woman and others in the cast are Frank Carrier, Walter Hiers, Clarence Geldart, Guy Oliver and Julian Hays.

ARCADE TODAY

The indifferent, neglectful husband is held up to the gaze of the multitude in "Blind Husbands," the Universal melodrama of the Alps at the Arcade Theatre today.

It is said to be a quiet though powerful denunciation of the man who forgets his wife is his sweetheart and donning a cloak of professional engrossment leaves her seemingly out of his scheme of life.

Born in 1839 Dr. Caldwell Still in His Office Daily

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin. Millions now use his famous prescription

Physicians know that good health depends largely upon proper digestion and elimination and that much sickness results from constipation. No one knows this better than the "family" doctor, the general practitioner.

DR. W. B. Caldwell of Monticello, Illinois, was and is a family doctor. The whole human body, not any small part of it, was his practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, hiccups—and all of them required first a thorough evacuation. They were constipated.

Dr. Caldwell in the course of 40 years' practice, for he was graduated from Rush Medical College back in 1875, had found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year the preparation was first placed on the market. The picture of Dr. Caldwell that appears on the package was taken in that year.

The preparation immediately had as great a success in the drug stores as it previously had in the doctor's private practice. Today the third generation is using it.

Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it, for Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formulator of that prescription is fortunately living to see its wonderful success.

Women, children and elderly people are especially benefited by Dr. Caldwell's Syrup Pepsin. While it is promptly effective on the most robust constitution and in the most obstinate cases, it is mild and gentle in its action and does not cause griping and strain. Containing neither opiates nor narcotics, it is safe for the tiniest baby and children like it and take it willingly.

Every drug store sells Dr. Caldwell's Syrup Pepsin. Keep a bottle in your home. Where many live someone is sure to need it quickly.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

SIR OLIVER LODGE TALKS IN PORTLAND

(By United Press.)
Portland, Or., April 15.—Sir Oliver Lodge, who is considered by many as the world's premier seer into the spirit land, arrived here yesterday and lectured last night on "Evidences of Survival."

Some day, according to Lodge, people will be able to shoot messages to and from the other world just as messages are carried over telephone wires today.

Lodge has been a believer in communication with the beyond for 12 years, but it took him 10 years, he says, to convince himself that certain phenomena are generated outside human control. Since then, Lodge claims to have communicated with his son, Captain Raymond Lodge, who was killed in France in the early days of the world war.

Sir Oliver approves of the ouija board, but cautions against its use by persons of great emotion or little understanding. He believes that too many ouija board users take too seriously the results which they gain on the board.

TOKIO PROFESSOR IS JAILED FOR ARTICLE IMPERILING LIBERTY

TOKIO, March 22.—(By mail to the United Press)—Tatsuo Morito, formerly a professor in the Imperial university at Tokio, was sentenced to two months' imprisonment because he wrote an article "which might lead his readers to suspect the inviolability of the constitution and to doubt the foundations of the right of private property."

In a decision on the case the court said: "In his preface to the article Mr. Morito declared that the ultimate end of life is the attainment of free personality. The primary freedom in social life is political and economic freedom."

IT COSTS A FORTUNE TO WED IN AUSTRIA

(United Press.)
WASHINGTON, April 15.—The high cost of marriage is causing general discontent in Austria, according to a Vienna newspaper forwarded to the commerce department.

The cost of marriage now is 249,000 crowns for the bride alone, according to the newspaper schedule. This is equivalent to about \$6000 counting the crown as worth 2 1/2 cents. This amount would buy 32,000 crowns worth of dresses, linen 44,000 crowns and furniture 164,000 crowns. In Austria it is customary for the bride to furnish the house as well as providing her trousseau.
