AMERICA WILL ENTER FULL TEAMS OF RIFLE AND PISTOL EXPERTS

Teams Will Leave New York on
June 26 and Take Part in
Olympic Contests From July
22 to July 31.

(By Associated Press.)
NEW YORK, April 21.—Final arrangements were completed here today for the entry of a full complement of American rifle and pistol experts in the Olympic games shooting con-

SEE SHABBY, FADED GARMENTS TURN NEW

"Diamond Dyes" Make Old
Apparel Fresh and
Stylish.

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods.—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings.

The Direction Book with each package tells so plainly how to diamond dye over any color that you can not make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.

tests to be held at Beverloo, Belgium, July 22 to 31. The team will sail from this city on June 26 and is expected to arrive at the Belgium army range in time to allow two weeks of practice.

Special try-outs will be held in various parts of the country during the next few weeks and the final trials, on which the team selections will be based, will be held at the United States marine rifle range at Quantico, Virginia, late in May and June.

The riflemen will spend the week of May 24 to 29 in qualifying for the team and on June 21, 22 and 23 the pistol experts will shoot over the Quantico range for positions on the United States Olympic team.

Special Belgian targets and other Olympic shooting conditions will be duplicated at these trials. The Olympic events consist of about twelve competitions for individuals and teams with army rifle and pistol; hunting arms and revolvers at moving and stationary targets over ranges extending from 32 to 556 yards. Entries in these events will consist of from six to seven marksmen of whom two will be substitutes.

11 COLLEGES WILL VIE IN PROGRAM OF FLYING STUNTS AT MINEOLA, N. Y.

First Important Aviation Event
of 1920 Takes Place May 7;
Big Year in Aerial Sportdom
Seen by Writers.

NEW YORK, April 21.—Air events planned for 1920 promise to make it a big aviation sport year, according to the American Flying Club. The first event of importance will be the flying field day of the Intercollegiate Flying Association at Mineola Field, N. Y., May 7. Eleven colleges and universities will be represented in varied program of flying stunts, which will be concluded with a cross-country flight. In this race each will be permitted to enter two airplanes and a cup will be awarded to the winner.

The start will be made at Mineola Field, where the race also will end after a circuit that probably will include Philadelphia and Princeton. Arrangements also are being made by the club for a seaplane race around Long Island. This probably will be held early in the summer. The club is cooperating with the training and operations group of the United States Army Air Service in planning for a trans-continental air race between New York and Alaska, a distance of 4,870 miles. In the tentative plans the course is mapped out from Mineola across United States territory to Minot, N. D., crossing the Saskatchewan, Can., and across the Dominion to Port Herbert on the Alaska border. In Alaska the route runs to Circle, Fort Yukon, Fairbanks by way of Fort Gibbon, thence to Nulato and Nome. Compulsory stops at an average of each 150 miles will be arranged.

Flying events of a sporting nature will not be confined, however, to the United States in 1920. In France a flying meet is scheduled to be held at Juvisy, near Paris, May 22 and 23. The British aerial exhibition will be held at London in July. In addition the British government has offered several millions in pounds as prizes for various airplane sporting events to be held during the year. The Cape to Cairo route is being biased. Between the two points the distance by rail, steamship or ground transport is approximately 6,223 miles. The aerial line is about 5,200 miles.

TROUT CATCHES FAR UP CREEKS ARE REPORTED

Trout fishing in the mountains according to reports trickling into Pendleton. The lower streams are also clearing up and may produce their quota of fish, but away up stream gives most promise of fishing now.

An angler took 20 nice rainbows above Bingham Springs this week, some being as long as 16 inches. There are lots of whitefish in the river in that vicinity and quite a catch of these fish is also possible.

A party from La Grande is reported as having filled their baskets in the stream between Kamela and Meacham day before yesterday. There were three in the party and all were close to the limit of fine trout. Upper Meacham creek is also said to be in good shape now and good catches are possible unless more rain falls and the dials grow warm.

BLIND MAN FEELS FOR VERNON IN 14-4 GAME

(By Associated Press.)
LOS ANGELES, April 21.—A sightless fan sat in the press box yesterday listening to the crack of wood on leather as Sacramento won from Vernon 14 to 4. About the seventh inning he muttered "think heaven, I'm blind," and tapped his way to the outer world.

The only feature of the game was the nerve of Melwitz, Sacramento first baseman, who was knocked unconscious by a pitched ball, but revived and trotted to first, scoring before he retired from the game.

Oakland 3, Salt Lake 2
(By Associated Press.)
SAN FRANCISCO, April 21.—A fast double play in the eighth inning cut off Salt Lake's hopes of victory, and Oakland won 3 to 2. The Bees filled the bases, and only one man was out, but Hamilton picked off Griggs' fast grounder near first base and retired to the side, spoiling the Bees' chance of evening up the score.

CHILD STARTS CLOTHES WRINGER AND CATCHES HAND BETWEEN ROLLS

(By Associated Press.)
YAKIMA, Wash., April 21.—Dunmy Mitchell, two year old son of Mr. and Mrs. Robert Mitchell of this city narrowly escaped loss of one arm in a power clothes wringer this morning. While his mother was out of the room the child started the wringer and his hand had been drawn through the rolls when Mrs. Mitchell succeeded in extracting him.

"A Word to the Wise"

says the Good Judge

You want real chewing satisfaction.

A little of the Real Tobacco Chew lasts so much longer than the old kind.

You don't need a fresh chew nearly as often—so it costs no more to chew this class of tobacco.

Any man who uses the Real Tobacco Chew will tell you that.

NATIONAL OPEN GOLF CHAMPION AND WESTERN TITLE HOLDER HE DEFEATED AT 37TH HOLE

Golfers disagreed as to which was the better golfer—Walter Hagen, of Detroit, national open champion, or Jim Barnes, of St. Louis, western open champion. To decide the question these professionals were brought together in a match at New Orleans scheduled to go thirty-six holes. At one stage of the final half the national champion was four down but he squared the match at the thirty-fifth hole, halved the thirty-sixth and won at the thirty-seventh with a three. This photograph was taken while they were chatting after the morning round which ended all even.
